ORDINANCE 2016-03

AN ORDINANCE OF THE CITY OF TRINIDAD
REPEALING EXISTING SECTION 17.56.190 AND ADDING A NEW SECTION 17.56.190 AND
AMENDING SECTION 17.56.060 OF TITLE 17 OF THE TRINIDAD MUNICIPAL CODE
(REPEALING EXISTING SECTION 6.26 AND ADDING A NEW SECTION 6.26 AND
AMENDING SECTION 6.06 OF THE COASTAL COMMISSION CERTIFIED ZONING
ORDINANCE)

The City Council of the City of Trinidad does hereby ordain as follows:

ORDINANCE 2016-03, SECTION 1: PREAMBLE

The City of Trinidad (hereinafter City) is a small town with a population of approximately 350 people. Historically, most houses in the City accommodated resident owners or long-term renters. Over the last twenty years there has been an ongoing trend wherein many houses in the City have been converted to Short Term Rentals (STRs).

The effect on the City has been a noticeable change within many residential neighborhoods. In the winter, many houses in the City are vacant as STR's are not rented as often in the winter months. In the summer, STR's are occupied by transient visitors, often in higher numbers than a residential home. Tourists are concerned with their recreation and vacation pursuits but do not always display an appropriate level of concern for City residents' right to quiet peace and enjoyment of neighboring property.

By this new STR Ordinance, the City attempts to find an appropriate balance between the interests of the City residents, property owners, STRs owners, commerce in the City, and visitors enjoying the City and the coast. In considering these issues the City Council has made the following findings and determinations after long and careful study of the issues:

* The proportion of homes in the City being used primarily as vacation rentals or STRs has risen from approximately 5 percent of the total dwelling units in the City in 2000 to approximately 18 percent in 2014.

* Short Term Rentals in Trinidad provide significant lodging opportunities for visitors and tourists, who are economically important to the retail businesses and restaurants in Trinidad.

*Transient Occupancy Tax from STRs is a significant annual component of the City's General Fund income.

* Given the City's small size and desirability as a tourist destination, the proportion of homes used primarily as STRs may continue to increase in the absence of regulation.

* STRs have the potential to alter the residential character of neighborhoods with impacts related to traffic, parking, noise, occupancy, septic system capacity, housing availability, real estate prices, neighborhood character, City population, the availability of citizens to participate in the community, and the quality of life in the City for both residents and tourists.

* City residents have raised concern over the impacts caused by STR's and the increased number of homes becoming STR's, and called on the City to find a balance between residential and vacation rental uses.

* High numbers and concentrations of STRs can have negative impacts on coastal resources such as environmentally sensitive habitat areas and public access, and STR use needs to be regulated to minimize impacts.

* A City Ordinance regulating some aspects of STRs went into effect in 2015, but did not address the overall number of vacation rentals in the City.

*The California Coastal Commission (Commission) has oversight of City STR regulations, therefore understanding the Commission's guidance and decisions on these issues is a prudent place to start. The Commission has established that:

- STRs are an allowable use in Residential Zoning,
- STRs serve a benefit to the Coastal Act's goals by providing coastal lodging,
- Cities do have legitimate reasons to regulate STRs.
- Coastal Act section 30213 protects lower cost visitor serving uses, including STRs, and the City has an obligation to accommodate those uses.
- Attempts to ban STRs outright have been overruled based on impacts to visitor services opportunities.
- Limits on the number or proportion of homes used as STRs have been upheld, along with reasonable regulations to address potential nuisance impacts.

* California state law and the City of Trinidad General Plan require the City to maintain a mix of affordability in its residential housing stock, but affordability and accessibility of housing for long-term residents is negatively affected by STRs. Prospective buyers interested in living in Trinidad are competing with buyers interested in the house as primarily an STR investment property.

* Engaged citizens who live in a community are the basic fabric that makes up a community, and too high of a tourist-to-resident ratio in our residential neighborhoods can dramatically alter the health and welfare of the City and its residents.

* At the City Council's direction, the Planning Commission devoted substantial effort over nine months of public meetings to developing this ordinance, and the City Council then further considered changes over four months of public meetings to complete this revised ordinance.

* A cap on the number of STR's allowed in Residential Zones is an appropriate tool to set a balance between the benefits and impacts of Short Term Rentals.

* Regulating the transferability of STR licenses will reduce their impact on real estate prices, and it will help achieve the City's desired balance between STRs and long-term residents

* By establishing standards for visitor behavior and occupancy, the City will mitigate the potential conflict between tourists who want to enjoy their vacations and nearby residents who have a right to the peaceful use and enjoyment of their homes.

* Standards for health and safety will ensure appropriate facilities for tourists.

* Standards for visitor behavior, water use, and occupancy will help the City protect the sensitive coastal resources and environment of Trinidad.

ORDINANCE 2016-03, SECTION 2:

There is hereby added to the Trinidad Municipal Code a new Section, Section 17.56.190, replacing the existing Section 17.56.190 (and hereby added to the Coastal Commission certified Zoning Ordinance a new Section 6.26, replacing the existing Section 6.26), "City of Trinidad Short Term Rental Ordinance," which shall read as follows:

17.56.190 (6.26).A Short Title

This Section shall be known and may be cited as "City of Trinidad Short Term Rental (STR) Ordinance."

17.56.190 (6.26).B Findings

The City Council finds that adoption of a comprehensive code to regulate issuance of and standards for Short Term Rental Licenses is necessary to protect the public health, safety and welfare and to strike a proper balance between City residents' concerns and the rights of property owners, STR owners and operators as well as visitors to the City. The City Council finds the regulation of short-term rental uses through this Ordinance, including its non-transferability provisions, to be a valid exercise of the city's police power in furtherance of the legitimate governmental interests documented in this chapter.

17.56.190 (6.26).C Purpose

The purpose of this Section is to establish a permitting process, together with appropriate standards that regulate short-term rental of dwellings in the City in order to: minimize negative secondary effects of Short Term Rentals (STRs) on surrounding residential neighborhoods; preserve the character of neighborhoods in which any such use occurs; ensure that STRs are compatible with surrounding residential and other uses and will not act to harm or alter the neighborhoods within which they are located; minimize impacts to coastal resources; provide for visitor services in accordance with the Coastal Act; and to ensure STRs are consistent with all other provisions of the General Plan and Zoning Ordinance. This section addresses traffic, noise and density; ensures health, safety and welfare of neighborhoods as well as of renters and guests patronizing short-term rentals; and imposes limits on the number of licenses issued to ensure long-term availability of the affordable housing stock and to ensure Trinidad has enough residents to maintain a viable community. This chapter also sets regulations to ensure enforcement of these standards, and collection and payment of fees and transient occupancy taxes.

17.56.190 (6.26).E Application Requirements

1. Initial Application.

- a. Each STR must procure an STR License. No additional business license is required for an STR. The STR License shall identify the existence of an STR at a particular address and declare the type of STR, number of bedrooms rented in the STR and its intended maximum occupancy.
- b. A site plan and floor plan must be submitted along with the STR License application so the City can verify the number of bedrooms, off-street parking spaces, and other requirements. The site plan and floor plan do not have to be professionally prepared, but must be to scale and include enough information to verify compliance. A sample rental agreement that includes the Good Neighbor Contract and any other forms as required by the City Manager shall also be provided. Applicants for a Homeshare or Resident STR License shall include documentation that the property is their Primary Residence.
- c. At the time of application for a new STR, the dwelling shall be subject to inspection by the Building Inspector. The purpose of the inspection is to determine the conformance of the dwelling with applicable City regulations. Prior to the issuance of the STR license, the owner of the dwelling shall make all necessary alterations to the dwelling as required by the Building Inspector to conform with applicable codes. This does not mean that the dwelling has to be brought into conformance with current building codes unless, in the opinion of the Building Inspector, the work is necessary to protect public health and safety.
- d. Each application for an STR License shall be accompanied with proof of general liability insurance in the amount of one million dollars combined single limit. In addition, the applicant shall sign an acknowledgement that they will operate the STR in accordance with all applicable rules and regulations, including this section, and that they can be held responsible for the behavior of their occupants and visitors in accordance with this Section.
- e. The City will notify all property owners within 300 feet of an STR property of the STR License within 10 working days of its issuance or re-issuance. This notice shall be combined with the distribution of contact information required in subsection 2.c below. STR License information, including, but not limited to, license number, address, maximum occupancy, Local Contact Person and 24-Hour Contact Phone Number, will also be posted on the City's website.
- f. Upon initial application for an STR License, the City shall provide all STR licensees with copies of informational materials identifying protective measures for preventing and minimizing impacts to

