EXECUTIVE DIRECTOR'S DETERMINATION (continued):

The Executive Director hereby determines that the proposed development is a category of development which, pursuant to PRC Section 30624, qualifies for approval by the Executive Director through the issuance of an administrative permit. Subject to Standard and Special Conditions as attached, said development is in conformity with the provisions of Chapter 3 of the Coastal Act of 1976, will not prejudice the ability of the local government to prepare a Local Coastal Program that is in conformity with the provisions of Chapter 3, and will not have any significant impacts on the environment within the meaning of the California Environmental Quality Act. If located between the nearest public road and the sea, this development is in conformity with the public access and public recreation policies of Chapter 3.

FINDINGS FOR EXECUTIVE DIRECTOR'S DETERMINATION:

The project consists of minor interior modifications to an existing retail store on Stearns Wharf. The modifications consist of enlarging the opening between two walled spaces in the Topsider, a gifts and clothing store, to improve internal circulation and enhance the usability of the retail space. The project will entail the removal of a non-bearing wall and the removal of eight (8) linear feet of a bearing wall. The project will not effectively increase the size of the retail space, result in the intensification of use, or otherwise generate any impacts on the public use of Stearns Wharf.

The Executive Director therefore finds that the proposed project is consistent with all applicable policies of the Coastal Act, including those pertaining public access.
