SUBJECT: **Local Coastal Program (LCP) Planning Items Summary**

There are approximately 141 LCP planning items currently pending with the Commission or at the local level. As summarized below, about half of these have been formally submitted to the Commission and about half are pending at the local government review stage (not yet submitted to the Commission for review).

All but three of the identified submitted LCP amendments are **major** amendments. (A minor amendment proposes no changes to the kind, location, intensity, or density of uses in the LCP.)
