

For Immediate Release  
July 7, 2015

CALIFORNIA  
**COASTAL**  
COMMISSION

## How Do You Get To YOUR COAST?

You'll find **1,530** ways at **YourCoast!**

Just in time for summer, the California Coastal Commission announces the release of our newest guide to the California coast!

[YourCoast](#) is a free, online web app with all the valuable information from the California Coastal Commission's popular [California Coastal Access Guide](#) and [Experience the California Coast](#) series.

[YourCoast](#) is essential for anyone seeking to explore California's 1,270 mile-long shoreline via smart phone, tablet, or personal computer. The app contains information for 1,530 coastal accessways, displayed on colorful base maps, with details on the physical setting, facilities, and visitor activities - such as sandy beaches or tide pools, disabled facilities and wheelchair accessible trails, restrooms and parking, campgrounds, trails and visitor centers.

Plan your summer trip anywhere along the California coast by visiting the FREE [YourCoast](#) web app at [YourCoast.org](#).

For more information contact:
