**APPEAL FORM****Appeal of Local Government Coastal Development Permit****Filing Information (STAFF ONLY)**

District Office: South Coast

Appeal Number: _____

Date Filed: _____

Appellant Name(s): _____

RECEIVED
South Coast Region

OCT 14 2020

CALIFORNIA
COASTAL COMMISSION**APPELLANTS**

IMPORTANT. Before you complete and submit this appeal form to appeal a coastal development permit (CDP) decision of a local government with a certified local coastal program (LCP) to the California Coastal Commission, please review the appeal information sheet. The appeal information sheet describes who is eligible to appeal what types of local government CDP decisions, the proper grounds for appeal, and the procedures for submitting such appeals to the Commission. Appellants are responsible for submitting appeals that conform to the Commission law, including regulations. Appeals that do not conform may not be accepted. If you have any questions about any aspect of the appeal process, please contact staff in the Commission district office with jurisdiction over the area in question (see the Commission's contact page at <https://coastal.ca.gov/contact/#/>).

Note regarding emailed appeals. Please note that emailed appeals are accepted ONLY at the general email address for the Coastal Commission district office with jurisdiction over the local government in question. For the South Coast district office, the email address is SouthCoast@coastal.ca.gov. An appeal emailed to some other email address, including a different district's general email address or a staff email address, will be rejected. It is the appellant's responsibility to use the correct email address, and appellants are encouraged to contact Commission staff with any questions. For more information, see the Commission's contact page at <https://coastal.ca.gov/contact/#/>.

Appeal of local CDP decision

Page 2

1. Appellant information¹

Name: Tracy Carpenter
Mailing address: 1107 Garfield Ave, Venice, CA 90291
Phone number: _____
Email address: _____

How did you participate in the local CDP application and decision-making process?

☐ Did not participate ☒ Submitted comment ☒ Testified at hearing ☒ Other

Describe: Tracy Carpenter submitted an appeal to the Los Angeles City Council, on

June 18, 2020.

If you did *not* participate in the local CDP application and decision-making process, please identify why you should be allowed to appeal anyway (e.g., if you did not participate because you were not properly noticed).

Describe: _____

Please identify how you exhausted all LCP CDP appeal processes or otherwise identify why you should be allowed to appeal (e.g., if the local government did not follow proper CDP notice and hearing procedures, or it charges a fee for local appellate CDP processes).

Describe: Tracy Carpenter submitted an appeal to the City Council, on behalf of the
neighborhood opposition. The appeal was denied. The City of LA ignored
many issues in regard to land use, density bonuses, Brown Act violations
(due to failure to have a meeting accessible to the public), etc.

¹ If there are multiple appellants, each appellant must provide their own contact and participation information. Please attach additional sheets as necessary.

1. Appellant information¹

Name: Helen Fallon
Mailing address: 425 Linnie Canal
Phone number: 310-823-1303
Email address: helenandbertfallon@gmail.com

How did you participate in the local CDP application and decision-making process?

☐ Did not participate ☒ Submitted comment ☐ Testified at hearing ☐ Other

Describe: Submitted written comments at local and city planning level.
Was NOT Allowed to testify at City Council Planning Committee.
Telephone number to call in for public comment was not working.
City Clerk was notified during hearing and took no action to fix.

If you did *not* participate in the local CDP application and decision-making process, please identify why you should be allowed to appeal anyway (e.g., if you did not participate because you were not properly noticed).

Describe: _____

Please identify how you exhausted all LCP CDP appeal processes or otherwise identify why you should be allowed to appeal (e.g., if the local government did not follow proper CDP notice and hearing procedures, or it charges a fee for local appellate CDP processes).

Describe: 1. failure to allow public comment because call in number
did not work. 2. Failure by the City Clerk at the start of the meeting to inform the Council that
a Community Impact Statement had been filed at the start of the meeting and 3. to allow a representative
from the Neighborhood Council which unanimously opposed the project o speak to the CIS.

¹ If there are multiple appellants, each appellant must provide their own contact and participation information. Please attach additional sheets as necessary.

Name: Debi Lee
Mailing address: 1125 Van Buren Ave, Venice 90291
Phone number: _____
Email address: _____

How did you participate in the local CDP application and decision-making process?

☐ Did not participate ☐ Submitted comment ☒ Testified at hearing ☐ Other

Describe: I spoke at the planning commission meeting on May 28th.

Too bad the outcome was already decided; the council people
are NOT listening to the community.

If you did *not* participate in the local CDP application and decision-making process, please identify why you should be allowed to appeal anyway (e.g., if you did not participate because you were not properly noticed).

