## ADDENDUM

November 2, 2020

TO: Coastal Commissioners and Interested Parties

FROM: South Coast District Staff

**SUBJECT: ADDENDUM TO ITEM Th5a, COASTAL DEVELOPMENT PERMIT APPLICATION NO. 5-20-0265 (Westchester Bay Homeowners and Seagate Lagoons Associations) FOR THE COMMISSION MEETING OF THURSDAY, November 5, 2020.**

### **Correction to Staff Report.**

The staff report includes an incorrect figure for the width and type of sheet pile to be used in the proposed bulkhead repair: 7/18" carbon fiber reinforced vinyl ester composite sheet piles are proposed rather than 0.5" shore guard rigid vinyl sheetpiles. The proposed width is slightly less than the width described in the staff report. The area of proposed mitigation, 32 square feet, of concrete overpour removal remains the same and is not reduced.
