San Diego Convention Center Phase III Expansion & Expansion Hotel

COUNCILMEMBER MYRTLE COLE

FOURTH DISTRICT CITY OF SAN DIEGO

September 24, 2013

California Coastal Commission 45 Fremont Street, Suite 2000 San Francisco, CA 94105-2219

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District on the October 9-11, 2013 Coastal Commission Docket

Dear Chair Shallenberger and Commissioners:

As the newly-elected representative over the Fourth Council District in the City of San Diego, I am registering my support for the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel, submitted by the San Diego Unified Port District. The proposed improvements will provide the largest contiguous exhibit space on the west coast as well as a new 500-room hotel tower expansion. Up to 42,000 square feet of visitor-serving group level uses would also be added to a new public promenade along the San Diego waterfront.

The proposed expansion will enhance public access and offer visitors and local residents a regular opportunity to view San Diego Bay as it has never been seen before from a five-acre public park atop the Convention Center. The environmentally sustainable design of the project incorporates design elements to meet LEED certification including unique rooftop landscaping that will filter and clean water and a state-of-the-art stormwater retention and filtration system that will minimize water demand from the city system.

Most important, up to 7,000 new, quality permanent jobs will be created by this project, in addition to the thousands of jobs generated during the construction process. It is projected that over \$12.7 million in new annual Transient Occupancy Tax (TOT) revenues will be generated for the City's General Fund, plus up to \$1 million in new Sales Tax revenues.

This project is the result of a regional collaboration between the City of San Diego, Port of San Diego, San Diego Convention Center Corporation, hotel developers, local residents and visiting delegations from around the country. I strongly urge the Commission to approve the proposed Port Master Plan Amendment at its October 9-11, 2013 hearing.

Sincerely,

Myrtle Cole Councilmember

Fourth Council District, City of San Diego

I am writing to request your support of the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bay front Hotel, as submitted by the San Diego Unified Port District. The proposed improvements would create the largest contiguous exhibit space on the west coast and allow for a 500-room hotel tower expansion. Up to 42,000 square feet of visitor-serving space would be

added to a new public promenade along the San Diego waterfront.

The proposed expansion would enhance public access and offer visitors and residents views of San Diego Bay from a 5-acre, rooftop park atop the Convention Center. The rooftop landscaping and storm water detention system would filter the runoff that would otherwise end up in the city's sewer.

The expanded promenade and a reconfigured roadway will connect to Embarcadero Marina Park South and resolve existing accessibility issues. The proposed re-routing of truck traffic, enclosing of truck bays and change of pedestrian traffic flow will improve public access and safety. A grand staircase would link downtown San Diego to the waterfront.

Officials estimate up to 7,000 new permanent jobs would result from this project, as well as thousands of jobs generated during construction. Other estimates show more than \$12.7 million in new annual Transient Occupancy Tax revenue for the city and up to \$1 million in new sales taxes.

This project is the result of a regional collaboration between the City of San Diego, Port of San Diego, San Diego Convention Center Corporation, hotel developers, local residents and visiting delegations from around the country. I urge you and your colleagues to approve the proposed Port Master Plan Amendment at your October hearings.

Sincerely, Tave Robert

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District on the October 9-11, 2013 Coastal Commission Docket

Dear Chair Shallenberger and Commissioners:

I am writing you in support of the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel submitted by the San Diego Unified Port District. The proposed improvements will provide the largest contiguous exhibit space on the west coast plus a new 500-room hotel tower expansion. Up to 42,000 square feet of new visitor-serving group level uses would be added to a new public promenade along the San Diego waterfront.

The proposed expansion will enhance public access and offer visitors and local residents an opportunity to view San Diego Bay as it has never been seen before: from a five acre public park atop the Convention Center. The environmentally sustainable design of the project incorporates elements to meet LEED certification, unique rooftop landscaping that will filter and clean water that would otherwise be pumped into a sanitary sewer and a state-of-the-art stormwater retention and filtration system that will minimize water demand from the city system.

The new promenade will improve connectivity to Embarcadero Marina Park South. Currently existing accessibility issues will be addressed through a reconfigured roadway and pedestrian promenade. Plus the proposed rerouting of truck traffic, enclosing the truck bays and reconfiguring pedestrian traffic flow will improve public access and safety. A grand staircase will link Downtown San Diego to the waterfront, providing a dramatic icon for the west coast.

Up to 7,000 new permanent jobs will be created by this project, plus the thousands of jobs generated during the construction process. It is projected that more than \$12.7 million in new annual Transient Occupancy Tax (TOT) revenues will be generated for the City's General Fund, plus up to \$1 million in new Sales Tax revenues.

This project is the product of a regional collaboration among the City of San Diego, Port of San Diego, San Diego Convention Center Corporation, hotel developers, local residents and visiting delegations from across the country. I urge the Coastal Commission to approve the proposed Port Master Plan Amendment at your October 9x11, 2013 hearing.