Describe: _____

Please identify how you exhausted all LCP CDP appeal processes or otherwise identify why you should be allowed to appeal (e.g., if the local government did not follow proper CDP notice and hearing procedures, or it charges a fee for local appellate CDP processes).

Describe: _____

Appeal of local CDP decision

Page 3

2. Local CDP decision being appealed²

Local government name: City of Los Angeles
Local government approval body: Los Angeles City Council
Local government CDP application number: CPC-2019-6069-CU-DB-CDP-CDO-SPP-MEL-WDI
Local government CDP decision: ☒ CDP approval ☐ CDP denial³
Date of local government CDP decision: September 15, 2020

Please identify the location and description of the development that was approved or denied by the local government.

Describe: CDP application No: CPC-2019-6069-CU-DB-CDP-CDO-SPP-MEL-WDI

2467-2471 South Lincoln Boulevard, Venice, CA 90291

Los Angeles City Council approval of housing project that exceeds the
height limit in the CCC Certified Land Use Plan (LUP), does not comply
with Parking Requirements as defined in the LUP, and is out of character
with neighborhood. The demolition of commercial office space and auto
repair shop, and the construction of a 4-story, mixed use 40-unit
permanent supportive housing development.

² Attach additional sheets as necessary to fully describe the local government CDP decision, including a description of the development that was the subject of the CDP application and decision.

³ Very few local CDP denials are appealable, and those that are also require submittal of an appeal fee. Please see the appeal information sheet for more information.

Page 4

On a separate page, please provide the names and contact information (i.e., mailing and email addresses) of all persons whom you know to be interested in the local CDP decision and/or the approved or denied development (e.g., the applicant, other persons who participated in the local CDP application and decision making process, etc.), and check this box to acknowledge that you have done so.

For appeals of a CDP approval, grounds for appeal are limited to allegations that the approved development does not conform to the LCP or to Coastal Act public access provisions. For appeals of a CDP denial, grounds for appeal are limited to allegations that the development conforms to the LCP and to Coastal Act public access provisions. Please clearly identify the ways in which the development meets or doesn't meet, as applicable, the LCP and Coastal Act provisions, with citations to specific provisions as much as possible. Appellants are encouraged to be concise, and to arrange their appeals by topic area and by individual policies.

⁴ Attach additional sheets as necessary to fully describe the grounds for appeal.

**DISCLOSURE OF REPRESENTATIVES**

If you intend to have anyone communicate on your behalf to the California Coastal Commission, individual Commissioners, and/or Commission staff regarding your coastal development permit (CDP) application (including if your project has been appealed to the Commission from a local government decision) or your appeal, then you are required to identify the name and contact information for all such persons prior to any such communication occurring (see Public Resources Code, Section 30319). The law provides that failure to comply with this disclosure requirement prior to the time that a communication occurs is a misdemeanor that is punishable by a fine or imprisonment and may lead to denial of an application or rejection of an appeal.

To meet this important disclosure requirement, please list below all representatives who will communicate on your behalf or on the behalf of your business and submit the list to the appropriate Commission office. This list could include a wide variety of people such as attorneys, architects, biologists, engineers, etc. If you identify more than one such representative, please identify a lead representative for ease of coordination and communication. You must submit an updated list anytime your list of representatives changes. You must submit the disclosure list before any communication by your representative to the Commission or staff occurs.

Re: Appeal for Lincoln Apartments Project

CDP Number: CPC-2019-6069-CU-DB-CDP-CDO-SPP-MEL-WDI, CCC Post-Cert No. 5-VEN-20-0056

Dear Mr. Ainsworth and Commissioners,

Re: Appeal of Los Angeles Planning Commission Determination

Local File No. CPC-2019-6069-CU-DB-CDP-CDO-SPP-MEL-WDI

Project Address: 2467-2471 South Lincoln Boulevard, Venice, Los Angeles, 90291, Los Angeles County,
Apn: 06037-4237023016

Tracy Carpenter, Helen Fallon, Debi Lee, David Barach, Judith Esposito, Frank Defurio, Stephanie McCartney-Griffith, Mat Satuloff, Evangelina Greene, Andrea Boccaletti, Brennan Lindner, Varsiann Amerian, Nikki Shallenberger, Eric Donaldson, (collectively, "Appellants") are submitting this Appeal of the Los Angeles Planning Commission Determination and the denial of an appeal to the Los Angeles City Council. We believe that the City Planning Commission erred in its decision to approve a Coastal Development Permit, Parking Reduction, and Density Bonus project with off menu waivers for the Project. This appeal raises substantial issues with respect to Chapter 3 of the Coastal Act, and would set dangerous statewide precedents that merit closer scrutiny by the Coastal Commission.

