## Three Steps to a California Career

### Search

Go to [calcareers.ca.gov](https://calcareers.ca.gov) and search for the job that interests you.

### Assessment

Once you find the job you want, we need to learn more about you. We evaluate your education, experience and abilities. This process can include an interview or exam.

### Apply for a Vacancy

Fill out a job application and upload any necessary resumes or writing samples. If your skills match the job, we'll call you in for an interview.