environmentally sensitive habitat areas, water resources, and septic systems from the short term rental use of the residence. Such protective measures include, but are not limited to: (1) avoiding human encroachment into environmentally sensitive habitat areas; (2) directing or screening exterior lighting from illuminating riparian corridor areas; and (3) best management practices for the proper handling and disposal of trash and chlorinated water from hot tubs, swimming pools, and other spa facilities.

2. Contact Information

a. Local Contact Person (LCP).

Each STR must designate a Local Contact Person on the STR License form. That person may be the owner or the property manager. The LCP may designate a temporary LCP for a specific rental night(s); that designation must be reported to the City at least 24 hours before the rental date. The LCP, or their temporary designee, must live within 20 miles of Trinidad and be able to respond personally to an STR concern within 30 minutes.

b. 24-Hour Contact Phone Number.

A 24-hour Contact Phone Number is required for each STR. The 24-hour Contact Phone Number shall be prominently placed for the occupants' use inside the STR. Any change to the 24-hour Contact Phone Number shall be promptly posted within the STR and provided to the Trinidad City Clerk at least 15 days prior to any change. A temporary LCP designee shall utilize the same Contact Phone Number as the LCP.

c. Distribution of Contact Information.

The name of the LCP and 24-hour Contact Phone Number will be forwarded by the City Clerk to the Trinidad Police Department, the County Sheriff's Office, the Trinidad Volunteer Fire Department, and to each neighbor within 300 feet of the STR, and posted on the City's website within 10 business days after the issuance or reissuance of an STR License for the STR.

The contact information sent to neighbors may include further instructions in the case that a response from the LCP is not forthcoming. If there is an emergency or complaint, and the LCP does not respond within a reasonable period of time, concerned persons will be encouraged to report an emergency through the 911 emergency calling system or the Police or Sheriff's Department for other complaints. It is unlawful to make a false report or complaint regarding activities associated with an STR.

3. STR License Renewals

STR licenses shall be renewed annually. Renewals must be submitted by February 1. New STRs that received a license after October 1 do not need to renew their license until the February after the license has been in place for a year. Any changes to the site plan, floor plan, allowable occupancy, or rental agreement shall be submitted along with the license renewal application. Existing STRs that have not had an initial inspection as required by §17.56.190.E.1.c will be subject to such an inspection.

Although the renewal process includes a staff review of City records and other pertinent information specific to complaints, if any, that have been received about the particular STR, it is the intention of the City of Trinidad that there is a presumption that an application for renewal of an STR License for an existing STR will be approved as long as all applicable standards are still met unless or until such time as the license is revoked pursuant to §17.56.190.R.4 (6.26.R4, *Revocation*) or 17.56.190.M.14 (6.26.M14, *Minimum Activity*) or until the STR license expires pursuant to 17.56.190.J (6.26.J, *License Transferability*) or if it is voluntarily withdrawn.

4. Appeals

Appeals of staff determinations or decisions in accordance with this section shall be appealable per section 17.72.100 (7.14) except that STR License decisions are not appealable to the Coastal Commission because they do not constitute a Coastal Development Permit. Notwithstanding section

17.72.100.D (7.14.D), fees for appeals of STR License decisions shall be set by resolution of the City Council.

5. Fees

Fees for initial applications and renewals for each type of STR shall be set by resolution of the City Council.

6. Application Wait List & Lottery

It is the City's intention to maintain no more than 19 Full-time STR Licenses and 6 Resident STR Licenses in the UR Zone and 6 Full-time STR Licenses in the SR Zone. When an STR license becomes available within one of those limits, the City will hold a lottery to allocate that STR License. The City will maintain a waiting list, for each type of STR License by zone as needed, of property owners who are interested in obtaining an STR License for their dwelling. A property owner may place his or her name on the waiting list at any time, but only once per property. The City will randomly draw a name from the waiting list for the appropriate type of license and zone. If the property meets the applicable location standards (§17.56.190.G (6.26.G)), that owner will have 45 days to submit a complete STR License application, along with any other associated license or permit applications (Use Permit, OWTS Operating Permit, etc.) that may be required. If the property owner does not obtain an STR License within 90 days, or if the property does not meet the applicable location standards, the City will draw another name from the waiting list for that zone and STR type.

