- TO: Coastal Commission and Interested Parties
- From: Charles Lester, Executive Director Susan Hansch, Chief Deputy Director
- Subject: Budget Briefing and Background Report September 10-11, 2014 Commission Meeting

Informational Only/No Commission Action Required

The Commission staff briefed the Commission on the budget most recently in writing on July 7, 2014, May 2014, April 2014, February 2014, and December 2013. We are including some of the information provided to the Commission in those earlier briefings and some additional background budget process information and reference documents, status of the current budget, and copies of the Commission's approved budget as it appeared in the Governor's Budget and the enacted <u>Budget Act of 2014</u> (FY 14-15).

One of the Chief Deputy Director's major responsibilities is to oversee the Commission's Budget. The Chief Deputy will be at the September Commission meeting to provide a brief presentation and discuss the Budget with Commission and answer questions.

State of California Budget Process

The California State Budget process is extremely complex and during most of the year budget staff members in state agencies are working on at least two budget years concurrently: (1) managing the current budget year and (2) planning the proposed next budget year. In the summer, budget staff is working on three concurrent budgets: (1) closing out the fiscal year that ends June 30; (2) setting-up tracking and managing the current fiscal year that begins July1; and (3) preparing Budget Change Proposals and schedules and worksheets for the Governor's Budget (issued every January 10) for the next fiscal year starting the following July.

The Department of Finance (DOF) descriptions and overviews of the State Budget process are included as Attachment I. These Department of Finance documents provide an excellent description of the legally required steps in the budget process.

The Department of Finance is in the process of a comprehensive change to computerize more of the budget process into a new system called Financial Information System for California (FI\$CAL). It will be several more years before the system is fully implemented and operational for the entire State Budget. For the proposed FY 15-16 Budget, the Commission is working with Department of Finance to set up new required coding for FI\$CAL and prepare documents in a new format. Until FI\$CAL is up and running, the transition process is a significant added workload for Commission staff and the staff of other state agencies.

This chart is a Commission staff compiled summary of the key figures in the Final Enacted Budget for FY 14-15. The official enacted budget, the Spring Finance Letter, and the Governor's Budget for the Commission were all included in the July 2014 budget report to the Commission and the July report is attached to this report as background. Please see those documents for more detailed information. (Attachment II.)

Summary Description of Key Components of the Coastal Commission's Budget

The Coastal Commission receives funding from the following sources which are listed on the first page of the Governor's Budget for the Commission and in the final Enacted Budget for FY 14-15.

| Fund Number | Description | FY-14-15 |
|----------------|--|--------------|
| 0001 | General Fund | \$13,073,000 |
| 0371 | California Beach and Coastal EnhancementFund (CBCEA) - (Whale-Tail Fund) StateOperations | \$626,000 |
| 0371 | California Beach & Coastal Enhancement Fund (CBCEA) -Local Assistance (Whale-Tail Grants) | \$754,000 |
| 0890 | Federal Trust Fund – Federal grants from NOAA and other sources | \$2,591,000 |
| 0995 | Reimbursements - (Contracts with other state agencies and contractors and non-state entities for services provided by the Commission). | \$2,462,000 |
| 3123 | Coastal Act Services Fund – Revenues from Commission's Filing Fees as appropriated by the Legislature. | \$2,676,000 |
| 0565 | State Coastal Conservancy Fund ViolationRemediation Account -(special appropriationfor database system appropriations for 2 years:FY 11-12 and FY 12-13) | \$0 |
| 8029 | California Climate Resilience Account (New fund established for FY 14-15) | \$500,000 |

- Authorized Positions for FY 14-15: Total 167 positions: (160.2 regular and 6.8 temporary help).
- Violation Remediation Account (VRA) Allocation: The \$1,136,000 allocation from the Violation Remediation Account/State Coastal Conservancy to the Commission for database upgrade in FY 2011-2012 available in use in FY 2011-2012 and FY 2012-2013 was fully expended by June 30, 2013 therefore, that

allocation is not in FY 2013-2014 or FY 2014-2015 budget, but is listed in the Governor's Budget as past years expenditures.