The "Lincoln Apartments" project, (the "Project"), is located at 2467-2471 S. Lincoln Blvd. Substantial issues include, but are not limited to, zero residential parking, scale that is not compatible with the neighborhood, 100% density bonus, and plans for the use of public parking spaces for loading and delivery.

Appeal Issues:

- 1 – Zero Residential Parking and Reduced Commercial Parking
- 2 – No Loading Dock
- 3 – Building Height
- 4 – 100% Density Bonus
- 5 – Land Use Deviations
- 6 – Waiver of Dedication and Improvement and Setbacks
- 7 – Concentration of projects in Venice and Cost

Appeal Issue No. 1 – Zero Residential Parking and Reduced Commercial Parking

1.1 - Zero residential parking raises a substantial issue and sets a dangerous statewide precedent. There are currently no nearby projects in the Coastal Zone, with zero residential parking. (Coastal Act Section 30252 states: "providing adequate parking facilities")

Residential Parking Analysis according to the Venice Land Use Plan:

Number of Units = 40 units x 2 spaces = 80 spaces

Page 1 of 10

California Coastal Commission

A-5-VEN-20-0060

Exhibit 2

Page 34 of 136

1 guest parking space for each 4 or fewer units = 10 spaces

TOTAL Required Residential parking spaces per the LUP = 90 spaces

Residential Parking Analysis according to the Fehr and Peers study*, previously cited by the Coastal Commission in June 2019 (Appeal No. A-5-VEN-19-0020):

Between .20 and .48 spaces per unit x 40 units = 8-19 residential parking spaces PLUS 42 commercial parking spaces (commercial parking analysis below).

**Study states "parking demand for senior, special needs, and permanent supportive affordable housing range from 0.20 to 0.48 spaces per unit."*

Zero residential parking sets a statewide dangerous precedent of not providing adequate parking facilities in the Coastal Zone. The applicant has stated in public testimony that the units operate like any other apartment project, with income qualification and at risk homeless special needs verification being the only difference. The project will not be a sober living facility or assisted living facility and there will be no mandatory requirement for the residents to enter into any on site or offsite programs or counseling. It is unreasonable to expect that once these residents obtain housing and jobs that they will not own automobiles. Providing zero automobile parking spaces for 40 residential units (with up to 98 residents and their guests) is insufficient parking.

Zero Parking is not the same as Reduced Parking

- Policy I.A.14 of the Venice LUP states, in part: *Reduced parking is permitted for low income units only if: a) the project is consistent with LUP policy I.A.13 [Density Bonus Applications]; and b) it is demonstrated that the prospective occupants of the project will have a reduced demand for parking.*
- The key words here are that "reduced parking is permitted" and "reduced demand for parking". The applicant is not requesting reduced parking – they are requesting zero residential parking.

1.2 - Reduced parking for 8,076 square feet of ground floor commercial space raises a substantial issue and sets a dangerous statewide precedent. (Coastal Act Section 30252 states: "providing adequate parking facilities")

Commercial Parking Analysis according to the Venice LUP:

Ground Floor: Café/Art Gallery/Safe Place for Youth (SPY) = 3085 sq ft

Ground Floor: Community Space & Supportive Services = 4,441 sq ft

1 space per 250sf of floor area = 7,526 sf = 31 required spaces

Ground Floor: Public Plaza (to be used by SPY and Cafe) = 550 sq ft, 1 space per 50sf = 11 required spaces

TOTAL Required Commercial parking spaces per LUP = 42 spaces

*The size of the interior Café/art gallery is unclear. It would require more parking as it would fall under the category of a "restaurant" (1:50sf).

- This Project only provides 6 commercial parking spaces for the ground floor use of Safe Place for Youth (SPY) and a Café/Art gallery space & supportive services, 36 spaces short of the requirement of 42 commercial parking spaces.
- SPY has stated that they currently have 69 employees and 20 volunteers, on any given day. Parking on Garfield Avenue is currently an issue as SPY currently does not use their own parking lot. Employees and volunteers park on Garfield Ave, all the way down to Grandview Ave, and this to only get worse with SPY expanding from 3 to 7 days a week, once this project is completed.
- There will also be additional staff who will supply services to the tenants that are over the age of 25.
- Safe Place for Youth should not receive residential parking waivers since they provide services to the general public.