17.56.190 (6.26).F Maximum Number of Short Term Rentals

In order to preserve community character and an appropriate balance of residential, commercial and visitor-serving uses, no new Full-time STR licenses shall be issued by the City if the total number of Full-time STR Licenses would exceed 19 in the UR Zone and 6 in the SR Zone, with no limit in other zones. An additional 6 Resident STR Licenses shall be allowed in the UR Zone, with no limit in other zones. Additional Resident STR Licenses may be granted in the UR Zone with approval by the Planning Commission pursuant to the Conditional Use Permit findings and procedures of Chapter 17.72 (Sections 7.06 - 7.18) of the Zoning Ordinance.

17.56.190 (6.26).G Location

STR's are permitted only in legally established dwellings within any zoning district. Each separate STR must obtain its own, individual STR License. There shall be no more than one STR per parcel.

No new STR within the UR zone shall be located where it shares a property boundary with a property containing another STR within the UR zone.

Either of these location standards may be modified through an exception approved by the Planning Commission pursuant to the Conditional Use Permit findings and procedures of Chapter 17.72 (Sections 7.06 7.18) of the Zoning Ordinance. Such an exception shall only be valid as long as the associated STR license is maintained.

17.56.190 (6.26).H One STR License Per Owner

No new STR license shall be issued for a property in the UR or SR Zone if the owner already holds another STR license unless there are fewer than the maximum number allowed pursuant to §17.56.190.F (6.26.F) and no other names are on the wait lists. This limitation shall not apply to renewals of existing STR licenses.

17.56.190 (6.26).I Effect on Existing STRs

Existing STRs, in excess of the number allowed in §17.56.190.F, or that do not meet the location requirements of §17.56.190.G (6.26.G), shall be allowed to continue to operate under an STR license as long as the permit is renewed in accordance with §17.56.190.E.3 (6.26.E.3) unless or until such time as the permit is revoked pursuant to §17.56.190.R.4 (6.26.R.4, *Violations*) or 17.56.190.M.14 (6.26.M.14, *Minimum Activity*) or until the STR license expires pursuant to 17.56.190.J (6.26.J, *License Transferability*).

17.56.190 (6.26). J. License Transferability

An STR License is issued to a property owner for a single location. The STR License shall be revoked when the license holder sells or transfers the real property which was rented pursuant to the STR License except as provided below. For purposes of this section, "sale or transfer" means any change of ownership during the lifetime of the license holder or after the death of the permit holder whether there is consideration or not except a change in ownership where title is held in survivorship with a spouse, or transfers on the owner's death to a trust which benefits only a spouse for the spouse's lifetime, or lifetime transfers between spouses. If the owner is a trustee, a limited liability company, a corporation, a partnership, a limited partnership, a limited liability partnership, or other similar entity, then "sale or transfer" shall mean a change in 50% or more of the shareholders or members or partners or beneficiaries. A license holder may transfer ownership of the real property to a trustee, a limited liability company, a corporation, a partnership, a limited partnership, a limited liability partnership, or other similar entity and not be subject to permit revocation pursuant to this section so long as the transferor lives and remains the only owner of the entity. Upon the transferor's death or the sale or transfer of his or her interest in the entity to another person, the STR License held by the transferor shall be revoked.