CITY COUNCIL RESOLUTION

RESOLUTION NUMBER R- 307705

DATE OF FINAL PASSAGE OCT-0,3 2012

A RESOLUTION OF THE COUNCIL OF THE CITY OF SAN DIEGO STATING FOR THE RECORD THAT THE CITY COUNCIL, AS RESPONSIBLE AGENCY, HAS REVIEWED AND CONSIDERED THE INFORMATION CONTAINED IN THE FINAL ENVIRONMENTAL IMPACT REPORT AND ADOTPED FINDINGS PURSUANT TO CEQA IN APPROVING ACTIONS RELATED TO THE SAN DIEGO CONVENTION CENTER PHASE III EXPANSION.

WHEREAS, the City of San Diego (City) desires to expand and maintain the San Diego Convention Center (Convention Center) (such expansion being hereinafter referred to as the Phase III Expansion) in order to retain, attract and accommodate large conventions in the City; and

WHEREAS, the Convention Center is located on land owned by and within the land use jurisdiction of the San Diego Unified Port District (Port District); and

WHEREAS, pursuant to the California Environmental Quality Act (CEQA) Guidelines (California Code of Regulations Chapter 3, Division 6, Title 14; Article 6, sections 15070 to 15075), the Port District, as the lead agency for the San Diego Convention Center Phase III Expansion & Expansion Hotel & Port Master Plan Amendment (the Project), prepared an Environmental Impact Report (SCH No. 20101210074) which documents, describes, discloses, and analyzes the environmental impacts of the Project, including all components that pertain to the Phase III Expansion; and

WHEREAS, the City, as the Project Applicant with respect to the Phase III Expansion, is a responsible agency for the Project as provided in CEOA section 21069; and

WHEREAS, on September 19, 2012, the Port District duly certified the final Environmental Impact Report, including revisions thereto, as provided in the Errata to the Final Environmental Impact Report, Mitigation Monitoring and Reporting Program and Findings of Fact (Errata) (collectively, the Final EIR); and

WHEREAS, on September 19, 2012, the Port District adopted Findings of Fact and a Statement of Overriding Considerations as required by CEQA, together with a Mitigation Monitoring and Reporting program including revisions thereto, as provided in the Errata (collectively, the CEQA Findings) and also approved the implementation of the Project; and

WHEREAS, prior to taking discretionary actions for approval of Phase III Expansion activities, including the financing, construction and any other approvals to implement the Project by the City as a responsible agency under CEQA, the City Council desires to make certain findings pursuant to CEQA Guidelines 15091 and 15096; NOW, THEREFORE,

BE IT RESOLVED, by the Council of the City of San Diego, as follows:

- 1. The City has reviewed and considered the information contained in the Final EIR relevant to the City's approval of discretionary actions within the City's jurisdiction necessary for the Phase III Expansion as described in the Final EIR.
- 2. The City has reviewed and considered the CEQA Findings and the Council hereby determines and concludes all of the following:
 - a. In certifying the Final EIR, the Port District has already identified,
 analyzed, disclosed and adopted the mitigation measures for the Project;
 - b. The Council has reviewed and considered the Final EIR together with the related CEQA Findings and determines that the information and analyses

contained in the Final EIR, together with the related CEQA Findings, are adequate for the City's use as a responsible agency and for the City's consideration of discretionary actions to implement the Phase III Expansion;

- c. The City's approvals of discretionary actions to implement the Phase III

 Expansion are within the scope of the activities described and evaluated in the Final EIR;
- d. The City has not identified a feasible alternative or additional feasible mitigation measures within its powers that would substantially lessen or avoid any significant effect that the Project would have on the environment; and
- e. Since the Final EIR was certified, there have been no substantial changes to the Project and no substantial changes in Project circumstances that would require major revisions to the Final EIR due to the involvement of new significant environmental effects or an increase in the severity of previously identified significant impacts, and there is no new information of substantial importance that would change the conclusions set forth in the Final EIR.
- 3. The City, as a responsible agency under CEQA, hereby adopts the Port District's CEQA Findings for the Final EIR for the Project as its own findings under CEQA to the fullest possible extent that the CEQA Findings are relevant to the City's decision to approve discretionary actions to implement the Phase III Expansion.

4. The City, as a responsible agency under CEQA, concurs with the Statement of Overriding Considerations adopted by the Port District on September 19, 2012 and adopts the Statement and finding that the benefits of the Project outweigh the adverse environmental impacts not reduced to below a level of significance.

BE IT FURTHER RESOLVED, that the City Clerk is directed to file a Notice of Determination with the Clerk of the San Diego County Board of Supervisors following the City's approval of any discretionary action related to the Project.