- Federal Funds: Federal funds include funds the Coastal Commission receives as the primary NOAA grantee and transfers to the San Francisco Bay Conservation and Development Commission (BCDC). Federal funds listed in the Governor's budget and the Enacted Budget are the *estimated* federal funds the Commission expects to receive and this budget line is an authorization to expend. Receiving the federal funds is also dependent on the Commission's ability to deliver required grant tasks. Because of short staffing and furloughs the Commission has not always been able to collect all the federal funds in a particular fiscal year the federal funds were authorized for expenditure. Most federal funds run 18 months into two fiscal years. Therefore, the Commission has a small amount of flexibility in the timing the spending of some federal grant funds.
- **Reimbursements:** The reimbursements section of the budget includes income to the Commission from other state agencies via Interagency Agreements. The Commission has ongoing agreements with CALTRANS, the San Francisco Bay Conservation and Development Commission (BCDC), and the Department of Fish and Game, Oil Spill Prevention and Response for staff services that the Coastal Commission provides these agencies.

The reimbursements section of the budget also includes the authorization to spend some funds received from non-state entities. In FY 08-09 the Commission prepared a Budget Change Proposal (BCP) that was approved that established reimbursement authority and reimbursement authorization for the Coastal Commission to accept funds from entities other than state agencies including individuals, permit applicants, private business, corporations, and non-profits to provide staff services and operating expenses as specified in specific contracts and Memorandum of Agreements (MOAs).

Since approval by Department of Finance, the Governor, and the Legislature in the Enacted FY 08-09 Budget, the Commission has received approximately \$375,000 per year in funds from non-state entities. The Commission Executive Director, Chief Deputy Director and Deputy Directors developed Memorandum of Agreements with non-state entities that offered funding to ensure that there was adequate staff to review their complex projects typically over the course a two-year period. The companies provided funding that allowed the Commission to keep staff positions filled that would have been eliminated without the funding. The companies have no control over the staff assignments or staff review of their projects.

The reimbursements line in the budget is only an estimate and an authorization to spend. Reimbursements cannot be claimed unless the required work is accomplished. Because of Commission's staffing and furloughs the Commission has not always been able to collect all reimbursements that are authorized in the

approved Budget. Every year, the Coastal Commission staff submits supplementary schedule – Reimbursements DF 301 to the Department of Finance. (Attachment III.) This DOF Schedule is an estimate of current year and proposed budget year expenditures.

The Commission's regulations Section 13055 establish permit and filing fees and 13055(g) allows the Commission to require the applicant to reimburse the Commission for any additional reasonable expenses incurred in processing the permit applications. The Commission has used this section in cases where special large hearing venues were required, special noticing or special technical review.

Budget Funding History

Attachment IV is a summary of the Coastal Commission's budget for state operations since the beginning of the Commission in FY 1972-73. For past years all numbers listed are actual expenditures for state operations.