17.56.190 (6.26).K Homeshare STR Licenses

Homeshare STR Licenses allow owners, in their Primary Residence, to rent up to one bedroom as an STR, and the owners must be present at night as host during STR use. Homeshare STRs are subject to all the provisions of this ordinance (section) except the following:

- 17.56.190 (6.26).F Maximum Number of Short Term Rentals
- 17.56.190 (6.26).G Location
- 17.56.190 (6.26).H One STR License Per Owner
- 17.56.190 (6.26).M.14 Minimum Activity

17.56.190 (6.26).L Resident STR Licenses

Resident STR Licenses only allow STR use up to 59 nights per year. Resident STRs are subject to all the provisions of this ordinance (section) except the following:

- 17.56.190 (6.26).M.14 Minimum Activity

17.56.190 (6.26).M STR Standards

All STRs will be required to meet the following standards:

1. Transmittal of Rules and Good Neighbor Contract

Prior to rental of an STR, the Responsible Person shall be provided with a Good Neighbor Contract, consisting of a list of rules and responsibilities, in a form approved by the City Manager. The Responsible Person shall initial each rule indicating that they have read it and sign an acknowledgement that infractions will not be tolerated and if any rules are broken, occupants can be fined by the City, lose their security deposit and / or be evicted. In addition, the STR owner or manager, or designated LCP shall meet at least one occupant on the day of their arrival in order to ensure that the rules are understood, and that the occupants have represented themselves correctly. A Good Neighbor Brochure, summarizing the Good Neighbor Contract shall be placed or posted in a clearly visible location within the STR.

2. Noise

Occupants of STR properties and visitors shall not generate noise such that it would unreasonably interfere with the quiet use and enjoyment of any other residence or business in the area. Any noise occurring after 10:00 pm and before 7:00 am should be contained within the STR and shall not be able to be heard by or offend any adjacent neighbors. What is reasonable in terms of noise generated shall be determined under existing legal standards applicable to evaluating alleged nuisances, including any City noise standards or ordinances.

3. Number of Occupants. The maximum number of occupants allowed in an STR shall not exceed two persons per bedroom plus two people (e.g., a two-bedroom STR may have six occupants), less any residents, tenants, hosts or caretakers living onsite while it is rented. Except that in the UR Zone, on lots less than 10,000 sq. ft. in area, the maximum occupancy is two people per bedroom (e.g. a two bedroom STR in the UR zone may have four occupants). In the SR Zone, if the STR has a total

floor area that exceeds 800 square feet per bedroom, then for each additional 500 square feet of floor area above this total, one additional occupant may be allowed, up to a maximum of two additional occupants. Where it can be determined based on the Humboldt County Division of Environmental Health permit or file information or an actual inspection of the system, the number of bedrooms will be based on the design capacity of the septic system.

4. Visitors.

The number of visitors to an STR shall be limited to not more than the allowable occupancy of the STR at any time. Short Title.

This Section shall be known and may be cited as "City of Trinidad Vacation Dwelling Unit Ordinance."

17.56.190 (6.26).B

Definitions.

1. Good Neighbor Brochure.

Good Neighbor Brochure. "Good Neighbor Brochure" means a document prepared by the City and approved by the City Manager that summarizes general rules of conduct, consideration, respect, and potential remedial actions. In particular, the brochure shall include provisions for off-street parking, minimizing noise, establishing quiet hours, and minimizing disturbance to neighbors and environmentally sensitive habitat areas.

2. Event.

"Event" means any use of a structure or land for a limited period of time. "Event" includes, but is not limited to, art shows, religious revivals, tent camps, concerts, fundraisers, and weddings or receptions. "Event" does not include small parties and social gatherings of 20 people or less consistent with normal residential use.

3. Occupant.

"Occupant" within this Section means any person who exercises occupancy of a Vacation Dwelling Unit (VDU) or is entitled to occupancy by reason of concession, permit, right of access, license or other agreement for a period of 30 consecutive calendar days, or less, counting portions of calendar days as full days. Any such person so occupying space in a VDU shall be deemed to be a tourist until the period of 30 days has transpired. As used in this Section, "occupant" does not include children aged 5 or under.

4. Transient Use.

"Transient use" means any contractual use of a structure or portion thereof for residential, dwelling or sleeping purposes, for any period of time which is 30 consecutive days, or less.

5. Vacation Dwelling Unit.

"Vacation Dwelling Unit" (VDU) means any structure, accessory structure, or portion of such structures, which is contracted for transient use. As used in this Section, the definition of "Vacation Dwelling Unit" encompasses any structure or any portion of any structure which is occupied or intended or designed for occupancy by tourists for dwelling, lodging or sleeping purposes, and includes any home or house, tourist home or house, mobile home or house trailer at a fixed location except when located within a mobile home park or RV park, or other similar structure or portion thereof. "Vacation Dwelling Unit" does not include home exchanges or a short-term rental one time in a calendar year.