BPC RESOLUTION & OTHER PORT COMMISSION LETTERS / ENDORSEMENTS

RESOLUTION 2012-136

RESOLUTION TO ADOPT AMENDMENT OF PORT MASTER PLAN FOR THE SAN DIEGO CONVENTION CENTER PHASE III EXPANSION AND EXPANSION HOTEL AND DIRECT FILING WITH THE CALIFORNIA COASTAL COMMISSION FOR CERTIFICATION

WHEREAS, the San Diego Unified Port District (District) is a public corporation created by the Legislature in 1962 pursuant to Harbors and Navigation Code Appendix I, (Port Act); and

WHEREAS, the District has an adopted Port Master Plan which has been certified by the California Coastal Commission; and

WHEREAS, said Port Master Plan was prepared, adopted and certified pursuant to the Port District Act, the California Coastal Act and other applicable laws; and

WHEREAS, a proposed Port Master Plan Amendment for the San Diego Convention Center Phase III Expansion and Expansion Hotel project in the City of San Diego has been prepared and processed; and

WHEREAS, the Phase III Expansion and Expansion Hotel are collectively referred to as the "Proposed Project"; and

WHEREAS, the applicant for the San Diego Convention Center Phase III Expansion component of the Proposed Project is the City of San Diego and the applicant for the Expansion Hotel component of the Proposed Project is One Park Boulevard, LLC (OPB); and

WHEREAS, the City of San Diego and One Park Boulevard, LLC are collectively referred to as the "Applicants"; and

WHEREAS, a Final Environmental Impact Report pursuant to the California Environmental Quality Act, State CEQA Guidelines, and District procedures relative to said Port Master Plan Amendment has been prepared and certified and its contents considered.

NOW, THEREFORE, BE IT RESOLVED by the Board of Port Commissioners of the San Diego Unified Port District, as follows:

That the Master Plan of the District is amended by incorporating therein the Port Master Plan Amendment, on file in the office of the District Clerk, pertaining to said San Diego Convention Center Phase III Expansion and Expansion Hotel project and said Master Plan Amendment shall not be effective unless and until an indemnity agreement is approved by the District which provides for the Applicants to indemnify the District for all attorneys' fees, costs and other expenses incurred by the District in the event of any third party legal challenge to the Final Environmental Impact Report or the Master Plan Amendment.

BE IT FURTHER RESOLVED that the Executive Director or his designated representative is hereby authorized and directed to transmit said Port Master Plan Amendment, together with all relevant factual information, the certified Final Environmental Impact Report, and the Coastal Act consistency analysis to the California Coastal Commission for its review, approval and certification pursuant to the California Coastal Act, and that said Port Master Plan Amendment will take effect automatically and be deemed fully certified upon Coastal Commission approval pursuant to Public Resources Code Section 30714. This action by the Board of Port Commissioners constitutes formal adoption of the Coastal Commission's certification of the referenced Amendment.

PASSED AND ADOPTED by the Board of Port Commissioners of the San Diego Unified Port District, this 19th day of September, 2012, by the following vote:

AYES: Burdick, Malcolm, Moore, Nelson, Peters, Smith, Valderrama

NAYS: None. EXCUSED: None. ABSENT: None. ABSTAIN: None.

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District on the October 9-11, 2013 Coastal Commission Docket

Dear Chair Shallenberger and Commissioners:

I am writing you in support of the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel submitted by the San Diego Unified Port District. The proposed improvements will provide the largest contiguous exhibit space on the west coast plus a new 500-room hotel tower expansion. Up to 42,000 square feet of new visitor-serving group level uses would be added to a new public promenade along the San Diego waterfront.

The proposed expansion will enhance public access and offer visitors and local residents a regular opportunity to view San Diego Bay as it has never been seen before: from a 5-acre public park atop the Convention Center. The environmentally sustainable design of the project incorporates design elements to meet LEED certification, unique rooftop landscaping that will filter and clean water that would otherwise be pumped into a sanitary sewer, and a state-of-the-art stormwater retention and filtration system that will minimize water demand from the city system.

The new promenade will improve connectivity to Embarcadero Marina Park South. Currently existing accessibility issues will be addressed through a reconfigured roadway and pedestrian promenade. Plus the proposed re-routing of truck traffic, enclosing the truck bays and reconfiguring pedestrian traffic flow will improve public access and safety. A grand staircase will link Downtown San Diego to the waterfront, providing a dramatic icon for the west coast.

Up to 7,000 new permanent jobs will be created by this project, plus the thousands of jobs generated during the construction process. It is projected that over \$12.7 million in new annual Transient Occupancy Tax (TOT) revenues will be generated for the City's General Fund, plus up to \$1 million in new Sales Tax revenues.