California Coastal Commission

A-5-VEN-20-0060

Exhibit 2

Page 35 of 136

According to the Coastal Commission previously used standards, this project should have at least 50-61 total parking spaces. According to the LUP, this project should have *132 total parking spaces*. A total of 6 parking spaces is proposed and that is not sufficient parking for this project.

1.3 – With parking already scarce in this coastal neighborhood, the lack of parking spaces provided in this Project will degrade the neighborhood.

- Lack of onsite parking not only causes project related vehicles to be parked in neighborhood near the development, it also causes increased traffic as motorists circle the block looking for a parking space.
- Parking is currently an issue on Garfield Ave. with 3 schools on the block (drop off and pick up times especially create traffic and congestion).
- SPY's 69 staff and 20 volunteers have taken over the street parking on Garfield Ave.
- Many SPY clients also have cars and park on Garfield Ave.
- Parking shortages have been exacerbated by the City's zoning policies over the years. The community of Venice existed long before parking was a consideration, much less a demanded requirement on all projects. Over the years, the City has created code to require parking, but on existing projects the City policies have granted grandfather pre-existing rights and looked the other way to the shortfall that exists.
- When the Coastal Commission Certified the Land Use Plan, one of the City objectives was to correct the huge documented shortage of parking the Venice community has suffered from since the railroads historically transported the masses to the beach. The plan called for building parking structures on City owned parcels with money collected in part from in-lieu parking. Not only has the City not constructed any parking structures, they have waived the in-lieu requirements on many projects and when they did collect fees, they did so at a discounted value. The Coastal Commission has overturned several City development projects because of improper handling of in-lieu parking fees and cited that the City has never constructed one parking space with the funds they received.

1.4 – Mass Transit cannot be relied upon

- VCH has said their residents will rely on buses. Studies have shown that bus ridership is down in LA, which has made for less frequent bus routes (this may be impacted even more after Covid-19). They are not practical to rely on in a City as widespread as LA.
- Metro has published studies that show that bus ridership is down dramatically. This link shows the evidence of this claim. <http://isotp.metro.net/MetroRidership/Index.aspx>
- Here are two articles that show that bus ridership is down in Los Angeles:

<https://la.curbed.com/2019/2/1/18204376/los-angeles-transit-ridership-down-trains-buses>

<https://la.streetsblog.org/2020/04/15/covid-19-metro-operations-bus-ridership-down-65-percent-rail-down-75-percent-more-service-cuts-starting-sunday/>

Appeal Issue No. 2 - No loading dock

After the City Council voted on this project, we learned that Venice Community Housing's plan to use the public parking spaces on Lincoln Boulevard as their loading dock: *"All loading and delivery activities will use the public parking spaces on Lincoln Blvd."* This, apparently, is part of a legally binding Memorandum of Understanding with the LA Archdiocese. **No loading dock will negatively affect the community, set a dangerous precedent, and merits further scrutiny by the Commission.**

2.1 – Public parking spaces are for the public, and not to be commandeered for private use for loading and deliveries, thus degrading public access to the coast. This attempt to use public parking spaces as a

California Coastal Commission

A-5-VEN-20-0060

Exhibit 2

Page 36 of 136

“loading zone” possibly violates City code if LADOT has signed off on this. The City is making a political determination by their approval and not following sound long-range practices.

Section 30252 states, “The location and amount of new development should maintain and enhance public access to the coast.” This project commandeers public parking spaces for private use, thus it does not maintain or enhance public access to the coast. This project degrades public access to the coast.

2.2 - The City, along with Caltrans, have already announced a dedicated bus lane on Lincoln Blvd – a project called “Lincoln Fast Forward”. It already exists in Santa Monica, and is scheduled to be installed from the Santa Monica border and continue into Venice early next year. The Venice to LAX portion is under review and waiting for the completion of the new bridge that will widen Lincoln Blvd from five to eleven lanes where it crosses under Culver Blvd. The impact of this Project relying on any use of Lincoln Blvd for anything other than passing traffic is not workable and loading and deliveries will be redirected to neighborhood residential streets. The introduction of the bus lane could restrict any parking from 7am to 9am and 3pm to 7pm to address commuter traffic. They will expand the hours to all day if ridership reaches demand.

2.3 - A large number of delivery trucks will be forced to park in the neighborhood, in front of residential homes.

This building will have:

- 40 units with up to 98 residents
- 8,076 square feet of commercial use on the ground floor (that includes daily delivery of 75 meals)
- A Café/art gallery

This will amount to many deliveries each day. VCH has said they will use the public parking spaces on Lincoln Blvd. However, these spaces are public spaces that are not dedicated to loading and unloading. In fact, these spaces usually have cars parked there, as parking is scarce in this neighborhood.

