**SUBJECT:** **Status of LCP Periodic Reviews**

The table below lists the status of the Periodic Reviews of certified LCPs. Only jurisdictions are listed rather than individual LCP segments. Where LCPs had several segments certified at different times, the earliest date of certification was used in determining when the review was due. Where a Regional Cumulative Assessment Project (ReCAP) was completed, this comprised only a partial Periodic Review because the ReCAP reports reviewed only a geographic part of some jurisdictions and final recommendations were not transmitted to the applicable local governments as required by Section 30519.5 of the Coastal Act.

Based on recent discussion among senior staff members of potential priorities for future Periodic Reviews, staff would recommend that reviews be undertaken in the following order. These priorities reflect direction provided in the context of Commission actions on recent Local Coastal Program amendments, the nature of coastal resources and the pace of development in various jurisdictions, and the length of time that such reviews are overdue.

Recommended priorities for future Periodic Reviews:

1. San Luis Obispo County
2. Mendocino County
3. Santa Barbara County
4. San Mateo County
5. City of San Diego
6. Monterey County
7. Long Beach
8. Eureka
9. Remaining jurisdictions