Page Two September 17, 2013 San Diego Convention Center Expansion

This project is the result of a regional collaboration between the City of San Diego, Port of San Diego, San Diego Convention Center Corporation, hotel developers, local residents and visiting delegations from around the country. I urge the Commission to approve the proposed Port Master Plan Amendment at your October 9-11, 2013, hearing.

Sincerely,

Mark Lewis

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District

Dear Chair Shallenberger and Commissioners:

I am writing you in support of the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel submitted by the San Diego Unified Port District. The proposed improvements will provide the largest contiguous exhibit space on the West Coast plus a new 500-room hotel tower expansion. Up to 42,000 square feet of new visitor-serving uses would be added to a new public promenade along the San Diego waterfront.

The proposed expansion will enhance public access and offer visitors and local residents a unique opportunity to view San Diego Bay as it has never been seen before: from a 5-acre public park atop the Convention Center. The environmentally sustainable design of the project incorporates design elements to meet LEED certification, unique rooftop landscaping that will filter and clean water that would otherwise be pumped into a sanitary sewer and a state-of-the-art stormwater retention and filtration system that will minimize water demand from the city system.

The new promenade will improve connectivity to Embarcadero Marina Park South along the bayside of the Convention Center. Existing accessibility issues will be addressed through a reconfigured roadway and pedestrian promenade. Additionally, the proposed re-routing of truck traffic, enclosing the truck bays and reconfiguring pedestrian traffic flow will improve public access and safety. A grand staircase will link Downtown San Diego to the waterfront, providing a dramatic icon for the West Coast.

Up to 7,000 new permanent jobs will be created by this project, plus the thousands of jobs generated during the construction process. It is projected that over \$12.7 million in new annual Transient Occupancy Tax (TOT) revenues will be generated for the City's General Fund, plus up to \$.8 million in new Sales Tax revenues.

3232 Main Street Lemon Grove California 91945-1705

California Coastal Commission September 19, 2013 Page Two

Contrary to suggestions that this is a "big box on the bay", the proposed contiguous expansion is an environmentally designed expansion that provides a 5-acre rooftop park and public plaza that protects view corridors, enhances public access and safety, and activates an underutilized part of San Diego's downtown waterfront. Through a comprehensive public outreach process, six different configurations for a convention center at the site identified by the Chargers for a joint-use stadium were thoroughly evaluated and rejected as not viable by a diverse and inclusive task force of San Diegans created in 2009 by Mayor Jerry Sanders.

I urge the Commission to approve the proposed Port Master Plan Amendment at its October 9-11, 2013 hearing.

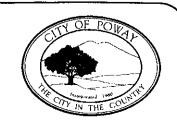

Sincerely,

Mary Teresa Sessom

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District on the October 9-11, 2013 Coastal Commission Docket

Dear Chair Shallenberger and Commissioners:

I write to you in support of the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel submitted by the San Diego Unified Port District. The proposed improvements will provide the largest contiguous exhibit space on the west coast plus a new 500-room hotel tower expansion. Up to 42,000 square feet of new visitor-serving group level uses would be added to a new public promenade along the San Diego waterfront.

As a resident of San Diego County and one whose family often visits the downtown San Diego area for recreation and entertainment, I can think of no more significant project in our region to increase public space and create an area that can be enjoyed by so many. And with the expected population growth in the downtown area, the project could not be timelier. The proposed expansion will enhance public access and offer visitors and local residents a regular opportunity to view San Diego Bay as it has never been seen before: from a five-acre public park atop the Convention Center. The environmentallysustainable design of the project incorporates design elements to meet LEED certification, unique rooftop landscaping that will filter and clean water that would otherwise be pumped into a sanitary sewer, and a state-of-the-art stormwater retention and filtration system that will minimize water demand from the city system. Not often do we have an opportunity to bring together such fundamental and significant elements.

The new promenade will improve connectivity to Embarcadero Marina Park South. Existing accessibility issues will be addressed through a reconfigured roadway and pedestrian promenade. In addition, the proposed re-routing of truck traffic and reconfiguring pedestrian traffic flow will improve public access and safety. This is a major improvement that will immediately be felt by those who visit the existing park space located behind the Convention Center.

Economically, the project makes a dramatic statement. Up to 7,000 new permanent jobs will be created not to mention the thousands of jobs generated during the construction process. It is projected that over \$12.7 million in new annual Transient Occupancy Tax (TOT) revenues will be generated for the City's General Fund, plus up to \$1 million in new Sales Tax revenues.

This project is the result of a regional collaboration between the City of San Diego, Port of San Diego, San Diego Convention Center Corporation, hotel developers, local residents and visiting delegations from around the country. I urge the Commission to approve the proposed Port Master Plan Amendment at your October hearing.

