TO: COMMISSIONERS AND INTERESTED PERSONS

FROM: PETER DOUGLAS, EXECUTIVE DIRECTOR *PD*RE: CITY OF SANTA BARBARA LCP AMENDMENT 3-97 EXECUTIVE DIRECTOR'S  
DETERMINATION THAT THE CITY'S ACKNOWLEDGEMENT IS LEGALLY ADEQUATE. (For  
Commission review at its meeting of September 8-11, 1998.)

On June 9, 1998, the Commission approved LCP Amendment 3-97 submitted by the City of Santa Barbara with suggested modifications. This amendment would add a circulation element to the City of Santa Barbara's certified Local Coastal Program.

On July 21, 1998 the City of Santa Barbara acknowledged receipt of the Commission's resolution for LCP Amendment 3-97, agreed to accept all suggested modifications, and transmitted the acknowledgement to the Commission on August 3, 1998. In its acknowledgement the City of Santa Barbara accepted the Commission's action and agreed to issue Coastal Development Permits in conformance with the Commission's resolution.

As provided for in section 13544.5 of the Commission's Administrative Regulations, the Executive Director must determine if the action of the City of Santa Barbara is legally sufficient and report that determination to the Commission. The certification shall become effective unless a majority of the Commission objects to the determination.

I have reviewed the City of Santa Barbara's acknowledgement adopted July 21, 1998 regarding LCP amendment 3-97 and find that it fulfills the conditions of certification of the City of Santa Barbara's Local Coastal Program, and that the City's action and notification procedures for appealable development legally satisfies the Commission's certification resolution adopted July 21, 1998. I therefore recommend that the Commission concur in this determination.
