**PRIORITY LEGISLATION**

**AB 42 (Huffman)**

This bill authorizes the Department of Parks and Recreation to enter into agreements with non-profit organizations to operate, manage and maintain State Park facilities that would otherwise be closed due to budget shortfalls.

Introduced 12/06/10  
Last Amended 08/30/11  
Status Chaptered with the Secretary of State, Statutes of 2011, Chapter 450

**AB 95 (Committee on Budget) Budget: resources**

In relevant part, this bill provides immunity to a public entity and/or a public employee for injury or damage either caused by a condition of public property occurring at a state park system unit that is designated as closed, partially closed, or subject to service reduction by the department. This immunity applies notwithstanding the fact that the public has access, whether invited or uninvited, to the state park system unit, and notwithstanding that the department may take actions such as patrols, inspections, maintenance, and repairs necessary to protect the state park system unit facilities and resources from deterioration, damage, or destruction. Other, pre-existing statutory immunities would probably also apply to many claims that are covered by this new immunity, but they all have specific criteria that need to be satisfied in order to apply. Under this bill, all that needs to be established for the new immunity to apply is that the park where the injury occurred was either closed, partially closed, or subject to service reductions.