Sincerely,

Ignacio De La Torre

California Coastal Commission 45 Fremont Street, Suite 2000 San Francisco, CA 94105-2219

Dear Chair Shallenberger and members of the California Coastal Commission:

On behalf of the Downtown Community Planning Council, please accept this letter in support of the Port Master Plan Amendment for the expansion of the San Diego Convention Center.

The Downtown Community Planning Council (DCPC) is the official, Council-recognized community planning group for Downtown San Diego. We have 27 members who have been elected to represent the residents, business owners and civic organizations throughout the Downtown neighborhoods.

It goes without saying that the Convention Center Expansion project is significant. It is expected to have a major impact on the region, by creating up to 7,000 new permanent jobs and generating over \$12.7 million in new TOT revenue for the City's general fund. Certainly these projected benefits are meaningful to us. But for the DCPC, the project is also more personal.

For our membership and our constituents, the Convention Center isn't just a big building into which visitors with name badges disappear for keynote speeches and networking. The Convention Center is part of our Downtown fabric — it is our neighbor. We run the stairs for exercise. We incorporate it into our nightly family walks. We gaze from our balconies at its silhouette against the backdrop of the Bay. Now with the proposed Expansion design, the Convention Center may also become a valuable open space for our community.

Our Downtown population is expected to grow to 90,000 by 2030. To support that expected density, our Community Plan calls for at least 130 acres of public open space. In an urban area such as ours, there is limited land available and affordable for traditional park development. As a result, we must find creative solutions for new parks and must ensure optimal access to our existing parkland. The proposed Expansion plan helps us achieve that goal by 1) providing a new 5-acre public rooftop park, and 2) improving connectivity to the 10-acre Embarcadero Marina Park South.

To put it simply, we welcome this "new neighbor" to our Downtown community and ask that you support the necessary Plan Amendment to move the project forward.

Respectfully, Lama Jawa

Laura Garrett, Chair

Downtown Community Planning Council

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District

Dear Chair Shallenberger and Commissioners:

On behalf of the California restaurant industry, the second largest private employer in California, employing more than 1.4 million jobs in over 63,000 locations we would like to express our strong support for the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel submitted by the San Diego Unified Port District. The proposed improvements will be instrumental in growing our local family owned economy including, the 6,500 dining establishments that employee over 101,000 San Diegans in the County.

The proposed expansion will enhance public access and offer visitors and local residents a unique opportunity to view San Diego Bay as it has never been seen before: from a 5-acre public park atop the Convention Center. The environmentally sustainable design of the project incorporates design elements to meet LEED certification, unique rooftop landscaping that will filter and clean water that would otherwise be pumped into a sanitary sewer, and a state-of-the-art storm water retention and filtration system that will minimize water demand from the city system.

Up to 7,000 new permanent jobs will be created by this project, plus the thousands of jobs generated during the construction process. It is projected that over \$12.7 million in new annual Transient Occupancy Tax (TOT) revenues will be generated for the City's General Fund, plus up to \$.8 million in new Sales Tax revenues.

Contrary to suggestions that this is a "big box on the bay", the proposed contiguous expansion is an environmentally designed expansion that provides a 5-acre rooftop park and public plaza that protects view corridors, enhances public access and safety, and activates an underutilized part of San Diego's downtown waterfront. Through a comprehensive public outreach process, six different configurations for a convention center at the site identified by the Chargers for a joint-use stadium were thoroughly evaluated and rejected as not viable by a diverse and inclusive task force of San Diegans created in 2009 by Former Mayor Jerry Sanders.

I urge the Commission to approve the proposed Port Master Plan Amendment at your October 9-11, 2013 hearing.

Sincerely,

Ed Powers

President, California Restaurant Association, San Diego County Chapter

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District

Dear Chair Shallenberger and Commissioners:

As one of San Diego's premiere tourist attractions, I am writing to inform you that SeaWorld San Diego supports the proposed expansion of the San Diego Convention Center and Hilton Bayfront Hotel. This expansion provides not only the largest contiguous exhibit space on the West Coast, but also 42,000 square feet of new visitor-serving uses would be added to a new public promenade along the San Diego waterfront.

In San Diego tourism is the second largest traded economy where visitors spend \$8 billion. More than 150,000 jobs support the City's hospitality industry. Superior convention and hotel facilities are critical to the growth of this thriving industry. This proposed expansion will enhance public access, incorporates environmentally sustainable design elements, includes unique landscaping and a stormwater retention and filtration system. In addition, nearly 7,000 new permanent jobs will be created by this project, plus the thousands of jobs generated during the construction process.

The proposed plan is an environmentally designed expansion that provides a 5-acre rooftop park and public plaza that protects view corridors, enhances public access and safety, and activates an underutilized part of San Diego's downtown waterfront. I urge the Commission to approve the proposed Port Master Plan Amendment at your October 9-11, 2013 hearing.

Sincerely.

