Th18b

DATE: August 18, 2016

TO: Commissioners and Interested Parties

FROM: Jack Ainsworth, Acting Executive Director

SUBJECT: **County of Santa Barbara LCP Amendment LCP-4-STB-14-0835-2-Part B (General Package):** Executive Director's determination that the County's acknowledgement of receipt, acceptance, and agreement with the Commission's certification with one suggested modification is legally adequate. This determination will be reported to the Commission at the Thursday, September 8, 2016 hearing in Newport Beach.

On March 11, 2016, the Commission approved Local Coastal Program Amendment No. LCP-4-STB-14-0835-2-Part B, submitted by the County of Santa Barbara, with one suggested modification. This amendment modifies the Coastal Zoning Ordinance to add and amend the definition of special care homes and to amend regulations related to various topics including: parking, setbacks for swimming pools and spas, number of residents within special care homes, screening for the accessory storage of materials, structural changes to non-conforming structures and uses, permit timing for conditional use permits and land use permits, and filing procedures for reclamation and surface mining permits.

On June 21, 2016, the County Board of Supervisors adopted Resolution No. 16-169 (attached) acknowledging receipt of the Commission's certification of LCP Amendment No. LCP-4-STB-14-0835-2-Part B and accepting and agreeing to the one modification suggested by the Commission.

Pursuant to Section 13544 of the California Code of Regulations, Title 14, Division 5.5, the Executive Director must determine that the action taken by the County of Santa Barbara acknowledging receipt and acceptance of, and agreement with the Commission's certification of the above referenced LCP amendment with one suggested modification is legally adequate and report that determination to the Commission. The certification shall become effective unless a majority of the Commissioners present object to the Executive Director's determination.

I have reviewed the County's acknowledgement and acceptance of, and agreement with the terms and one suggested modification to LCP Amendment LCP-4-STB-14-0835-2-Part B, as certified by the Commission on March 11, 2016, as contained in the adopted Board Resolution of June 21, 2016, and find that the County's action and notification procedures for appealable development are legally adequate to satisfy the terms and requirements of the Commission's certification. I therefore recommend that the Commission concur in this determination.