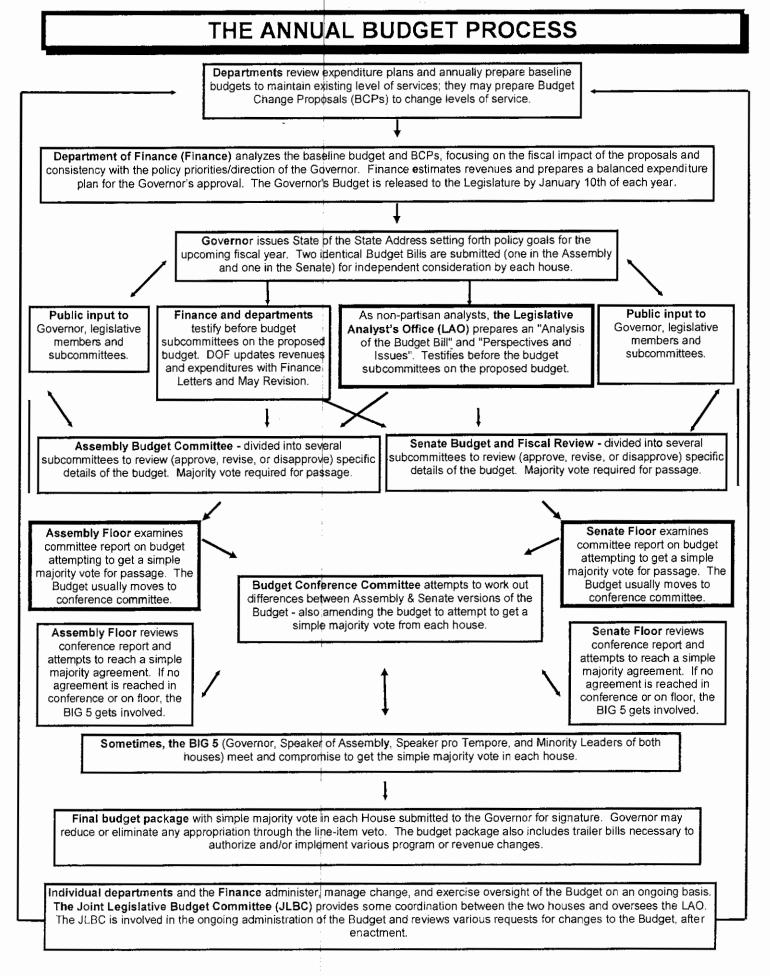

Current Phase of Budget Process

The Commission staff:

- is working with the Department of Finance to include actual expenditures for FY 13-14 (fiscal year that ended June 30, 2014) into the galley for the Governor's January 2015 Budget;
- is tracking expenditures and estimating essential purchases as authorized in current year FY 14-15 Budget;
- has submitted proposed Budget Change Proposals (BCPs) for FY 15-16 (for Whale-Tail grants and LCP Local Assistance grants); and
- is working with Department of Finance on regular basis on budget schedules, and drills for the current fiscal year FY 14-15 and the proposed Budget Year FY 15-16.

Commission staff will brief the Commission in writing again in February 2015 after the Governor's Budget is issued on January 10, 2015. The Chief Deputy Director is available to provide additional information and to answer Commission questions by phone or at a Commission meeting.

Budget Process Overview

The Governor's Budget is the result of a process that begins more than one year before the Budget becomes law. When presented to the Legislature on January 10 of each year, the Governor's Budget incorporates revenue and expenditure estimates based upon the most current information available through mid December. In the event that the Governor wants to change the Budget presented to the Legislature, including adjustments resulting from changes in population, caseload, or enrollment estimates, the Department of Finance (Finance) proposes adjustments to the Legislature during budget hearings through Finance Letters. During late spring, usually in May, Finance submits revised revenue and expenditure estimates for both the current and budget years to the Legislature. This update process is referred to as the May Revision. Finance also prepares monthly economic and cash revenue updates during the fiscal year. Listed below are the key documents used in the budget process.

| Title Budget Letters and Management Memos | Purpose Convey the Administration's guidelines for budget preparation to agencies and departments. | Prepared/issued by Governor/Finance | When January through December |
|---|---|---|---|
| Budget Change Proposals | Documents that propose to modify or change the existing level of service, propose new programs, or delete existing programs. | Agencies and departments submit to Finance analysts | July through September |
| Governor's Budget | Governor's proposed budget for the upcoming fiscal year. | Governor/Finance | January 10 |
| Governor's Budget Summary | A summary of the Governor's Budget. | Governor/Finance | January 10 |

CALIFORNIA'S BUDGET PROCESS

Preface

The budget process for California defies a simple concise definition. It is a process rather than a product. It is not the development of the Governor's Budget, the Legislature's enactment of a budget nor the executive branch's administration of the budget. Rather, it is the combination of all of these phases with all the ramifications and influences of political interactions, relationships with federal and local governments, public input, natural events, legal issues, the economy, initiatives and legislation, etc.

Although the size and complexity of California and the dynamics of the process make it difficult to establish and maintain an orderly process, these very reasons necessitate an orderly formalized process. The following sections summarize the major steps and procedures of California's budget process.

Budget Development

The State Constitution requires that the Governor submit a budget to the Legislature by January 10. It provides for a balanced budget in that, if the proposed expenditures for the budget year exceed estimated revenues, the Governor is required to recommend the sources for the additional funding.