Park President

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District

Dear Chair Shallenberger and Commissioners:

I am writing you in support of the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel submitted by the San Diego Unified Port District. The proposed improvements will provide the largest contiguous exhibit space on the West Coast plus a new 500-room hotel tower expansion. Up to 42,000 square feet of new visitor-serving uses would be added to a new public promenade along the San Diego waterfront.

The proposed expansion will enhance public access and offer visitors and local residents a unparalleled opportunity to view San Diego Bay as it has never been seen before: from a 5-acre public park atop the Convention Center. The environmentally sustainable design of the project incorporates design elements to meet LEED certification, unique rooftop landscaping that will filter and clean water that would otherwise be pumped into a sanitary sewer, and a state-of-the-art stormwater retention and filtration system that will minimize water demand from the city system.

The new promenade will improve connectivity to Embarcadero Marina Park South along the bayside of the Convention Center. Existing accessibility issues will be addressed through a reconfigured roadway and pedestrian promenade. Additionally, the proposed re-routing of truck traffic, enclosing the truck bays and reconfiguring pedestrian traffic flow will improve public access and safety. A grand staircase will link Downtown San Diego to the waterfront, providing a dramatic icon for the West Coast.

Up to 7,000 new permanent jobs will be created by this project, plus the thousands of jobs generated during the construction process. It is projected that over \$12.7 million in new annual Transient Occupancy Tax (TOT) revenues will be generated for the City's General Fund, plus up to \$.8 million in new Sales Tax revenues.

Contrary to suggestions that this is a "big box on the bay", the proposed contiguous expansion is an environmentally designed expansion that provides a 5-acre rooftop park and public plaza that protects view corridors, enhances public access and safety, and activates an underutilized part of San Diego's downtown waterfront. Through a comprehensive public outreach process, six different configurations for a convention center at the site identified by the Chargers for a joint-use stadium were thoroughly evaluated and rejected as not viable by a diverse and inclusive task force of San Diegans created in 2009 by Mayor Jerry Sanders.

I urge the Commission to approve the proposed Port Master Plan Amendment at your October 9-11, 2013 hearing.

California Coastal Commission 45 Fremont Street, Suite 2000 San Francisco, CA 94105-2219 September 13, 2013

Dear Chair Shallenberger and members of the California Coastal Commission:

On behalf of the Cohn Restaurant Group please accept this letter in support of the San Diego Unified Port District Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel (Expansion).

The proposed Expansion is a regionally-significant, environmentally-sustainable project that will benefit visitors to the California coast, as well as residents of the region. If approved, the proposed project will increase the number of visitors to the Downtown waterfront, significantly improve public access, and generate new much-needed tax revenues for by providing additional hotel rooms and visitor-serving uses along the waterfront.

I support the proposed Expansion project because it provides:

Public Access and Views to the Waterfront

- new 5-acre public rooftop park with panoramic views will attract first-time and return visitors (no roof access/views available now)
- bayside of convention center will be activated through new promenade and improved connectivity to Embarcadero Marina Park South
- public views and pedestrian experiences will be enhanced by new pedestrian promenade, walkways and grand staircase linking Downtown San Diego to the waterfront
- existing accessibility issues will be addressed through reconfigured roadway and pedestrian promenade

Environmental sustainability

- Utilizes rooftop landscape to filter and clean water currently pumped into sanitary sewer;
- Storm water retention and filtration; minimization of domestic water demand from city system;
- Energy efficient lighting, use of natural light and sun shading; natural ventilation.

Regional economic asset and visitor experience

- up to 7,000 new permanent jobs and thousands of construction jobs
- up to 42,000 square feet of new visitor-serving ground-level uses to activate the public promenade along the waterfront
- over \$12.7 million in new annual Transient Occupancy Tax revenues to the city's general fund
- up to \$1 million in new sales tax revenue

This proposed Expansion has been thoroughly vetted at dozens of public outreach meetings over the last five years. It represents a strong, unified and collaborative effort between the City of San Diego, Port of San Diego, San Diego Convention Center Corporation, hotel developers, community residents and visiting stakeholders from across the region and State of California.

In short, the proposed Expansion and Rooftop Park are going to be an essential and integral part of San Diego's future and our beautiful waterfront. I am proud to be part of a diverse coalition that will be there on October 9-11, 2013 to voice our support and urge you to approve this regionally-significant project.

Sincerely,

David Cohn President

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District

Dear Chair Shallenberger and Commissioners:

I am writing you on behalf of National Association of REALTORS® in support of the referenced Amendment, providing the largest contiguous exhibit space on the West Coast plus a new 500-room hotel tower expansion.

As an organization with 25,000 attendees at our annual convention, we are a strong supporter of the current plans for a contiguous expansion. As our attendance figures and exhibitors continue to grow, this added space is much needed and will allow us to keep San Diego as a convention destination for years to come. It will also allow San Diego to better marry groups to maintain consistent hotel occupancy instead of the peaks and valleys currently experienced during convention move-in and move-out periods.