6. Visitor.

"Visitor" means someone staying temporarily at a VDU, but that is not an "occupant" and not staying at the VDU overnight.

17.56.190 (6.26).C Purpose.

The purpose of this Section is to provide for the renting of single- and multi-family dwellings, and accessory dwelling units, for periods of thirty consecutive days or less, as transient visitor accommodations, consistent with all other provisions of the General Plan and Zoning Ordinance, and to ensure that Vacation Dwelling Units are compatible with surrounding residential and other uses and will not act to harm or alter the neighborhoods within which they are located.

17.56.190 (6.26).D Application Requirements.

1. Initial Application.

Each VDU must procure a VDU License. Existing VDUs must obtain a VDU License within 3 months of the adoption of this ordinance. A VDU License issued pursuant to this Section shall also serve as a business license for rental activity pursuant to Chapter 5.04 of the Trinidad Municipal Code. The VDU License shall identify the existence of a VDU at a particular address and declare the number of bedrooms in the VDU and its intended maximum occupancy.

A site plan and floor plan must be submitted along with the VDU License application so the City can verify the number of bedrooms, off-street parking spaces, and other requirements. The site plan and floor plan do not have to be professionally prepared, but must be to scale and include enough information to verify compliance. A sample rental agreement that addresses the requirements of this Chapter shall also be provided.

Each application for a VDU License shall be accompanied with proof of a general liability insurance in the amount of one million dollars combined single limit and an executed agreement to indemnify,

defend and hold the city harmless from any and all claims and liability of any kind whatsoever resulting from or arising out of the registration of a VDU.

An initial VDU License Fee, as set by resolution of the City Council, will be charged for the first year of each VDU's operation.

The City will notify all property owners within 100 feet of a VDU property of the VDU License within 7 days of its issuance or re-issuance. This notice may be combined with the required 24-hour emergency contact phone number notice required in subsection 3.b below.

Upon initial application for a VDU License, the City shall provide all VDU licensees with copies of informational materials identifying protective measures for preventing and minimizing impacts to environmentally sensitive habitat areas, water resources, and septic systems from the vacation rental use of the residences. Such protective measures include, but not limited to: (1) avoiding human encroachment into environmentally sensitive habitat areas; (2) directing or screening exterior lighting from illuminating riparian corridor areas; and (3) best management practices for the proper handling and disposal of trash and chlorinated water from hot tubs, swimming pools, and other spa facilities.

2. VDU License Renewals.

The fee for annual renewals for subsequent years shall be set by resolution of the City Council. Any changes to the site plan, floor plan, allowable occupancy, or rental agreement shall be submitted along with the license renewal.

3. Contact Information.

a. Local Contact Person.

Each VDU must designate a local contact person on the VDU License form. That person may be either the owner or the property manager, and that person must live within 25 miles of Trinidad so that he/she can respond personally to an emergency.

b. 24-Hour Emergency Contact Phone Number.

A 24-hour emergency contact phone number is required for each VDU. The 24-hour emergency contact phone number shall be prominently placed for the occupants' use inside the VDU. Any change to the emergency contact number shall be promptly provided to the Trinidad City Clerk and posted within the VDU.

The emergency contact phone number will be forwarded by the City Clerk to the Trinidad Police Department, the County Sheriff's Office, the Trinidad Volunteer Fire Department, and to each neighbor within 100 feet of the VDU within 7 days after the issuance or reissuance of a VDU License for the VDU.

The emergency contact information sent to neighbors may include further instructions in the case that a response from the 24-hour emergency contact number is not forthcoming. If there is an emergency or complaint, and the emergency contact person does not respond within a reasonable period of time, concerned persons will be encouraged to report the emergency through the 911 emergency calling system or the Police or Sheriff's Department. It is unlawful to make a false report or complaint regarding activities associated with a VDU.

17.56.190 (6.26).E Effect on Existing Vacation Dwelling Units.

Each individual operating a VDU existing at the time the VDU Ordinance is adopted, including those currently holding a valid Trinidad Business License, shall be subject to the requirements of this Section of the Zoning Ordinance upon its adoption. The owner of an existing VDU which does not meet the requirements of this Section will not be issued a VDU License and shall not use the VDU structure for VDU purposes.

