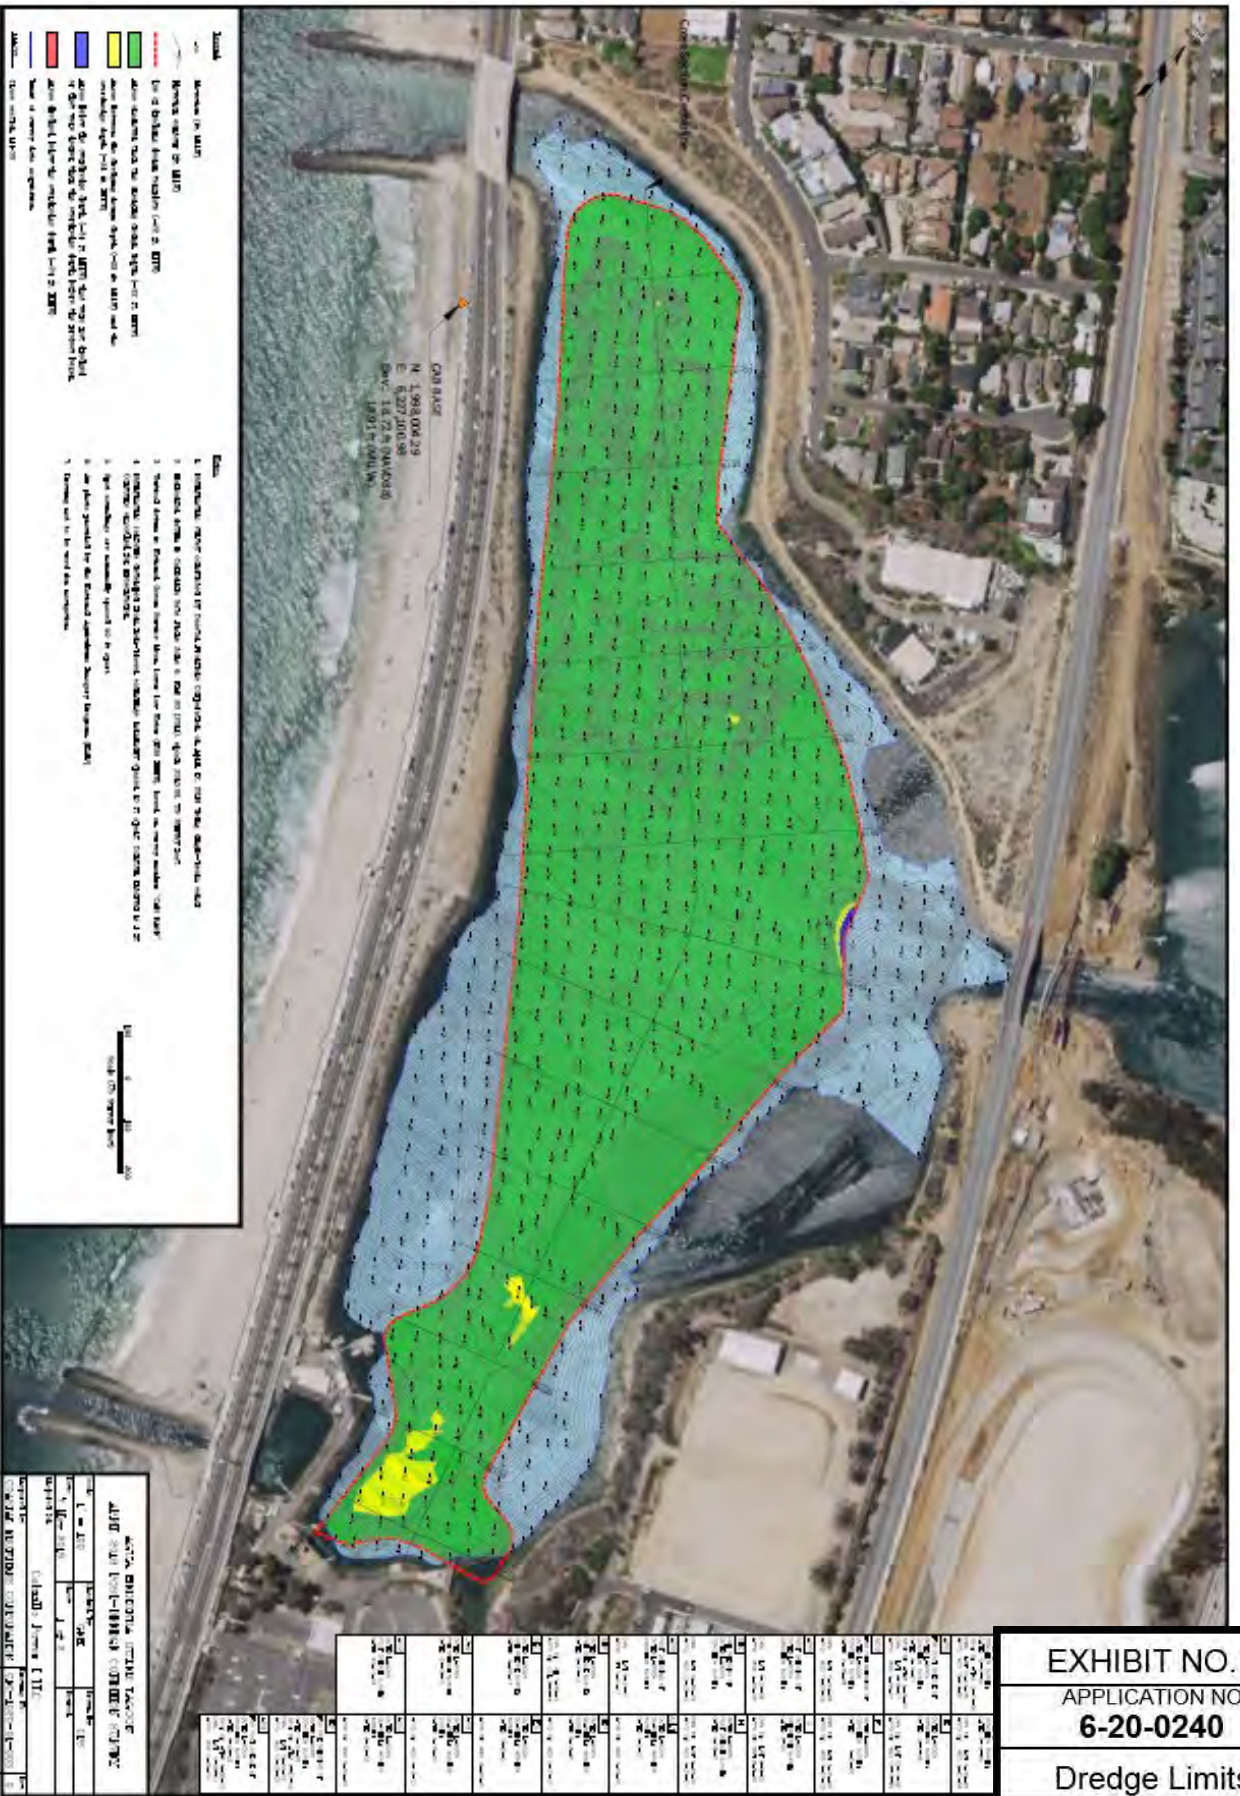

Figure 4. Beach Profile Transect Locations

WALKER SCALE GRAPHIC

W-0: no fish, or 1 or 2 scouts
no spawning

W-1: 10-100 fish spawning at different times
in one or several locations

W-2: 100-500 fish spawning at different times,
in one or several locations

W-3: hundreds of fish spawning in
several locations or over a broad area
of the beach

W-4: thousands of fish together,
little sand visible between them over
relatively small area for less than one hour

W-5: fish covering the beach, not possible to walk
through the run without stepping on fish,
run lasts for an hour or more over large area.
