ADDENDUM

October 1, 2020

TO: Coastal Commissioners and Interested Parties

FROM: South Coast District Staff

SUBJECT: ADDENDUM TO ITEM W12d, COASTAL DEVELOPMENT PERMIT APPLICATION NO. 5-20-0224 (Braff) FOR THE COMMISSION MEETING OF WEDNESDAY, October 7, 2020.

Correction to Staff Report.

The staff report includes an incorrect figure for the square footage of the area to be added to the main house. The correct square footage of the area to be added to the main house is 34 square feet (not 464 square feet). And, related to that, the size of the remodeled main house is 2,768 square feet (not 3,198 square feet). These corrections are made to page 1 (Project Description), page 6 (Project Description and Location), and page 10 (Major vs Minor Remodel).
