Commission:

California State Parks, San Diego Coast District, Del Sur Sector, Silver Strand State Beach supports Application No. 6-16-0406, and concurs with Special Conditions 1 through 6.

This beach hut project would be beneficial for park visitors, with little to no impact on public space as there is a lot of capacity due to a large beach, and no impact on parking.

The hut and related operation are solely handled by Loews. State Parks works closely with Loews and accommodating the project benefits visitors and the operation by providing a visible presence and service. Coronado Bay Resort and California State Parks have a very good working relationship since 2006, under the California State Park's Proud Partner program.

Richard Dennison
