STAFF RECOMMENDATION

Staff recommends that the Commission open and continue the public hearing to determine whether a substantial issue exists with respect to the grounds on which the appeal has been filed for the following reason:

In accordance with section 13112 of the Commission's Administrative Regulations, staff has requested that the local government forward all relevant documents and materials regarding the subject permit within five working days of receipt of that notice. The final day for completion of staff reports for the December meeting is November 18, 1998. Staff must receive the material necessary for a complete analysis at least one week prior to the final day for completion of staff reports; as of November 16, 1998, the material necessary for a complete analysis had not yet been received. Without the relevant material from the County it is not possible to analyze the issues and prepare a staff report with a recommendation for Commission action on this appeal.

Pursuant to section 30621 of the Coastal Act, an appeal must be heard within 49 days from the date an appeal of a coastal development permit issued pursuant to a certified Local Coastal Program was received. The appeal of this County permit was filed on November 12; the 49th day therefore falls on December 31, 1998, after the Commission's December meeting

(December 8-11) but before the Commission's January meeting (January 12-16, 1999). Therefore, staff recommends that the Commission open and continue the public hearing. The appeal will be tentatively scheduled for a substantial issue hearing at the Commission's January meeting, in Los Angeles or February meeting, in Coronado.
