

General Zoom Reminders

- Check to make sure you have a stable internet connection.
- If you lose internet connection, simply log back in.
- A laptop or desktop with a webcam is preferred.
- Use of headphones is encouraged.
- Everyone will be muted upon entry. People will be able to unmute themselves in the Breakout Room activity.

How to Select Your Language

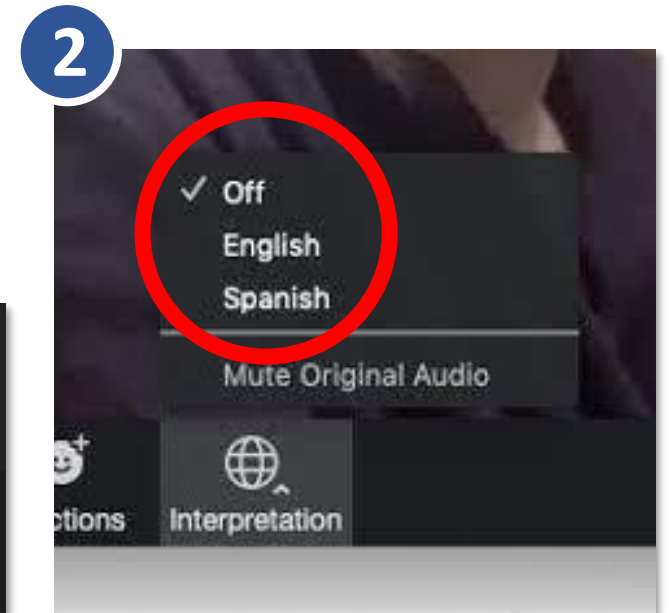

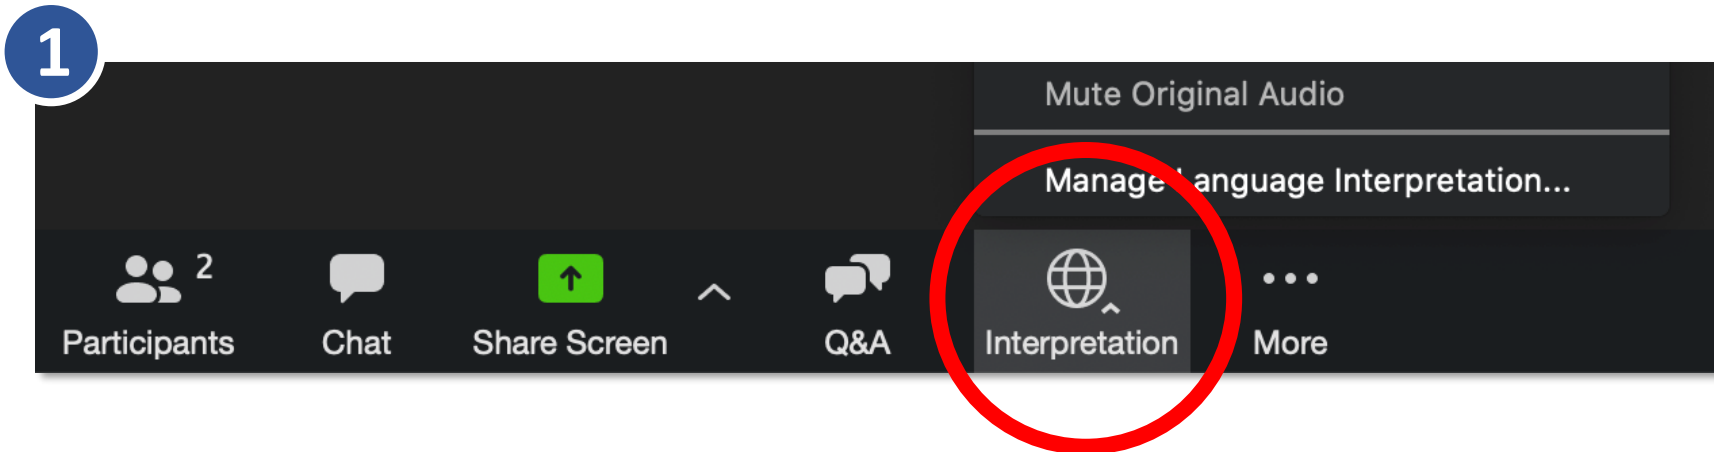

Cómo Seleccionar el Idioma

1. In your meeting/webinar controls (bottom bar), click **Interpretation**.

1. En los controles de la reunión (barra inferior), haga clic en **Interpretation**

2. Click “English” to listen in English

2. Seleccione “Spanish” (español) para escuchar en español

Hollister Ranch Coastal Access Program Conceptual Approach

Vision

- Provide access and retain unique and high-quality coastal experience
- Provide a more rugged, less developed experience
- Minimize amenities consistent with experience
- Recognize cultural importance to the Chumash
- Ensure equitable access

Conceptual Approach

Phase 1 Test and Refine Concepts

- Two Years
- Start with guided access and limited numbers and expand
- Shuttle-, Bike-, and Car-Based Access
- Chumash Cultural Access

Phase 2 Expand and Invest

- Year 3 and beyond
- Continue Phase 1 components and expand as possible
- Invest in Infrastructure, as needed
- Potential for Access Trail

Assessment and Adaptive Management

- HRCAP Advisory Committee
- Expand based on demand, financial capacity, and management of impacts

Assembly Bill 1680

- Prepare an updated Hollister Ranch Coastal Access Program

Required Components of the Access Program

Public input

Land-based access options

Existing conditions

Educational opportunities

Protect sensitive resources

Summary of necessary permits

Implementation strategy

Access with one year

Planning Process

Adaptive Management

Phase 1

Test and Refine Concepts

Timeframe

- Two Years

Capacity

- Start small and increase
- Start with guided access and evolve to independent
- Maximum 100 people per day

Potential Access Components

- Shuttle-based guided access
- Shuttle-based independent access
- Bike tours guided access
- Bike independent access
- Drive-in tours guided access
- Drive-in independent access
- Chumash Cultural Access

Phase 2

Expand and Invest

Timeframe

- Starts at Year 3

Capacity

- Capacity will increase if there is demand, sufficient budget, and impacts minimized
- Maximum 500 people per day

Potential Components

- Continue Phase 1 components
- Develop Access Trail
- Trail-based guided access
- Trail-based independent access
- Invest in Infrastructure

Permits & Basic Infrastructure

Next Steps

An aerial photograph of a coastline. The ocean is a deep blue, with white foam from breaking waves visible. The waves are crashing onto a wide, sandy beach. To the left of the beach, there is a strip of green grass and some dark, possibly wooded or shrubby areas. The overall scene is a natural coastal landscape.

Thank you for participating!
