

Searching for a Permit or Project by Address

Select the **Search Records** option on the main page.

The screenshot shows the top navigation bar of the California Coastal Commission website. The navigation menu includes: Meetings, Services & Programs, Learn, California Coastal Commission (with logo), Participate, Access, About, and Translate. Below the navigation is a blue banner with the text "Public Data Portal" and a button labeled "User Guides and FAQs". The main content area features a "Search Records" button, a welcome message, and a section for "Permits" with a sub-link for "Search Records".

Welcome to the California Coastal Commission Public Data Portal

We are pleased to offer public online access to our Coastal Data Management System, where you can view information related to the Commission's local coastal planning, development permitting, and other related activities along California's coast. Currently our online data is limited to Commission actions since approximately 1980. We will be working to add additional historic records and to continually improve our online services as resources allow. We welcome your suggestions and feedback regarding our new online services. Comments may be offered at PublicPortalComments@coastal.ca.gov. Thank you.

What would you like to do today?
To get started, take a look at our user guides and FAQs linked above or select Search Records below

Permits

Search Records

Enter the **Street Number**, **Street Name**, and **City** in the appropriate fields. Scroll to the bottom of the page and click on the **Search** button.

Tip: It is recommended to start your search with basic information (for example, a street number, street name and name of city) and let the system return the available results, then select your record from those results. This avoids errors where, for example, the street type is designated as an Avenue or Drive, but the user enters an incorrect designation as Street.)
