MEANINGFUL ENGAGEMENT

JUSTICIA AMBIENTAL

COMISIÓN COSTERA DE CALIFORNIA

La Ley de las Costas protege el acceso público y esta agencia tiene una larga historia de promover la participación pública y equidad. En 2016 la Comisión obtuvo una nueva autoridad para que se considere específicamente la justicia ambiental a la hora de tomar decisiones sobre los permisos.

Nos encantaría escuchar a los grupos ambientalistas y otras partes interesadas acerca de lo que les gustaría ver en esta nueva póliza para ayudar a la Comisión a tomar decisiones aún mejores y más fuertes que beneficien a las comunidades desatendidas.

Purpose of the policy

The goal of the Coastal Commission's environmental justice policy is to achieve more meaningful engagement, equitable process, effective communication, and stronger coastal protection benefits for everyone. The draft policy also outlines a statement of guiding principles on topics such as respecting tribal concerns, coastal access, accountability and transparency, climate change, and habitat and public health.

Why do we want your feedback?

Agenda items

It is not possible to predict how quickly the Commission will complete agenda items; however, all items on each day's agenda will be heard.

4

Future Locations

The Commission meets once a month in different locations across the state. Whenever possible, agenda items are scheduled for meetings relatively close to the location most impacted by the proposed development.

Please be quiet and courteous during the meeting. If you would like to show support for an item, feel free to hold up signs or wave your hands.

Welcome!

Wish to speak?

Here's how

Fill out a 'Request to Speak' Form

There are 2 types of speaker slips: the white slip is for all non-permit items (LCPs, enforcement & general public comment) and the pink slip is for permit/appeal items.

Non-Permit Item Comments

Fill out the white speaker slip to speak on non-permit items. General public comments are heard at the beginning of the meeting but may also be heard at the end of the day. The time limit is usually 3 minutes unless instructed otherwise.

Permit/Appeal Item Comments

Fill out the pink speaker slip in order to speak on a specific permit/appeal item. Your allotted speaking time will be determined by the Commission Chair.

Where and how?

Attention: Any PowerPoint slides must be accompanied by a USB flash drive, a memory card or a compact disc. Hard copies are recommended in case of technical difficulties. You must have at least 20 copies of any print outs. Please hand these materials to the staff person at the table before the beginning of the meeting.

Coastal Commission Environmental Justice Team

SUBJECT: Coastal Commission Draft Environmental Justice Policy - Public Review Draft

(NOTE: This is a discussion item only and the Coastal Commission will not be taking action on the draft Environmental Justice Policy at the August 8, 2018 meeting.)

The Coastal Commission staff has drafted an Environmental Justice (EJ) policy memo for the Commission's review, feedback and public comment. This draft EJ policy will be brought before the Commission at a future meeting for adoption.

The People of the State of California find and declare:

- "(a) That the California Coastal Zone is a distinct and valuable natural resource of vital and enduring interest to **all the people** and exists as a delicately balanced ecosystem.
- (b) That the permanent protection of the state's natural and scenic resources is a paramount concern to present and future residents of the state and nation.
- (c) That to promote the public safety, health, and welfare, and to protect public and private property, wildlife, marine fisheries, and other ocean resources, and the natural environment, it is necessary to protect the ecological balance of the coastal zone and prevent its deterioration and destruction."

--- Legislative findings, Proposition 20
--- Coastal Act, PRC Sec. 30001
