The California Coastal Commission values diversity at all levels of the organization and is committed to fostering an environment in which employees from a variety of backgrounds, cultures, and personal experiences are welcomed and can thrive. We believe the diversity of our

employees and their unique ideas inspire innovative solutions to further our mission of protecting and enhancing California's coast and ocean for present and future generations.

### **DESIRABLE QUALIFICATIONS:**

- Substantial background and experience in California state government and in budgeting, executive management, human resources, coastal planning and regulation, environmental policy, and working with technical specialists and scientists.
- An advanced degree in management, public policy, environmental/land use/coastal planning, coastal related science, or another relevant field.
- Demonstrated ability to prepare and manage the completion of complex projects and/or programs under narrow time constraints.
- Advanced knowledge of the California Coastal Act, the California Coastal Management Program and the California Coastal Commission's programs and policies.
- Ability to communicate and collaborate with Coastal Commissioners, legislators, the public, other state agencies and federal and local government officials.
- Experience with environmental justice and/or tribal consultation.
- Proven management and leadership skills and experience in respecting and managing a diverse staff.

### **MINIMUM QUALIFICATIONS:**

Applicants must demonstrate the ability to perform high administrative and policy-influencing functions effectively. Such overall ability requires possession of most of the following more specific knowledge and abilities:

1. Knowledge of the organization and functions of California State Government including the organization and practices of the Legislature and the Executive Branch; principles, practices, and trends of public administration, organization, and management; techniques of organizing and motivating groups; program development and evaluation; methods of administrative problem solving; principles and practices of policy formulation and development; personnel management techniques; and a manager's role and the process available to meet equal employment opportunity objectives.
2. Ability to plan, organize, and direct the work of multidisciplinary professional and administrative staff; analyze administrative policies, organization, procedures and practices; integrate the activities of a diverse program to attain common goals; gain the confidence and support of top level administrators and advise them on a wide range of administrative matters; develop cooperative working relationships with representatives of all levels of government, the public, and the Legislative and Executive branches; analyze complex problems and recommend effective courses of action; prepare and review reports; and effectively contribute to the department's equal employment opportunity objectives.

These abilities and knowledge are expected to be obtained from supervisory/administrative experience in a line or staff activity including the execution and/or evaluation of program policies. (Experience may have been paid or volunteer, in State service, other government settings or in a private organization.)

### **EXAMINATION INFORMATION:**

The examination will consist of an application, resume and "Statement of Qualifications" review

conducted by an evaluation committee. Candidates may be selected for an interview or a final hiring decision may be made based on information contained in the applications, resumes and Statements of Qualifications. Any interview will be held either via teleconference or video conference.

To be successful in this examination, a minimum rating of 70 percent must be attained. Each candidate will be notified in writing of the examination results. The results of this examination will be used to fill a vacancy in this position.

### **FILING INSTRUCTIONS:**
