

# Searching for a Permit or Project by Record Number

Select the **Search Records** option on the main page.

The screenshot shows the top navigation bar of the California Coastal Commission website. The navigation menu includes: Meetings, Services & Programs, Learn, California Coastal Commission (with logo), Participate, Access, and About. A Google Translate icon is located in the top right corner. Below the navigation bar is a blue header section with the text "Public Data Portal" and a white button labeled "User Guides and FAQs". The main content area is white and features a blue-bordered button labeled "Search Records". Below this button is a welcome message: "Welcome to the California Coastal Commission Public Data Portal. We are pleased to offer public online access to our Coastal Data Management System, where you can view information related to the Commission's local coastal planning, development permitting, and other related activities along California's coast. Currently our online data is limited to Commission actions since approximately 1980. We will be working to add additional historic records and to continually improve our online services as resources allow. We welcome your suggestions and feedback regarding our new online services. Comments may be offered at [PublicPortalComments@coastal.ca.gov](mailto:PublicPortalComments@coastal.ca.gov). Thank you." Below the welcome message is a section titled "What would you like to do today?" with the text "To get started, take a look at our user guides and FAQs linked above or select Search Records below". At the bottom of the page, there is a "Permits" section with a horizontal line, and "Search Records" is listed as an option.

Enter the permit or project number in the **Record Number** field. Scroll to the bottom of the page and click on the **Search** button.

## Search Records

### Search for Records

Enter information below to search for records.

- Site Address
- Parcel Number
- Record Information
- Contact Information

Select the search type from the drop-down list.