2.4 – This project is expected to have many emergency vehicle visits. These emergency vehicles will be parking in the neighborhood, double-parking, and causing traffic problems.

- In the last two years, Gateway Apartments, VCH’s largest supportive housing project (with only 20 units, which is half the size of this Project), had 129 Police and Fire Department responses. A market rate apartment building on the same block had only 11 Police and Fire Department calls in the same time frame. ***VCH’s building has 11 times more police and fire responses than the nearby comparable building.*** Some of the calls were for: Missing Child, Assaults with a Deadly Weapon, Batteries, Burglaries, and Thefts. VCH’s Horizon apartment building has similar egregious police and fire response responses.
- Police and Fire departments have been called to SPY 117 times in the last three years – for incidents such as Assault with a Deadly Weapon, Violent Mentally Ill, Overdose, Battery, Burglary, and Vandalism. *There was even a chain wielding man from SPY who threatened people and smashed windows, causing a lockdown at St. Mark School and shutting down Garfield Ave so that children could not get home after school.* It is also important to note that those calls have occurred with the operation of a part time, program operating three afternoons a week. The proposed Project plans to expand SPY services to seven days a week, thus exacerbating the police and fire responses to this location. SPY also has a large number of police/fire responses to its operations at A Bridge Home in Venice, with a large increase in encampments and violent crimes around that site since it opened.

California Coastal Commission

A-5-VEN-20-0060

Exhibit 2

Page 37 of 136

2.5 – No loading dock sets a dangerous precedent and does not protect the rights of private property owners. Neighborhood streets cannot be loading zones for such large projects. This sets an incredibly dangerous statewide precedent.

Section 30210 of the Coastal Act states, in part:

...maximum access, which shall be conspicuously posted, and recreational opportunities shall be provided for all the people consistent with public safety needs and the need to protect public rights, and rights of private property owners, and natural resource areas from overuse.

Appeal Issue No. 3 – Building Height

The height of this Project raises a substantial issue in regards to Chapter 3 of the Coastal Act. This Project merits closer scrutiny by the Commission in order to determine whether the height of this Project is appropriate for the neighborhood.

3.1 – LA City’s Urban Design Studio described this Project as “Monolithic”

In an e-mail to City Planning (attached), Urban Design Studio described the building as “seems monolithic.” With four stories and rooftop deck, this Project also has apartment windows overlooking an outdoor classroom and PE area of the adjacent elementary school, as well as look over nearby one-story properties.

3.2 - This project is not visually compatible with the character of the surrounding area.

- The Presidents Row Neighborhood (part of the Southeast subarea), where the project is located, is comprised of a variety of one and two-story buildings situated on single lots or doublewide lots. The adjacent buildings are each one story. This project seeks a height increase of 22 feet and is not compatible with the scale or character of the surrounding neighborhood and it will be detrimental to adjoining lots and the immediate neighborhood. Therefore, the project's height raises a substantial issue as to conformity with the LUP standards that protect community character. [Coastal Act Sections 30251, 30252 and 30253.]
- The applicant has stated that there are structures up to 19 stories approximately .5 miles southwest of the site. This is completely false. There are no such structures .5 miles from the site of this Project. There are no such structures within the Presidents Row Neighborhood. We suspect the applicant is referring to the Marina Point project, which is actually .7 miles away and located in a completely different neighborhood. It is important to note that this project was allowed because of the Oxford Triangle Specific Plan and was adopted by the Coastal Commission, which described why having this site, which is accessed only by Lincoln Blvd, was a tradeoff to the rest of the Oxford low rise single family neighborhood. That site does not back up to any residential neighborhood, like Lincoln Apartments does, is served by the 90 freeway, which is across the street, and is only accessible by Lincoln Blvd. There were a lot of special considerations applied to the Marina Point project that do not apply to Lincoln Apartments and the adjacent neighborhood, and therefore it is not comparable.

3.3 - This project sets a dangerous precedent of height for a visitor destination within the Coastal zone.

This project sets a statewide precedent for a visitor destination within the Coastal zone, across the state.

“Coastal Act: Section 30253: Minimization of adverse impacts, (e) Where appropriate, protect special communities and neighborhoods that, because of their unique characteristics, are popular visitor destination points for recreational uses.”

California Coastal Commission

A-5-VEN-20-0060

3.4 – The 22 foot height increase (off-menu) is not justified because it includes commercial space on the ground floor, which is not part of the affordable housing component of this project.

