(3) ~~\$274~~\$277 for any written confirmation of exemption from permit requirements of Public Resources Code section 30600.

(4) ~~\$1,096~~\$1,108 for any continuance requested by the applicant, except the first continuance.

(A) any certification of consistency that is submitted to the Commission pursuant to sections 307(c)(3)(A) or (B) of the Coastal Zone Management Act of 1972 (16 USC section 1456(c)(3)(A), (B)), or

(B) any appeal to the Commission pursuant to Public Resources Code sections 30602 or 30603(a)(5) by an applicant of a denial of a coastal development permit application shall be determined in accordance with the provisions of subsection (a).

(6) The request for a boundary determination pursuant to either section 13255.1 or 13576(c) shall be accompanied by a filing and processing fee of ~~\$274~~\$277. For a request for a boundary determination pursuant to section 13255.1 or 13576(c)(2) that pertains to two or more parcels, the fee shall be paid on a per parcel basis.

(7) The request for a boundary adjustment pursuant to section 13255.2 shall be accompanied by a filing and processing fee of ~~\$5,480~~\$5,540.

(c) The fees established in this section shall be increased annually by an amount calculated on the basis of the percentage change from the year in which this provision becomes effective in the California Consumer Price Index for Urban Consumers as determined by the Department of Industrial Relations pursuant to Revenue and Taxation Code Section 2212. The increased fee amounts shall become effective on July 1 of each year. The new fee amounts shall be rounded to the nearest dollar.

(d) Fees for an after-the-fact (ATF) permit application shall be five times the amount specified in section (a) unless such added increase is reduced by the Executive Director when it is determined that either:

(1) the ATF permit application can be processed by staff without significant additional review time (as compared to the time required for the processing of a regular permit,) or

(2) the owner did not undertake the development for which the owner is seeking the ATF permit, but in no case shall such reduced fees be less than double the amount specified in section (a) above. For applications that include both ATF development and development that has not yet occurred, the ATF fee shall apply only to the ATF development. In addition, payment of an ATF fee shall not relieve any persons from fully complying with the requirements of Division 20 of the Public Resources Code or of any permit granted thereunder or from any penalties imposed pursuant to Chapter 9 of Division 20 of the Public Resources Code.

(e) Where a development consists of a land division including, but not limited to, lot line adjustments or issuance of a condi-

Cal. Admin. Code tit. 14, § 13055

tional certificate of compliance pursuant to Government Code section 66499.35(b), the fee shall be ~~\$3,288~~\$3,324 for each of the first four lots, plus ~~\$1,096~~\$1,108 for each additional lot. Conversion to condominiums shall be considered a division of the land.

(f) If different types of developments are included in one permit application, the fee shall be the sum of the fees that would apply if each development was proposed in a separate application. However, in no case shall the fee for residential development exceed ~~\$109,600~~\$110,800 and in no case shall the fee for all other development exceed ~~\$274,000~~\$277,000.

(g) In addition to the above fees, the commission may require the applicant to reimburse it for any additional reasonable expenses incurred in processing the permit application, including the costs of providing public notice. Notwithstanding the foregoing, the commission shall not require an applicant for a permit for one single-family dwelling to reimburse it for litigation costs or fees that the commission may incur in defending a judicial challenge to the commission's approval of the permit.

(h) The fees specified in sections (a) and (b) may be modified under the following circumstances:

(1) The executive director shall waive the application fee where requested by resolution of the commission.

(2) The executive director of the commission shall waive the filing and processing fee in full or in part for an application for a housing development that contains housing units the occupancy of which by persons of low or moderate income as defined in Health and Safety Code section 50093 is assured for the period of time specified in Government Code section 65915(c)(1). Applications for projects that will create a greater public benefit will have a larger portion of the fee waived than applications for projects that will create a lesser public benefit. The executive director will determine the degree of public benefit based on a variety of factors, including, but not limited to (A) the total number of affordable units, (B) the proportion of affordable units in the development, (C) the degree of affordability, and (D) the availability of, and demand for, affordable units in the area. Applications for projects that will exceed current requirements for affordable housing under the law will receive a larger fee waiver than applications for projects which do not.

(3) For applications received prior to January 1, 2015, the executive director of the Commission shall reduce the filing fee for projects that are certified at a minimum of the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Gold standard or equivalent. The executive director shall determine if an alternative certification is equivalent to the LEED Gold standard based on a comprehensive review of the certification program's ability to ensure an equivalent or greater environmental benefit. After registering a project with an approved third-party certification program, applicants expecting to obtain a certification that qualifies for the above-mentioned fee reduction must submit 60% of the filing fee required pursuant to section 13055 and a letter of credit or other cash substitute approved by the executive director in the amount of the remainder of the required filing fee. After submitting proof of certification at a minimum of LEED Gold or equivalent, the letter of credit or other cash substitute will be released by the Commission to the applicant. If the applicant does not receive a minimum of LEED Gold certification or equivalent within three years of the date of permit issuance, the Commission will cash the letter of credit or other cash substitute. The executive director may grant an extension of the three year deadline for good cause. Request for extension must be submitted to the executive director in writing at least 60 days prior to the deadline, outlining the reason for the request and the expected completion date. The extension shall not exceed one year.

Cal. Admin. Code tit. 14, § 13055

(i) The required fee shall be paid in full at the time an application is filed. However, applicants for an administrative permit shall pay an additional fee after filing if the executive director or the commission determines that the application cannot be processed as an administrative permit. The additional fee shall be the amount necessary to increase the total fee paid to the regular fee. The regular fee is the fee determined pursuant to this section. In addition, if the executive director or the commission determines that changes in the nature or description of the project that occur after the initial filing result in a change in the amount of the fee required pursuant to this section, the applicant shall pay the amount necessary to change the total fee paid to the fee so determined. If the change results in a decreased fee, a refund will be due only if no significant staff review time has been expended on the original application. If the change results in an increased fee, the additional fee shall be paid before the permit application is scheduled for hearing by the commission. If the fee is not paid prior to commission action on the application, the commission shall impose a special condition of approval of the permit. Such special condition shall require payment of the additional fee prior to issuance of the permit.