The Director of Finance, as the chief financial advisor to the Governor, directs the effort for preparation of the Governor's Budget. Under the policy direction of the Governor, the Director of Finance issues instructions and guidelines for budget preparation to agencies and departments. This effort typically gets underway even before the Legislature has passed the budget for the current fiscal year.

Although California has utilized concepts such as Zero-Based Budgeting, Management by Objectives, and Total Quality Management, the basic approach utilized is incremental budgeting. This approach essentially uses the current departmental level of funding as a base amount to be adjusted by change proposals. The Budget Change Proposal (BCP) has been the traditional decision document which proposes a change to the existing budget level. The BCPs are submitted by departments to the Department of Finance for review and analysis.

The general goal in the budget decision process is to resolve budget issues at the lowest level possible. For those departments that are under an Agency Secretary, departments must clear their proposals through Agency-level hearings. The Department of Finance generally attends these hearings. For non-Agency departments, proposals are presented directly to the Department of Finance. Issues which are not resolved between departments and Finance staff are discussed at hearings conducted by the Director of Finance. The most sensitive issues are ultimately presented to the Governor for a decision.

After all decisions are completed, the Department of Finance coordinates the printing of the following publications which comprise the Governor's Budget package. They are available from the <u>Department</u> of Finance Website.

Governor's Budget Summary—A summary volume which includes the Governor's goals and objectives for the forthcoming year, and the policy perspectives and highlights of changes in the Governor's Budget.

Governor's Budget—A detailed presentation for each department for the past, current, and budget years.

Salaries and Wages Supplement -- A detailed presentation of authorized staffing and related salaries.

The Governor annually unveils the budget at a formal press conference. The Governor's State of the State address typically includes a general presentation of the Administration's budget policies and priorities.

Budget Enactment

By constitutional requirement, the Governor's Budget must be accompanied by a Budget Bill itemizing recommended expenditures which shall be introduced in each house of the Legislature. The Constitution also requires that the Legislature pass the bill by June 15.

The Senate Budget and Fiscal Review Committee and the Assembly Budget Committee are the two committees that hear the Budget Bills. They assign the items in the bill to several subcommittees (by major subject areas such as Education or Health and Human Services) which conduct budget hearings. These hearings generally begin in late February soon after the Legislative Analyst issues the "Analysis of the Budget Bill". The Legislative Analyst is appointed by the Joint Legislative Budget Committee and is charged with providing a nonpartisan analysis and recommendations for changes to the Governor's budget plan.

In addition to the Legislative Analyst, the Department of Finance and departmental staff typically provide testimony at the subcommittee hearings. In recent years, there has been increasing input by partisan fiscal committee consultants of both the majority and minority parties. Additionally, lobbyists and the public may provide testimony at the hearings.

The Department of Finance proposes adjustments to the Governor's Budget through "Finance Letters" in the spring. By statute, the Department of Finance is required to give the Legislature all proposed adjustments, other than Capital Outlay and May Revision, to the Governor's Budget by April 1. Capital Outlay adjustments are due by May 1. The traditional May Revision adjustments are due by May 14, and consist of an update of General Fund revenues and changes in expenditures for school funding requirements pursuant to Proposition 98, caseload, enrollment, or population. The Legislature typically waits for the May Revision update before final budget decisions are made on major programs such as Education, Corrections, and Health and Human Services.

When a subcommittee completes its actions, it reports its recommendations to the full committee. Upon adoption of the budget by the full committee, a recommendation is made to the Floor (full house). Upon simple majority vote of the house, the Budget Bill is passed to the other house. A Budget Conference Committee is then appointed to work out differences between the Senate and Assembly versions of the bill. Upon completion of action by the Conference Committee and a simple majority vote, this conference version is then sent to the two houses for approval.

Sometimes the Conference Committee does not reach final resolution on the budget. This stalemate typically results from non-resolution of a few major issues. These issues are then resolved by the "Leadership" or "Big 5" (Governor, Speaker of the Assembly, President Pro Tempore, and the minority leaders of both houses).

