TO: Commissioners and Interested Persons

**W20a**FROM: Deborah Lee, Deputy Director  
Pam Emerson, Los Angeles County Area Supervisor  
Charles Posner, Coastal Program AnalystRE: **Request to extend the sixty-day time limit for Commission action on City of Manhattan Beach LCP Amendment Request No. MNB-MAJ-2-04 (for Commission Action at its December 8, 2004 meeting in San Rafael).**

On October 1, 2004, the Commission's South Coast District office in Long Beach received a request from the City of Manhattan Beach to amend its certified Local Coastal Program (LCP) in order to revise the City's zoning regulations (LIP Section A.24.030) that apply to the OS (Open Space) land use district. Proposed LCP Amendment Request No. 2-04, submitted with City Council Resolution No. 5936 and contained in City Council Ordinance No. 2064 would affect only the Implementing Ordinances (LIP) portion of the certified LCP. The proposed LIP amendment would allow sporting events for which paid admission is charged (no more than 25 percent of the seating capacity). Currently, only sporting events with no paid admission are allowed in the OS land use district (i.e., the beach). On October 25, 2004, the Executive Director has determined that LCP Amendment Request No. 2-04 is in proper order and legally adequate to comply with the submittal requirements of the Coastal Act and the California Code of Regulations. Therefore, pursuant to the requirements of Section 30510 of the Coastal Act and Section 13553 of the California Code of Regulations (Title 14), LCP Amendment Request No. 2-04 is deemed submitted as of October 25, 2004.

Pursuant to Section 30513 of the Coastal Act, an LCP amendment that includes changes to the LIP portion of a certified LCP must be scheduled for a public hearing and the Commission must take action within sixty days of receipt of a complete submittal. The sixtieth day after the City's filing of the complete submittal is December 24, 2004. In order to be heard within this time frame, the LCP amendment would have to be scheduled for the Commission's December 8-10, 2004 meeting in San Rafael.

Coastal Act Section 30517 and Section 13535(c) of the Coastal Commission Regulations state that the Commission may extend for good cause the sixty-day time limit for a period not to exceed one year. Because of workload constraints, staff is recommending that the Commission extend the sixty-day time limit for the review of the LCP amendment request. The time extension would allow for a thorough review of the City's proposed changes and a hearing in Southern California area.

**STAFF RECOMMENDATION**

Staff recommends that the Commission extend the deadline for Commission action for one year.

**MOTION:** *"I move that the Commission extend the sixty-day time limit to act on the City of Manhattan Beach Local Coastal Program Amendment No. MNB-MAJ-2-04 for a period of one year."*