17.56.190 (6.26).F Location.

VDU's are permitted only in Special Environment, Suburban Residential, Urban Residential, and Planned Development zoning districts. VDUs are also permitted in a legally established Accessory Dwelling Unit subject to meeting the requirements of this Section. Each separate VDU must obtain its own, individual VDU License. There shall be no more than one VDU per parcel.

17.56.190 (6.26).G Non-Permitted Uses.

There shall be no permitted use of the VDU structure other than occupancy for dwelling, lodging, or sleeping purposes. Use for commercial events or events which are not hosted by the VDU's property owner are not permitted.

17.56.190 (6.26).H VDU Standards

All VDUs will be required to meet the following standards:

1. Number of Occupants.

The maximum number of occupants allowed in a VDU shall not exceed two persons per bedroom plus an additional two persons (e.g., a two-bedroom VDU may have six occupants). Except that in the Suburban Residential Zone, if the VDU has a total floor area that exceeds 800 square feet per bedroom, then for each additional 500 square feet of floor area above this total, one additional occupant may be allowed, up to a maximum of two additional occupants. Where it can be determined based on the Humboldt County Division of Environmental Health permit or file information or an actual inspection of the system, the number of bedrooms will be based on the design capacity of the septic system.

2. Off-Street Parking.

A VDU must provide at least one off-street parking space for every two occupants allowed in the VDU pursuant to Section 17.56.190 (6.26).H.1. The off-street parking space/s shall be entirely on the VDU property. VDU owner/operators shall not use public right-of-way (street) spaces to meet their required off-street parking needs. Off-street parking spaces will not be located on the septic system unless it is designed and rated for traffic in a manner that will not compromise the functioning of the septic system.

VDUs that have been in existence for a minimum of two years that can not feasibly comply with the parking requirements may apply for an administrative exception. Exception requests shall be made through the City Clerk and shall provide documentation (e.g. receipts or rental contracts) showing both that the VDU has been in active operation for a minimum of two years and the maximum rental occupancy over that period. The request shall include a detailed site plan and justification as to why the required parking spaces can not be accommodated on the site, as well as note where alternative parking is utilized. The City Planner shall only grant an exception to accommodate the documented maximum occupancy over the past two years. The City Planner may deny an exception request or approve the exception for fewer parking spaces than requested if the exception would be detrimental to the public health and safety.

3. Water Use.

To prevent overloading of septic systems, each VDU shall be operated in a manner to ensure that the occupancy and use of a VDU shall not result in annual domestic water use greater than that associated with the non-VDU use of the residence based on an average daily consumption of 150 gallons per bedroom (7,324 cubic feet per year per bedroom) with a 30% allowance for landscaping above the design flow.

Where it can be determined based on the Humboldt County Division of Environmental Health permit or file information or an actual inspection of the system, the number of bedrooms will be based on the design of the septic system. Annual water use records will be kept on file along with the VDU License and application materials to allow for verification that the VDU water use did not exceed allowable volumes as described above.

If the City determines that the VDU use has exceeded the appropriate average annual water usage, as described above, during the preceding year, the VDU owner/operator shall take constructive measures to reduce water use. Adaptive measures include, but are not limited to: (a) installing water conservation fixtures and appliances; (b) planting xerophytic landscaping; and/or (c) reducing the maximum occupancy of the VDU.

4. Septic System.

Each VDU's owner or property manager must provide proof that the septic system for the structure in which the VDU is located is functioning properly and in conformance with all federal, state, and local regulations. Information on the appropriate use of a septic system, in a form approved by the City, shall be posted in each bathroom in the VDU and the kitchen.

5. Appearance and Visibility.

The outside appearance of the VDU structure shall not change the residential character of the structure by the use of colors, materials, lighting, or signage (except as allowed by Section 17.56.160 (6.16)). The VDU shall not create any noise, glare, flashing lights, vibrations, or odors that are not commonly experienced in residential areas or that would unreasonably interfere with the quiet use and enjoyment of any other residence or business in the area.

