

California Coastal Commission
JOB ANNOUNCEMENT
SAN DIEGO COAST DISTRICT
SAN DIEGO
COASTAL PROGRAM MANAGER
FULL TIME, PERMANENT POSITION

The California Coastal Commission is offering an exciting opportunity to participate in planning and regulating development on California's vibrant San Diego Coast. The San Diego Coast office has responsibility for carrying out requirements of the California Coastal Act in San Diego County. This is a management position with broad responsibilities for analyst supervision and personnel oversight, general administration of Local Coastal Program planning and regulatory work in the San Diego Coast District including project management, coordination with other agency units (e.g., legal, enforcement, technical services, federal consistency), participating in agency-wide senior staff meetings and coordination, external communications outside the District, as well as backup coverage of the Deputy Director responsibilities as required. Oversight, review, writing and editing of staff recommendations are required. In addition, attending and making staff presentations at certain Coastal Commission meetings will be required. This position will manage District staff working on Local Coastal Plans, reporting directly to the Deputy Director for the San Diego Coast District.

The San Diego Coast District staff is responsible for carrying out a permit program for new development proposed in areas such as tidelands, wetlands, and certain other areas where the Coastal Commission maintains coastal permitting authority. The District staff is responsible for monitoring and assisting the coastal permitting programs of the twelve coastal jurisdictions (ten cities, the county and port district) included in the San Diego Coast District. Responsibilities of the San Diego Coast District staff also include the review of local government coastal development permits that are appealed to the Coastal Commission. In addition to the regulatory program, the District staff is responsible for the review of Local Coastal Program and/or Port Master Plan submittals from the twelve San Diego Coast coastal jurisdictions. Due to the size of the District, a significant amount of travel and fieldwork is required.

The California Coastal Commission values diversity at all levels of the organization and is committed to fostering an environment in which employees from a variety of backgrounds, cultures, and personal experiences are welcomed and can thrive. We believe the diversity of our employees and their unique ideas inspire innovative solutions to further our mission of protecting and enhancing California's coast and ocean for present and future generations.

The duties of the Coastal Program Manager will include the following:

- Supervise the Local Coastal Program and coastal permit-related work of the San Diego Coast District staff, ensuring that applicable deadlines are met.
- Personally analyze the more complex coastal permit applications and Local Coastal Program submittals and prepare the most complex staff reports for action by the Coastal Commission. May be involved in complex port and CALTRANs planning and permitting.
- Monitor the coastal regulatory and planning programs of cities and counties in the District and participate through means such as commenting on proposed developments under review at the local level and assisting local government planners in interpretation of Coastal Act and Local Coastal Program policies.
- Provide information to the Enforcement Unit regarding potential violations of the Coastal Act including working with the Enforcement Unit on the resolution of such violations.
- Provide information to permit applicants and members of the public regarding the Coastal Commission's regulatory and planning programs.

- Take a pro-active approach to identifying and solving problems of Local Coastal Program interpretation and implementation. Major focus of this position will be on Local Coastal Programs and work with local governments or the Port District on their planning efforts.
- Gather data and prepare reports on various matters related to the Coastal Commission's mission.
- Provide backup coverage for the Deputy Director for the San Diego Coast including participation at Commission hearings and other responsibilities as required.

Desired skills and abilities:

- Knowledge of supervisory techniques and the ability to effectively plan, motivate, and organize the work of others.
- Knowledge of land use planning and regulatory techniques.
- Familiarity with the functions and relationships of federal, state, regional, county, and city governments and special districts.
- Knowledge of the means of implementing Local Coastal Programs, such as zoning and other legal and regulatory processes.
- Ability to analyze information, creatively explore alternative approaches, and develop defensible policy positions.
- Excellent communication skills and the ability to write accurate, complete, and concise staff reports and correspondence.
- Knowledge of the impacts of development on typical San Diego Coast resources, such as wetlands.
- Knowledge of a broad range of resource protection laws and policies.
- Advanced degree in environmental or regional planning or law or related field or AICP certified.
- Solid experience working with Local Coastal Programs and Coastal Development Permits.
- Time management and computer skills including the ability to use data base management systems.
- Experience in environmental justice and/or tribal consultation.