The applicant has failed to demonstrate why this private commercial office use in the coastal zone is a

Exhibit 2

Page 38 of 136

necessary component meriting the approval of waivers to make the 100% affordable housing component of the project financially feasible. In fact, the commercial office use cannot be a justification for any of the waivers when both State and local density bonus laws were specifically adopted for affordable housing and not for the benefit of commercial uses.

Appeal Issue No. 4 - Density

4.1 - A substantial issue exists in regards to the 100% density bonus of this Project

This Project has a proposed gross building area of 32,101 square feet. The density under the LUP would allow for only 20 units, therefore, the proposed project with a 100% density bonus increase raises a substantial issue as to conformity with the LUP standards that protect community character. [Coastal Act Sections 30251, 30252 and 30253.] This merits closer scrutiny by the Commission in order to determine whether the impacts of the project's proposed 100% density increase can be adequately mitigated.

4.2 – 100% Density Bonus sets a dangerous statewide precedent

The City's action prejudices future interpretations of the LUP; and the reconciliation of density bonus incentives with the Chapter 3 policies of the Coastal Act is a statewide issue. This area is a tourist destination for people all over the state (and beyond), and the City's granting of 100% density bonus do rise to statewide significance.

- There is a cost to density that will affect an old sewer system, among other utilities, as well as traffic.
- This development is in a high water table zone.
- The stretch of Lincoln Boulevard between Venice and Washington is a virtual parking lot with major traffic most of the day. This 4-story building will only add to the current traffic problems and set a dangerous precedent for Venice.
- The more density, the more difficult it is for the public to access the beach.

4.3 - The 100% Density Bonus is not justified because it includes commercial space on the ground floor, which is not part of the affordable housing component of this project.

The applicant has failed to demonstrate why this private commercial office use in the coastal zone is a necessary component meriting the approval of waivers to make the 100% affordable housing component of the project financially feasible. In fact, the commercial office use cannot be a justification for any of the waivers when both State and local density bonus laws were specifically adopted for affordable housing and not for the benefit of commercial uses.

4.4 – The Specific Adverse Impact and the Density Bonus

Los Angeles Municipal Code section 12.22.A.25 sets forth findings pertaining to density bonus and incentives. The City may not approve the density bonus and incentives relative to this project if the administrative record contains substantial evidence of a specific adverse impact. This record for this Project does contain such evidence. (See 2.4, which references the large number of police/fire responses, which are attached)

4.5 – Kalnel vs. City of LA clearly shows that the state density bonus law does not override the Coastal Act.

The Coastal Act takes precedence over the various housing density provisions. Density statutes were subordinate to the Coastal Act and that substantial evidence supported the City's findings that the project violated the act because it was visually out of step with the surrounding coastal community.

As per the 2016 Kalnel vs. City of L.A. appellate court decision, the Density Bonus Act is subordinate to the Coastal Act. The Density Bonus Act (§ 65915) states: "Nothing in this section shall be construed to

supersede or in any way alter or k.-sscn the effect or application of the [Coastal Act]."(§ 65915, subd. (m) .) Resources Code, § JOOOI, subds. (a),(d).) In short, the Legislature appears to have struck a balance between the Coastal Act and the Density Bonus Act by requiring local agencies to grant density bonuses unless doing so would violate the Coastal Act. We therefore hold that Section 65915 is subordinate to the Coastal Act and that a project that violates the Coastal Act as the result of a density bonus may be denied on that basis.

4.6 – The developer has no experience with such a large housing development (40 units).

Venice Community Housing Corp. mostly has experience with small, repurposed buildings. The largest project they have ever built was 20 units (half the size of Lincoln Apts) and has a horrible track record of safety concerns (Police/Fire records are attached and referenced in 2.4).

Appeal Issue No. 5 – Land Use Deviations

The approval of a predominately residential project on a site designated for commercial uses raises a substantial issue that merits closer scrutiny by the Commission in order to determine whether the density and mix of uses is appropriate for the site. With well-documented safety issues, this project is not compatible with the community character of the neighborhood.

5.1 – Coastal Act Section 30222 gives priority to visitor-serving commercial recreational facilities over residential and other uses.

Coastal Act Section 30222 states: "The use of private lands suitable for visitor-serving commercial recreational facilities designed to enhance public opportunities for coastal recreation shall have priority over private residential, general industrial, or general commercial development, but not over agriculture or coastal-dependent industry."