When the Budget Bill receives a simple majority vote of each house, it is passed on to the Governor. The Constitution allows the Governor to reduce or eliminate an item of appropriation.

The Constitution prohibits the Legislature from sending to the Governor, and the Governor from signing into law, a budget bill that would appropriate from the General Fund a total amount that, when combined with all appropriations from the General Fund for that fiscal year, and any amount transferred to the Budget Stabilization Account, exceeds General Fund revenues for that fiscal year. In addition, Government Code Section 13337.5 requires that projected expenditures shall not exceed projected revenues for the ensuing fiscal year.

The Department of Finance publishes three documents upon enactment of the Eudget Act. The first two

are also available from the Department of Finance Website.

Final Budget Summary—This document is an annotated version of the Budget Act which includes summary tables, technical corrections to the Budget Act, and the effect of vetoes on the items and sections of the Budget Act.

Final Change Book—This document provides the detail of changes between the January 10 budget and the enacted budget.

There are generally budget changes proposed by the Governor or the Legislature which necessitate changes to existing law in order to implement the budget changes. If this is the case, separate bills are introduced to implement the change. These budget implementation bills are called "trailer bills" and are heard concurrently with the Budget Bill. By law, all proposed statutory changes necessary to implement the Governor's Budget are due to the Legislature by February 1.

Administration

The Budget Act is the primary source for appropriations. Continuous statutory appropriations and special legislation also provide expenditure authority.

Departments have the primary responsibility to operate within budgeted levels and to comply with any restrictions or limitations enacted by the Legislature. Further, the general expectation is that State agencies comply with the legislative intent. Although the general expectation is to conform to the enacted budget, the Legislature has recognized a need to establish some flexibility to adjust budgets. For example, the statutes provide a continuous appropriation for allocations by the Director of Finance to meet expenditures resulting form natural disasters for any emergency proclaimed by the Governor. The Legislature has also provided provisions in the Budget Act to allow for budget adjustments. Most of this authority requires Director of Finance approval; many require a formal notice to the Legislature and a waiting period to provide the opportunity for legislative review and response before final approval. Budget Act provisions to allow adjustments include authorizations for:

- Changes to federal funding levels
- Funding for unanticipated costs
- Changes to reimbursements
- Intra-item transfers

The Department of Finance approves budget changes using Budget Revisions, Executive Orders and letters. These changes are transmitted to the State Controller's Office, which maintains the statewide appropriation control accounts.

The Governor has certain powers to adjust expenditures. Although these powers do not permit for adjustment of appropriations, the expenditure plan may be changed. For example, past Governors have issued Executive Orders to implement hiring and equipment purchase freezes and delayed capital expenditures. Under emergency conditions, the Governor is also authorized to direct State resources to meet emergency needs.

BUDGET PROCESS

Because of the dynamic nature of California's budget process, there is no single document which provides a comprehensive description of the process. The dynamics require changing instructions, descriptions, forms and procedures, law changes, etc. The following provide information about the budget process:

EDMUND G. BROWN, JR., GOVERNOR

W6a

July 7, 2014

TO: Coastal Commissioners and Interested Parties

From: Charles Lester, Executive Director Susan Hansch, Chief Deputy Director

Subject: Final FY 2014-15 Coastal Commission Budget Informational Only/No Commission Action Required

(Note of Appreciation and Acknowledgment: The Coastal Commission and its staff sincerely appreciate and would like to thank Governor Brown, the Department of Finance, the Secretary for Natural Resources, the Senate and Assembly Sub-Committees, the full Legislature, local governments, NGO groups and the public for their support of the investment of resources for the update and completion Local Coastal Programs with a special focus on adaptation to climate change.)

> FY 2014-2015 Budget (July 1, 2014 – June 30, 2015)

Governor Brown signed the State of California Budget on Friday, June 20, 2014.

The 2014 Budget Act includes the following for the Coastal Commission:

- 1. The Commission's basic baseline budget as proposed in the Governor's January 10, 2014 Budget. (Attached.)
- 2. The Department of Finance Spring Finance Letter issued on April 1, 2014, added two additional years (FY 2014-15 and FY 2015-16) of state operations funding of \$3 million for 25 limited-term positions and operating expenses. (Attached.)