The alternate joint-use proposal put forth by the San Diego Chargers, by contrast, will do nothing to increase convention and hotel revenues in the city. Non-contiguous space across the street, let alone across town, would never be accepted by the big economic-impact conventions San Diego wants to attract and keep.

We are also strongly in support of the addition of a new 500 room hotel tower adjacent to the facility. Having the rooms within such close proximity to the center helps drive attendance and reduces shuttle costs, making San Diego more competitive than other West Coast destinations.

Many of our 25,000 attendees bring their families and extend their stays to enjoy the numerous amenities, attractions, restaurants and services of the Bay area. The Port Master Plan Amendment includes many improvements for tourists and residents alike: the new promenade will improve their access to Embarcadero Marina Park South; the 5-acre public park atop the Center will be great for networking in a green environment; and the traffic flow and safety will be improved through a reconfigured roadway, re-routing of truck traffic, and pedestrian promenade.

On behalf of National Association of REALTORS®, I urge the Commission to approve the proposed Port Master Plan Amendment at your October 9-11 hearing.

Sincerely,

DEPARMENT OF PLANNING & DEVELOPMENT

Existing accessibility issues will be addressed through a reconfigured roadway and pedestrian promenade. Additionally, the proposed re-routing of truck traffic, enclosing the truck bays and reconfiguring pedestrian traffic flow will improve public access and safety. A grand staircase will link Downtown San Diego to the waterfront, providing a dramatic icon for the West Coast.

Up to 7,000 new permanent jobs will be created by this project, plus the thousands of jobs generated during the construction process. It is projected that over \$12.7 million in new annual Transient Occupancy Tax (TOT) revenues will be generated for the City's General Fund, plus up to \$.8 million in new Sales Tax revenues.

Contrary to suggestions that this is a "big box on the bay", the proposed contiguous expansion is an environmentally designed expansion that provides a 5-acre rooftop park and public plaza that protects view corridors, enhances public access and safety, and activates an underutilized part of San Diego's downtown waterfront. Through a comprehensive public outreach process, six different configurations for a convention center at the site identified by the Chargers for a joint-use stadium were thoroughly evaluated and rejected as not viable by a diverse and inclusive task force of San Diegans created in 2009 by Mayor Jerry Sanders.

I urge the Commission to approve the proposed Port Master Plan Amendment at your October 9-11, 2013 hearing.

Sincerely

CLB TOWN Trolly

RE: SUPPORT of Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District

Dear Chair Shallenberger and Commissioners:

From 2000 to 2008, I served on the San Diego Convention Center Corporation Board of Directors, and for several years I was a downtown resident. My daily exercise routine took me around the existing Convention Center. As both a former downtown resident and former San Diego Convention Center Corporation Board Member, I can tell you that the proposed improvements in Phase III will both improve public access to the bay, and make the access more noticeable.

For those reasons, I am writing you in support of the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel submitted by the San Diego Unified Port District.

The new promenade, the additional park space and the improved public access together make this project worth doing and worthy of your approval. As you no doubt have noticed, this project has widespread support from many stakeholders of varying backgrounds because people who have been to the site and seen the proposed

improvements understand what is at stake, and how much better our public space can be used to serve the public.

The proposed expansion will enhance public access and offer visitors and local residents a unique opportunity to view San Diego Bay as it has never been seen before: from a 5-acre public park atop the Convention Center. The environmentally sustainable design of the project incorporates design elements to meet LEED certification, unique rooftop landscaping that will filter and clean water that would otherwise be pumped into a sanitary sewer, and a state-of-the-art storm water retention and filtration system that will minimize water demand from the city system.

The new promenade will improve connectivity to Embarcadero Marina Park South along the bayside of the Convention Center. Existing accessibility issues will be addressed through a reconfigured roadway and pedestrian promenade. Additionally, the proposed re-routing of truck traffic, enclosing the truck bays and reconfiguring pedestrian traffic flow will improve public access and safety. A grand staircase will link Downtown San Diego to the waterfront, providing a dramatic icon for the West Coast.

I urge the Commission to approve the proposed Port Master Plan Amendment at your October 9-11, 2013 hearing. Please do not hesitate to contact me should you have any questions.

Sincerely,

Kevin A. Tilden

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District

Dear Chair Shallenberger and Commissioners:

I am writing you in support of the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel submitted by the San Diego Unified Port District. The proposed improvements will provide the largest contiguous exhibit space on the West Coast plus a new 500-room hotel tower expansion. Up to 42,000 square feet of new visitor-serving uses would be added to a new public promenade along the San Diego waterfront.