5.2 - Additional entitlement findings state that this project will provide a service that is beneficial to the community – with documented safety issues, this is not the case. In fact, with VCH and SPY's documented safety issues, this project is not compatible with community character of the neighborhood.

- The current safety problems with SPY and with VCH's other properties show that this will not be beneficial to the community. (See 2.4, which references the large number of police/fire responses, which are attached)
- Prop 2 funding is included in this project and includes residents with "symptoms of psychosis and violence". This is exact wording from Prop 2 verbiage.
- SPY serves 23,000 meals a year and those people will not be screened in the sex offender database or for a violent criminal past. These are the people who cause the most problems in our neighborhood - and things will only get worse when they go from operating from 3 to 7 days a week when this project gets built.
- With three schools on the block that serve over 800 kids, residents with symptoms of psychosis and violence are not compatible with this neighborhood.
- LA City Planning Commissioner Marc Mitchell stated in the CPC Hearing, " "I volunteered at SPY and....I personally have seen disorganization at the site that does lead to safety issues."
- If a project is unsafe then it inherently is not compatible with the community, particularly with three nearby schools.
- There is currently a way for neighbors to report problems with SPY. The problem is that our concerns often go ignored.
- The Housing First model has been a failure everywhere it has been implemented: Utah, Seattle, San Francisco, Los Angeles, etc., with the rate of homelessness staying the same or going up in those cities.

California Coastal Commission

A-5-VEN-20-0060

Exhibit 2

Page 40 of 136

- The Venice Neighborhood Council voted *unanimously* to oppose this project and passed a Vote of No Confidence in the City Planning Commission for voting in favor of this project (attached).
- “The problem is obvious – If you’re putting kids even in a 1 or 2% more of a chance to see something horrible or experience something horrible, then it’s a no brainer. It’s surprising it’s got this far. It’s not the right place.” – VNC Board Member

Section 30210 of the Coastal Act states, in part:

*...maximum access, which shall be conspicuously posted, and recreational opportunities shall be provided for all the people **consistent with public safety needs** and the need to protect public rights, and rights of private property owners, and natural resource areas from overuse.*

5.3 - Adverse Impact on coastal access in Venice Beach; sets a precedent for other coastal communities.

Venice Beach is a world famous destination and should be protected from ill-conceived development of every kind and preserved for the benefit of all. The safety concerns with this project would deter visitors and affect coastal access.

5.4 – Services on the ground floor that are for non-residents, disqualifies this Project, as presented, for being approved as supportive housing and granted density bonuses.

Safe Place for Youth will provide services on the ground floor for non-residents. City Planning released a memo (Keller memo - attached), which states that services are intended for residents. A building that provides services to non-residents is not supportive housing. In order to receive all of the exemptions, waivers, and density bonuses, services should serve all residents, and they do not in this case.

5.5 – In June 2019, the Commission’s decision about 720 Rose Ave states, “Venice is built-out with limited large parcels that could support similar projects”.

- To say there are “limited large parcels” is misleading. Since lots can be merged to create a large parcel, as is the case with this project, this offers many options for large parcels in Venice. These lots are affordable to non-profits who have access to a lot of public money.
- There are many Venice Community Housing projects in the pipeline for Venice. For Lincoln Apartments, two lots will be merged, creating one large lot. VCH’s Board Treasurer purchased one of the lots for this project and sold it for a fraction of its value to SPY(Friends of Venice Youth LLC), who is now selling it to VCH, and VCH received a \$4.5 million pre-development loan to purchase the other lot. That pre-development loan was supposed to be based on community support, however they received that loan before doing community outreach with neighbors, which resulted in a lack of community support. Yet, it was easy for them to get the loan and purchase these large parcels.

5.6 - The City’s findings fail to include an analysis of cumulative effects of the approved development on community character; and the City’s determination may prejudice the City’s ability to prepare a certified Local Coastal Program (LCP) that complies with Chapter 3 of the Coastal Act.

- Venice Community Housing has many projects in the pipeline for Venice. The incremental effect of past projects, this project, and future projects needs to be considered. An example is the Reese Davidson project that will go in front of City Planning on October 22, with Venice Community Housing as one of the developers. That project is enormous, at 140 units, and includes many bonuses and waivers. The cumulative effect of these projects is having a detrimental effect on the community character of Venice.

Appeal Issue No. 6 – Waiver of Dedication and Improvement and Setbacks

6.1 VCH is seeking a waiver of the Venice Coastal Zone Specific Plan step-back provisions for buildings greater than 25-feet in height (off-menu). This sets a dangerous precedent for buildings in the Coastal zone.