For FY 2014-15 the funding will come from reappropriating \$1 million in General Fund from FY 2013-14 and \$2 million from the Coastal Act Services Fund (CASF) (3123). The Coastal Act Services Fund holds the filing and permit fees that the Coastal Commission receives from applicants for regulatory actions. Because of the current reserve in the Coastal Act Services Fund, there are adequate funds to fund this LCP work for FY 2014-15 and FY 2015-16 only. (See FY 2014-15 Enacted Budget – attached.)

Final FY 2014-15 Coastal Commission Budget Memo Page 5

For FY 2015-16, the funding is proposed to come from \$1 million in Environmental License Plate Funds and \$2 million from the Coastal Act Services Fund. By approving the Spring Finance Letter, the Department of Finance (DOF), has committed to include this \$3 million for LCP state operations in the Governor's Proposed Budget to be issued January 10, 2015, for FY 2015-16 to the extent that the CASF and ELPF have sufficient balances to support the requested expenditures (per DOF, June 2014).

- 3. The 2014 Budget Act (per DOF) also includes \$1 million in General Fund allocation for LCP local assistance grants to local governments for the FY 2014-15 budget.
- 4. The 2014 Budget Act includes a one-time addition of \$500,000 for FY 2014-15 from the new Climate Resilience Account (via the Environmental License Plate Fund) for work on climate change adaptation.
- 5. There were no veto messages pertaining to the Coastal Commission's FY 2014-15 budget and no specific sustain or comment messages included in the Governor's signing of the Budget Act regarding the Coastal Commission.

Senate Budget Sub-Committee No. 2 and Assembly Sub-Committee No. 3 Approved Intent Actions for a Five-Year LCP Funding Commitment (through FY 2017-18)

Senate Budget Sub-Committee No. 2 and Assembly Budget Sub-Committee No. 3, both approved the Spring Finance Letter for LCP work for FY 2014-15 and FY 2015-16. In addition, both Sub-Committees approved \$3 million (Environmental License Plate Fund) for state operations (FY 2016-17 and FY 2017-18) and \$1 million (General Fund) for local assistance (FY 2015-16 through FY 2017-18) for a total of five years of enhanced LCP funding. (FY 2013-14 through FY 2017-18.)

The Legislature has the authority to appropriate funds for one fiscal year at a time. The actions approving a total of five years of LCP funding by the Senate and Assembly Sub-Committees express the intent of the Subcommittees that funding should be provided for a full five years through FY 2017-18. LCP funding for state operations and local assistance for FY 2015-16, FY 2016-17 and FY 2017-18 will need to be included in the Governor's Proposed Budget issued January 10 of each year for the funding to be included in the following fiscal year or be added through legislative action and then included in the final approved budget for the specific fiscal year.

The Commission will also need to prepare and submit Budget Change Proposals (BCPs) for all funding not included in the approved 2014 Spring Finance Letter.

The following chart summarizes the status of the LCP funding by fiscal year and highlights steps that need to be accomplished to ensure funding in future years.

Final FY 2014-15 Coastal Commission Budget Memo Page 6

Status of LCP Funding by Fiscal Year & Steps for Future Funding

Current Year: FY 2013-14 FY 2013-14 (current fiscal year ending June 30, 2014)

- \$3 million in General Fund for state operations (25 limited-term staff and operating expenses);
- \$1 million in General Fund for local assistance LCP grants to local governments;

Budget Year: FY 2014-15 (New fiscal year beginning July 1, 2014 – June 30, 2015) (included in the 2014 Budget Act)

- \$1 million General Fund reappropriation from FY 2013-14;
- \$2 million in Coastal Act Services Fund (CASF);

(Total of up to \$3 million in state operations for up to 25 limited-term staff and operating expenses)

• \$1 million in General Fund for Local Assistance LCP grants for local governments

Future Years: FY 2015-16, FY 2016-17, FY 2017-18

FY 2015-16 (Governor's Proposed Budget for FY 2015-16 to be issued January 10, 2015)

- \$2 million in Coastal Act Services Fund (CASF);
- \$1 million in Environmental License Plate Fund ELPF;

(Total of \$3 million in state operations for up to 25 limited-term staff and operating expenses. This funding was approved through the April 2014 Spring Finance Letter. Per Department of Finance, this funding will be included in the FY 2015-16 Governor's Budget to the extent the CASF and ELPF can support the proposed funding as projected)

• Legislative intent for \$1 million in General Fund for Local Assistance grants to local governments. The Commission will be required to prepare and submit a Budget Change Proposal (BCP) for LCP Local Assistance grant funding for FY 2015-16 and thereafter.

