ADDENDUM

June 5, 2017

TO: Coastal Commissioners and Interested Parties

FROM: South Coast District Staff

SUBJECT: **ADDENDUM TO ITEM W23C, APPEAL NO. A-5-PPL-17-0015 (LADWP)
FOR THE COMMISSION MEETING OF WEDNESDAY, JUNE 7, 2017.**

The purpose of this addendum is to attach one (1) letter from the appellant's agent, Lewis Adelson, Costell & Cornelius Law Corporation, demonstrating opposition for staff's recommendation of a finding of substantial issue consisting of a petition with approximately 2,200 signatures in support of a pad mounted alternative to the pole top mounted transformers. Attached are the cover page and a few sample pages of the petition. The petition in its entirety is available in the file. Staff would note that all issues raised in the submittal are addressed in the staff report. No changes to the staff report are recommended.

RE: Appeal No. W23c A-5-PPL-17-0015

Dear Ms. Oshida,

In furtherance of the appeal filed by 16974 Sunset Boulevard, LLC, enclosed please find addendum material consisting of a petition and signatures in support of a pad mounted alternative to the pole top mounted transformers that we would request the Commission consider in connection with the above-referenced matter which is scheduled to be heard on June 7, 2017.

Should you have any questions or comments please feel free to call the undersigned.

Very truly yours,

Lewis Adelson

PETITION TO Protect Sunset Boulevard's Scenic Highway!

CALIFORNIA
COASTAL COMMISSION

Petition Summary and Background: The Los Angeles Department of Water & Power has erected a hulking 61' tall industrial blight near the intersection of Sunset & Marquez in the heart of the Pacific Palisades. LADWP began the process of installing this pole top distribution station without the required Coastal Approvals. They have been halted by the Coastal Commission and are now seeking the necessary Coastal Development Permit to proceed with construction.

Action petitioned for: We, the undersigned, are concerned citizens who urge our leaders to act now to
 a) Urge LADWP to install a more aesthetically pleasing alternative to their 61' tall Pole-Top Distribution Station; A 7' tall Pad-Mounted System.
 b) Firmly oppose the issuance of a Coastal Development Permit to proceed with construction.
