Permit Application No. 5-97-199
Date 7/15/97

**ADMINISTRATIVE PERMIT****RECORD PACKET COPY**

APPLICANT: Risa, Inc.

PROJECT DESCRIPTION: Demolition of a single-family residence and garage and construction of a three and a half-story, 35.5-foot high, 5,514 square foot single-family residence, with a tuck-under 546 square foot three-car garage and motor court providing an area for two guest parking spaces, on a 4,350 square foot lot.

PROJECT LOCATION: 1259 Palisades Beach Road, Santa Monica

EXECUTIVE DIRECTOR'S DETERMINATION: The findings for this determination, and for any special conditions, appear on subsequent pages.

NOTE: P.R.C. Section 30624 provides that this permit shall not become effective until it is reported to the Commission at its next meeting. If one-third or more of the appointed membership of the Commission so request, the application will be removed from the administrative calendar and set for public hearing at a subsequent Commission meeting. Our office will notify you if such removal occurs.

This permit will be reported to the Commission at the following time and place:

IMPORTANT - Before you may proceed with development, the following must occur:

Pursuant to 14 Cal. Admin. Code Sections 13150(b) and 13158, you must sign the enclosed duplicate copy acknowledging the permit's receipt and accepting its contents, including all conditions, and return it to our office. Following the Commission's meeting, and once we have received the signed acknowledgement and evidence of compliance with all special conditions, we will send you a Notice of Administrative Permit Effectiveness.

BEFORE YOU CAN OBTAIN ANY LOCAL PERMITS AND PROCEED WITH DEVELOPMENT, YOU MUST HAVE RECEIVED BOTH YOUR ADMINISTRATIVE PERMIT AND THE NOTICE OF PERMIT EFFECTIVENESS FROM THIS OFFICE.

PETER DOUGLAS
Executive Director

By: Al J. Padilla

Title: Coastal Program Analyst

STANDARD CONDITIONS:

1. Notice of Receipt and Acknowledgment. The permit is not valid and development shall not commence until a copy of the permit, signed by the permittee or authorized agent, acknowledging receipt of the permit and acceptance of the terms and conditions, is returned to the Commission office.
2. Expiration. If development has not commenced, the permit will expire two years from the date this permit is reported to the Commission. Development shall be pursued in a diligent manner and completed in a reasonable period of time. Application for extension of the permit must be made prior to the expiration date.
3. Compliance. All development must occur in strict compliance with the proposal as set forth in the application for permit, subject to any special conditions set forth below. Any deviation from the approved plans must be reviewed and approved by the staff and may require Commission approval.
4. Interpretation. Any questions of intent or interpretation of any condition will be resolved by the Executive Director or the Commission.
5. Inspections. The Commission staff shall be allowed to inspect the site and the project during its development, subject to 24-hour advance notice.
6. Assignment. The permit may be assigned to any qualified person, provided assignee files with the Commission an affidavit accepting all terms and conditions of the permit.
7. Terms and Conditions Run with the Land. These terms and conditions shall be perpetual, and it is the intention of the Commission and the permittee to bind all future owners and possessors of the subject property to the terms and conditions.

EXECUTIVE DIRECTOR'S DETERMINATION (continued):

The Executive Director hereby determines that the proposed development is a category of development which, pursuant to PRC Section 30624, qualifies for approval by the Executive Director through the issuance of an administrative permit. Subject to Standard and Special Conditions as attached, said development is in conformity with the provisions of Chapter 3 of the Coastal Act of 1976, will not prejudice the ability of the local government to prepare a Local Coastal Program that is in conformity with the provisions of Chapter 3, and will not have any significant impacts on the environment within the meaning of the California Environmental Quality Act. If located between the nearest public road and the sea, this development is in conformity with the public access and public recreation policies of Chapter 3.

FINDINGS FOR EXECUTIVE DIRECTOR'S DETERMINATION:A. Project Description and Background

The applicant proposes to construct a three and a half-story, 35.5 foot high, 5,514 square foot single-family residence, with a 546 square foot tuck-under three-car garage and motor court providing an area for two guest parking spaces, on a 43500 square foot vacant lot.

The lot is a beach fronting lot located north of the Santa Monica Pier, in the North Beach area of the City of Santa Monica, west (seaward) of Palisades Beach Road in the R2B (Los Density Multiple Family Residential/Parking Overlay) District.

The North Beach area contains the City's northern sandy beach area, beach clubs, the "Gold Coast" single-family residential neighborhood, and multi-family residential development. The subject lot is located within a row of residentially developed lots consisting of a mix of single and multiple family residences. This area of single and multiple-family residences is the first residential row or tract north of the pier. There are approximately 30-40 residences in this tract.