FY 2016-17 (July 1, 2016 – June 30, 2017) and FY 2017-18 (July 1, 2017 – June 30, 2018)

- Legislative intent for:
 - \$3 million for FY 2016-17 and FY 2017-18 from the Environmental License Plate Fund (ELPF) for state operations for 25 staff positions and operating expenses. The Department of Finance has expressed concern about whether the ELPF will have sufficient funds available to fund the LCP Program. The Commission will be required to submit a Budget Change Proposal (BCP) in September 2015 for the Department of Finance to consider for inclusion in the Governor's Budget in January 2016 for the FY 2016-17 budget;

Amendment to Budget Bill Items 3720-001-3123 and 3720-001-0001, and Addition of Budget Bill Item 3720-490, Support, California Coastal Commission

Local Coastal Programs—It is requested that Item 3720-001-3123 be increased by \$2 million and Item 3720-001-0001 be amended to reflect this change. It is also requested that Item 3720-490 be added to reappropriate \$1 million General Fund from the 2013 Budget Act (see Attachment 1). This augmentation will provide continued funding for 25 limited-term positions and operating expenses for a two-year period to address a backlog of Local Coastal Programs requiring certification and provide guidance to cities and counties preparing Local Coastal Programs.

The effect of my requested action is reflected on the attachment.

If you have any questions or need additional information regarding this matter, please call Will Schaafsma, Principal Program Budget Analyst, at (916) 324-0043.

3720 California Coastal Commission

The California Coastal Commission, comprised of 12 voting members appointed equally by the Governor, the Senate Rules Committee, and the Speaker of the Assembly, was created by voter initiative in 1972 and was made permanent by the California Coastal Act of 1976 (Coastal Act). The Coastal Act calls for the protection and enhancement of public access and recreation, manne resources, environmentally sensitive habitat areas, manne water quality, agriculture, and scenic resources, and makes provisions for coastal-dependent industrial and energy development. New development in the coastal zone requires a coastal program (LCP) for the coastal zone portion of their jurisdiction. After an LCP has been reviewed and approved by the Commission as being consistent with the Coastal Act, the Commission's regulatory authority over most types of new development is delegated to the local government, subject to limited appeals to the Commission. The Coastal Zone Management Act in California and has exclusive regulatory authority over federal activities such as permits, leases, federal development projects, and other federal actions that could affect coastal zone resources and that would not otherwise be subject to state control.

a/ State Operations funding only. Does not include Local Assistance funding. Fiscal Years 1980-81 through 2012-2013 reflect past year actual support operations expenditures shown in Governor's Budget.

b/ FY 1972-73 through FY 2012-13 are actual "Personnel Years" expended not authorized positions.

c/ Carryover of \$647,000 based upon \$1,136,000 one time FY 11/12 VRA fund (to be used over 2 years) for Coastal Management Program - Permit Tracking System.

d/ Budgeted authorized positions and projected expenditures from the Governor's Budget not actuals.

e/ General Fund augmented by \$3,000,000 for support of the LCP program.

f/ Coastal Act Services Fund includes \$2,000,000 for support of LCP program.

g/ Reappropriation of up to \$1,000000 of carryover from FY13/14 General Fund not reflected.

The Coastal Commission is the only authorized agency to accept Federal Coastal Zone Management Funds from 1979/80 thru the present.

BCDC, State Coastal Conservancy, State Parks and any other state agency federal Funds received by and passed through to other state agencies have been removed from the Federal funds column

Prior to FY 1979/80, BCDC received Federal Trust Funds directly... the Commission did not serve as the pass-thru agency until FY 1979/80.
