SUBJECT: County of Ventura Channel Islands Harbor Public Works Plan Amendment 1-05 (Vintage Marina Reconstruction Project): Executive Director's determination that the County's acknowledgement of receipt, acceptance, and agreement with the Commission's certification with suggested modifications is legally adequate. This determination will be reported to the Commission at the September 2006 meeting in Eureka.

On May 11, 2006 the Commission approved Public Works Plan Amendment No. 1-05 to the Channel Islands Harbor Public Works Plan (PWP) submitted by the County of Ventura Harbor Department with suggested modifications. This amendment incorporates the Vintage Marina Reconstruction Project as an allowed use into the County's certified PWP for Channel Islands Harbor.

On July 25, 2006 the Ventura County Board of Supervisors adopted a Resolution (attached) acknowledging receipt of the Commission's certification of LCP Amendment No. MAJ-1-05 on May 11, 2006 and accepting and agreeing to all modifications suggested by the Commission.

Pursuant to Section 13544 of the California Code of Regulations, Title 14, Division 5.5, the Executive Director must determine that the action taken by the County of Ventura acknowledging receipt and acceptance of, and agreement with the Commission's certification of the above referenced PWP amendment with suggested modifications is legally adequate and report that determination to the Commission. The certification shall become effective unless a majority of the Commissioners present object to the Executive Director's determination.

I have reviewed the County's acknowledgement and acceptance of, and agreement with the terms and suggested modifications of PWP Amendment 1-05, as certified by the Commission on May 11, 2006, and find that the County's action is legally adequate to satisfy the terms and requirements of the Commission's certification. I therefore recommend that the Commission concur in this determination.