6. Signs.

A single sign, legible from the property's street frontage, and no greater than 3 square feet in size may be attached to the VDU structure or placed immediately adjacent to the front of the VDU structure. The purpose of the sign is to notify the public that the structure is or contains a VDU. The sign must provide a 24-hour emergency telephone contact number for complaints, and a business telephone number for persons seeking information on the VDU. The signage shall comply with all applicable standards of the Zoning Ordinance's sign regulations.

7. Trash.

Trash and refuse shall not be left stored within public view, except in proper containers for the purposes of collection. There shall be no accumulation or storage of trash and / or debris on the site or within the VDU.

8. Visitors.

The number of visitors to a VDU shall be limited to not more than 20 persons, including occupants, per parcel at any time. If there is more than one VDU on a property, the 20 person maximum applies to the property, not each VDU. Visitors are not allowed to stay overnight on the premises.

9. Noise.

Occupants of VDU properties and visitors shall not generate noise such that it would unreasonably interfere with the quiet use and enjoyment of any other residence or business in the area. Any noise occurring after 10:00 pm and before 8:00 am should be contained within the VDU and shall not be able to be heard by or offend any adjacent neighbors. What is reasonable in terms of noise generated shall be determined under existing legal standards applicable to evaluating alleged nuisances.

10. Traffic.

Vehicles used and traffic generated by the VDU shall not exceed normal residential levels or unreasonably interfere with the quiet use and enjoyment of any other residences or businesses in the area. What is reasonable in terms of traffic generated shall be determined under existing legal standards applicable to evaluating alleged nuisances.

11. Tenancy.

The rental of a VDU shall not be for less than two successive nights.

12. Good Neighbor Brochure.

Prior to occupancy pursuant to each separate occasion of rental of a VDU, the owner or the owner's agent shall provide a copy of the Good Neighbor Brochure to the occupants and / or shall post the Good Neighbor Brochure in a clearly visible location within the VDU.

13. Emergency Preparedness.

Information regarding local hazards, such as earthquakes and ocean related hazards, in a form approved by the City, shall be posted within the vacation rental in an easily seen location, such as the entry or kitchen area. In particular, information regarding regular testing of the tsunami siren, the Volunteer Fire Department siren and real emergencies shall be included.

17.56.190 (6.26).I Tourist Occupancy Tax.

The letting, leasing, or other contractual use of a VDU is subject to a Tourist Occupancy Tax ("TOT") and any other mandated taxes. Each VDU owner and/or manager shall meet all of the requirements of the City with respect to registration of TOT collectors, and the collection, recordkeeping, reporting and remittances of applicable TOT.

17.56.190 (6.26).J Audit

Each owner and agent or representative of any owner shall provide access to each VDU and any records related to the use and occupancy of the VDU to the City at any time during normal business hours, for the purpose of inspection or audit to determine that the objectives and conditions of this Section are being fulfilled.

17.56.190 (6.26).K Dispute Resolution.

By accepting a VDU License, VDU owners agree to engage in dispute resolution and act in good faith to resolve disputes with neighbors arising from the use of a dwelling as a VDU. Unless an alternative dispute resolution entity is agreed to by all parties involved, dispute resolution should be conducted through Humboldt Mediation Services.

17.56.190 (6.26).L Violations

1. Penalty

Violations of this Section are punishable as either infractions or misdemeanors, pursuant to the provisions of Section 17.76.050 (7.20) of the Zoning Ordinance. Each separate day in which a violation exists may be considered a separate violation. The City of Trinidad can also enforce these VDU regulations by way of nuisance abatement action. Enforcement by way of a nuisance action shall be discretionary and shall only occur upon a lawful vote of the Trinidad City Council to prosecute the matter as a civil nuisance action.

2. Revocation

If the VDU owner or property manager is deemed by City staff to be negligent in responding to an emergency situation more than two times in a 12-month period, or if more than two documented, significant violations occur in any 12-month period, the VDU License may be revoked. Documented, significant violations include, but are not limited to, copies of citations, written warnings, or other documentation filed by law enforcement. No revocation shall occur unless decided by a lawful majority vote of the Trinidad City Council and after written notice, served by first class mail, of at least 21 days was given to the owner of record and the local contact person as set forth in the VDU application. Revocation may be temporary or permanent depending on the nature and number of the violations.