Existing development in the surrounding area consists of a beach parking lot to the north of the project site; to the south is a multiple-family residence; to the east is Palisades Beach Road (Pacific Coast Highway) and Palisades Park bluffs; and to the west is the paved 20 foot wide Ocean Front Walk (Promenade) and the beach.

The subject lot and surrounding area is located within the City's Beach Overlay District. The Beach Overlay District includes the area west (seaward) of Ocean Avenue and Neilson Way (excluding the Pier area). The Beach Overlay District was created with the passage of a voter initiative (referred to as Proposition S). The initiative prohibits hotel and motel development, and restaurants over 2,000 square feet, in the Beach Overlay District.

In 1992, Commission denied the LCP for the Beach Overlay District and denied certification because the Commission found that Proposition S discouraged visitor serving uses along the beach resulting in an adverse impact on coastal recreation and access. In an earlier action in 1987, the Commission certified, with suggested modifications, a LUP that included the area presently known as the Beach Overlay District. In its action in 1987, the Commission found that the submitted LUP would also result in adverse impacts on coastal access and recreational opportunities and denied the LUP as submitted and approved it with suggested modifications to mitigate any adverse impacts. As modified the 1987 LUP allowed limited residential development with a small amount of commercial development in the north beach area. The 1987 LUP certification has lapsed.

B. Recreation--Ocean Front

Section 30221 of the Coastal Act States:

parking spaces. In this particular case the project is providing three parking spaces within a garage and an area that will provide an area for at least two additional parking spaces.

As proposed, the project is consistent with past Commission permit action regarding height and with the City's view envelope height limit. The project as proposed is consistent with the character and scale of the surrounding area and with past Commission permit action for the area. The Executive Director, therefore, determines that the proposed project is consistent with Sections 30250 and 30251 of the Coastal Act.

D. Local Coastal Program

(a) Prior to certification of the Local Coastal Program, a Coastal Development Permit shall be issued if the issuing agency, or the Commission on appeal, finds that the proposed development is in conformity with the provisions of Chapter 3 (commencing with Section 30200) of this division and that the permitted development will not prejudice the ability of the local government to prepare a Local Coastal Program that is in conformity with the provisions of Chapter 3.

In August 1992, the Commission certified, with suggested modifications, the land use plan portion of the City of Santa Monica's Local Coastal Program, excluding the area west of Ocean Avenue and Neilson way (Beach Overlay District), and the Santa Monica Pier. On September 15, 1992, the City of Santa Monica accepted the LUP with suggested modifications.

The area within the Beach Overlay District was excluded from certification due to Proposition S discouraging visitor serving uses along the beach resulting in an adverse impact on coastal access and recreation. In deferring this area the Commission found that, although Proposition S and its limitations on development were a result of a voters initiative, the policies of the LUP were inadequate to achieve the basic Coastal Act goal of maximizing public access and recreation to the State beach and did not ensure that development would not interfere with the public's right of access to the sea.

The subject site, because of its proximity to the State beach and Santa Monica Pier, is suitable for visitor-serving commercial development. However, because the applicant is replacing an existing single-family residence with a new single-family residence and the project site is located within an area consisting of residential development staff is recommending approval of the development. As proposed the project will not adversely impact coastal resources or access. The Executive Director, therefore, determines that the proposed project will be consistent with the Chapter 3 policies of the Coastal Act and will not prejudice the ability of the City to prepare Land Use Plan policies for the Beach Overlay District (deferred area) and a Local Coastal Program implementation program consistent with the policies of Chapter 3 of the Coastal Act as required by Section 30604(a).

E. CEQA

Section 13096(a) of the Commission's administrative regulations requires Commission approval of Coastal Development Permit applications to be supported

by a finding showing the application, as conditioned by any conditions of approval, to be consistent with any applicable requirements of the California Environmental Quality Act (CEQA). Section 21080.5(d)(2)(i) of CEQA prohibits a proposed development from being approved if there are feasible alternatives or feasible mitigation measures available which would substantially lessen any significant adverse impact which the activity may have on the environment.

There are no negative impacts caused by the proposed development which have not been adequately mitigated. Therefore, the proposed project is found consistent with CEQA and the policies of the Coastal Act.

SPECIAL CONDITIONS: None

ACKNOWLEDGMENT OF PERMIT RECEIPT/ACCEPTANCE OF CONTENTS:

I/We acknowledge that I/we have received a copy of this permit and have accepted its contents including all conditions.