The proposed expansion will enhance public access and offer visitors and local residents a unique opportunity to view San Diego Bay as it has never been seen before: from a 5-acre public park atop the Convention Center. The environmentally sustainable design of the project incorporates design elements to meet LEED certification, unique rooftop landscaping that will filter and clean water that would otherwise be pumped into a sanitary sewer, and a state-of-the-art stormwater retention and filtration system that will minimize water demand from the city system.

The new promenade will improve connectivity to Embarcadero Marina Park South along the bayside of the Convention Center. Existing accessibility issues will be addressed through a reconfigured roadway and pedestrian promenade. Dear Chair Shallenberger and members of the California Coastal Commission:

I am one of the 160,000 who work in the tourism industry in San Diego and writing to you in support of the San Diego Unified Port District Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel (Expansion).

There are numerous reasons why this expansion makes sense. Many large citywide groups are turned away as the size of the groups are too large for the existing Convention Center space. This expansion would help to keep San Diego as one of the number one choices for group business. We really don't want to lose business to Anaheim, Los Angeles or Las Vegas. Additionally, Comic-Con is a big deal for San Diego. We are in jeopardy of losing this convention to another city if the expansion is not completed.

My husband works in construction and excited to have the opportunity of helping to build the new expansion area. In addition to construction, this expansion will add thousands of jobs, helping our local economy even more.

I know you have the Coastal Commission hearings in October. I sincerely hope you will consider what many of us in this city know, to remain competitive, we MUST complete the expansion on the San Diego Convention Center.

I thank you for your time, and look forward to a positive ruling next month.

Best regards,

Kim Soto

Up to 7,000 new permanent jobs will be created by this project, plus the thousands of jobs generated during the construction process. It is projected that over \$12.7 million in new annual Transient Occupancy Tax (TOT) revenues will be generated for the City's General Fund, plus up to \$.8 million in new Sales Tax revenues.

Contrary to suggestions that this is a "big box on the bay", the proposed contiguous expansion is an environmentally designed expansion that provides a 5-acre rooftop park and public plaza that protects view corridors, enhances public access and safety, and activates an underutilized part of San Diego's downtown waterfront. Through a comprehensive public outreach process, six different configurations for a convention center at the site identified by the Chargers for a joint-use stadium were thoroughly evaluated and rejected as not viable by a diverse and inclusive task force of San Diegans created in 2009 by Mayor Jerry Sanders.

I urge the Commission to approve the proposed Port Master Plan Amendment at your October 9-11, 2013 hearing.

Sincerely,

RE: Proposed Port Master Plan Amendment for the Expansion of the San Diego Convention Center and Hilton Bayfront Hotel by the San Diego Unified Port District

Dear Chair Shallenberger and Commissioners:

I am writing you in support of the proposed Port Master Plan Amendment for the expansion of the San Diego Convention Center and Hilton Bayfront Hotel submitted by the San Diego Unified Port District. The proposed improvements will provide the largest contiguous exhibit space on the West Coast plus a new 500-room hotel tower expansion. Up to 42,000 square feet of new visitor-serving uses would be added to a new public promenade along the San Diego waterfront.

The proposed expansion will enhance public access and offer visitors and local residents a unique opportunity to view San Diego Bay as it has never been seen before: from a 5-acre public park atop the Convention Center. The environmentally sustainable design of the project incorporates design elements to meet LEED certification, unique rooftop landscaping that will filter and clean water that would otherwise be pumped into a sanitary sewer, and a state-of-the-art stormwater retention and filtration system that will minimize water demand from the city system.

The new promenade will improve connectivity to Embarcadero Marina Park South along the bayside of the Convention Center. Existing accessibility issues will be addressed through a reconfigured roadway and pedestrian promenade. Additionally, the proposed re-routing of truck traffic, enclosing the truck bays and reconfiguring pedestrian traffic flow will improve public access and safety. A grand staircase will link Downtown San Diego to the waterfront, providing a dramatic icon for the West Coast.

Up to 7,000 new permanent jobs will be created by this project, plus the thousands of jobs generated during the construction process. It is projected that over \$12.7 million in new annual Transient Occupancy Tax (TOT) revenues will be generated for the City's General Fund, plus up to \$.8 million in new Sales Tax revenues.

Contrary to suggestions that this is a "big box on the bay", the proposed contiguous expansion is an environmentally designed expansion that provides a 5-acre rooftop park and public plaza that protects view corridors, enhances public access and safety, and activates an underutilized part of San Diego's downtown waterfront. Through a comprehensive public outreach process, six different configurations for a convention center at the site identified by the Chargers for a joint-use stadium were thoroughly evaluated and rejected as not viable by a diverse and inclusive task force of San Diegans created in 2009 by Mayor Jerry Sanders.

I urge the Commission to approve the proposed Port Master Plan Amendment at your October 9-11, 2013 hearing.

Sincerely,