6.2 VCH is seeking a Waiver of Dedication and Improvement - The request is for a modified right-of-way dedication of 10-feet, in lieu of the otherwise required 18-foot dedication, and waiver of widening the half roadway width. This sets a dangerous precedent for buildings in the Coastal zone.

Pre-Covid-19, on any given drop-in day there were 50-100 SPY clients waiting to be let in, filling the driveway and spilling out onto the Garfield Ave sidewalk. VCH wants to move the entrance from the driveway to the front of the building on Lincoln. We shared our concerns about 50-100 people blocking the sidewalk on Lincoln. VCH has said the outdoor patio area and the café area can accommodate 60 people. But these areas will also be filled with tables, chairs, and other furniture and the capacity will be significantly less than 60. We are concerned there will be people spilling out on the sidewalk – especially if people now must maintain a social distance. There should be a larger setback on Lincoln to accommodate this crowd. The café area is a micro-enterprise and will not be able to accommodate 100 people.

There already have been many instances of SPY clients blocking sidewalks to the point that neighborhood kids have been forced to ride their bikes on busy Lincoln Blvd. on their way home from school.

Appeal Issue No. 7 - Concentration of projects in Venice and Cost

- In the past, the Coastal Commission has cited there being an issue of a lack of affordable housing in Venice. Venice has always supported social and economic diversity, which is why our small community of Venice has more current and planned affordable housing projects than all of the other communities in Council District 11 combined.
- According to Pacific Urbanism (study attached), Venice has the 8th highest rate of affordable housing in all of Los Angeles (with 1860 low income and supportive housing units), and the highest rate, by far, in Council District 11. And this is not including the planned projects: Thatcher Yard (98 units), Reese-Davidson Project (140 units), Rose Ave (34 units), Lincoln Apts (40 units), Bridge Housing (154 beds) – which is an additional 466 units - which brings it to over 2300 low income and supportive housing units in Venice. Not even including the planned projects, Venice has over 5 units of affordable housing per 100 people. Pacific Palisades and Brentwood combined have .21 units of affordable housing per 100 people.
- Along with the over concentration of affordable housing and services in Venice (3.1 square miles), the homeless population has gone up by 60% in Venice, while going down 77% in Brentwood and down 59% in Pacific Palisades, in the last few years. (Source: LAHSA).
- This concentration of affordable housing in Venice sets a dangerous, statewide precedent. The concentration of affordable housing in Skid Row, while not in the Coastal zone, is an example of the dangers of the concentration of housing and services in one community.

California Coastal Commission

A-5-VEN-20-0060

Exhibit 2

Page 42 of 136

- A concentration of projects not following the LUP is creating a dangerous precedent and changing the character of our community.
- At \$500,000 per unit, this is a gross misuse of public funds that could be spent more efficiently to help more people. Spending all of the money to help a small percentage of people is not compassion, it is corruption.

Summary

This project sets a dangerous, statewide precedent, which could further impact the safety and quality of life in Venice and other coastal communities, thus impeding coastal access. This project will also result in cumulative impacts to community character and visual resources.

Substantial issues include, but are not limited to, zero residential parking, scale that is not compatible with the character of the neighborhood, 100% density bonus, and plans for the use of public parking spaces for loading and delivery.

There is overwhelming opposition to this project because of the many substantial issues. At the time of this submission, there were over 800 e-mails opposing this project that were received by the CCC South Coast office. Please listen to this community and find substantial issues with this Project.

Respectfully submitted,

Tracy Carpenter

The plans are almost complete, but I think your idea about going with the plans you have an incorporating the additional comments on the new plans is a good one.
If that's still OK with you, lets proceed in that manner. Thank you in advance

Hope all is well.

JL

Hi Jonathan,

the PVP review went pretty smoothly. Overall, the panel and UDS did not express major concerns regarding the design and site planning, but they did provide additional comments:

Groundfloor Facade

- commercial facades seem to have too much glass/transparency. Perhaps an attempt to comply with the CDO
- is there a way to make it more "warm", create a front porch/terrace?

Overall Structure

- seems monolithic, provide more articulation and changes in material.

Landscaping

- where are the LID planters, will filtration be provided on the roof or groundfloor?

Let me know if you have any questions.

Were you able to figure out the LADOT Referral Form item we discussed earlier? LADOT is still pushing back on us that we can't submit any items to them prior to receiving a referral form from you

Still sounds weird to me, but just wanted to see if you've heard different.

HOW DANGEROUS ARE LINCOLN APARTMENTS?

Venice Community Housing's proposed Safe Place For Youth (S.P.Y.) Project

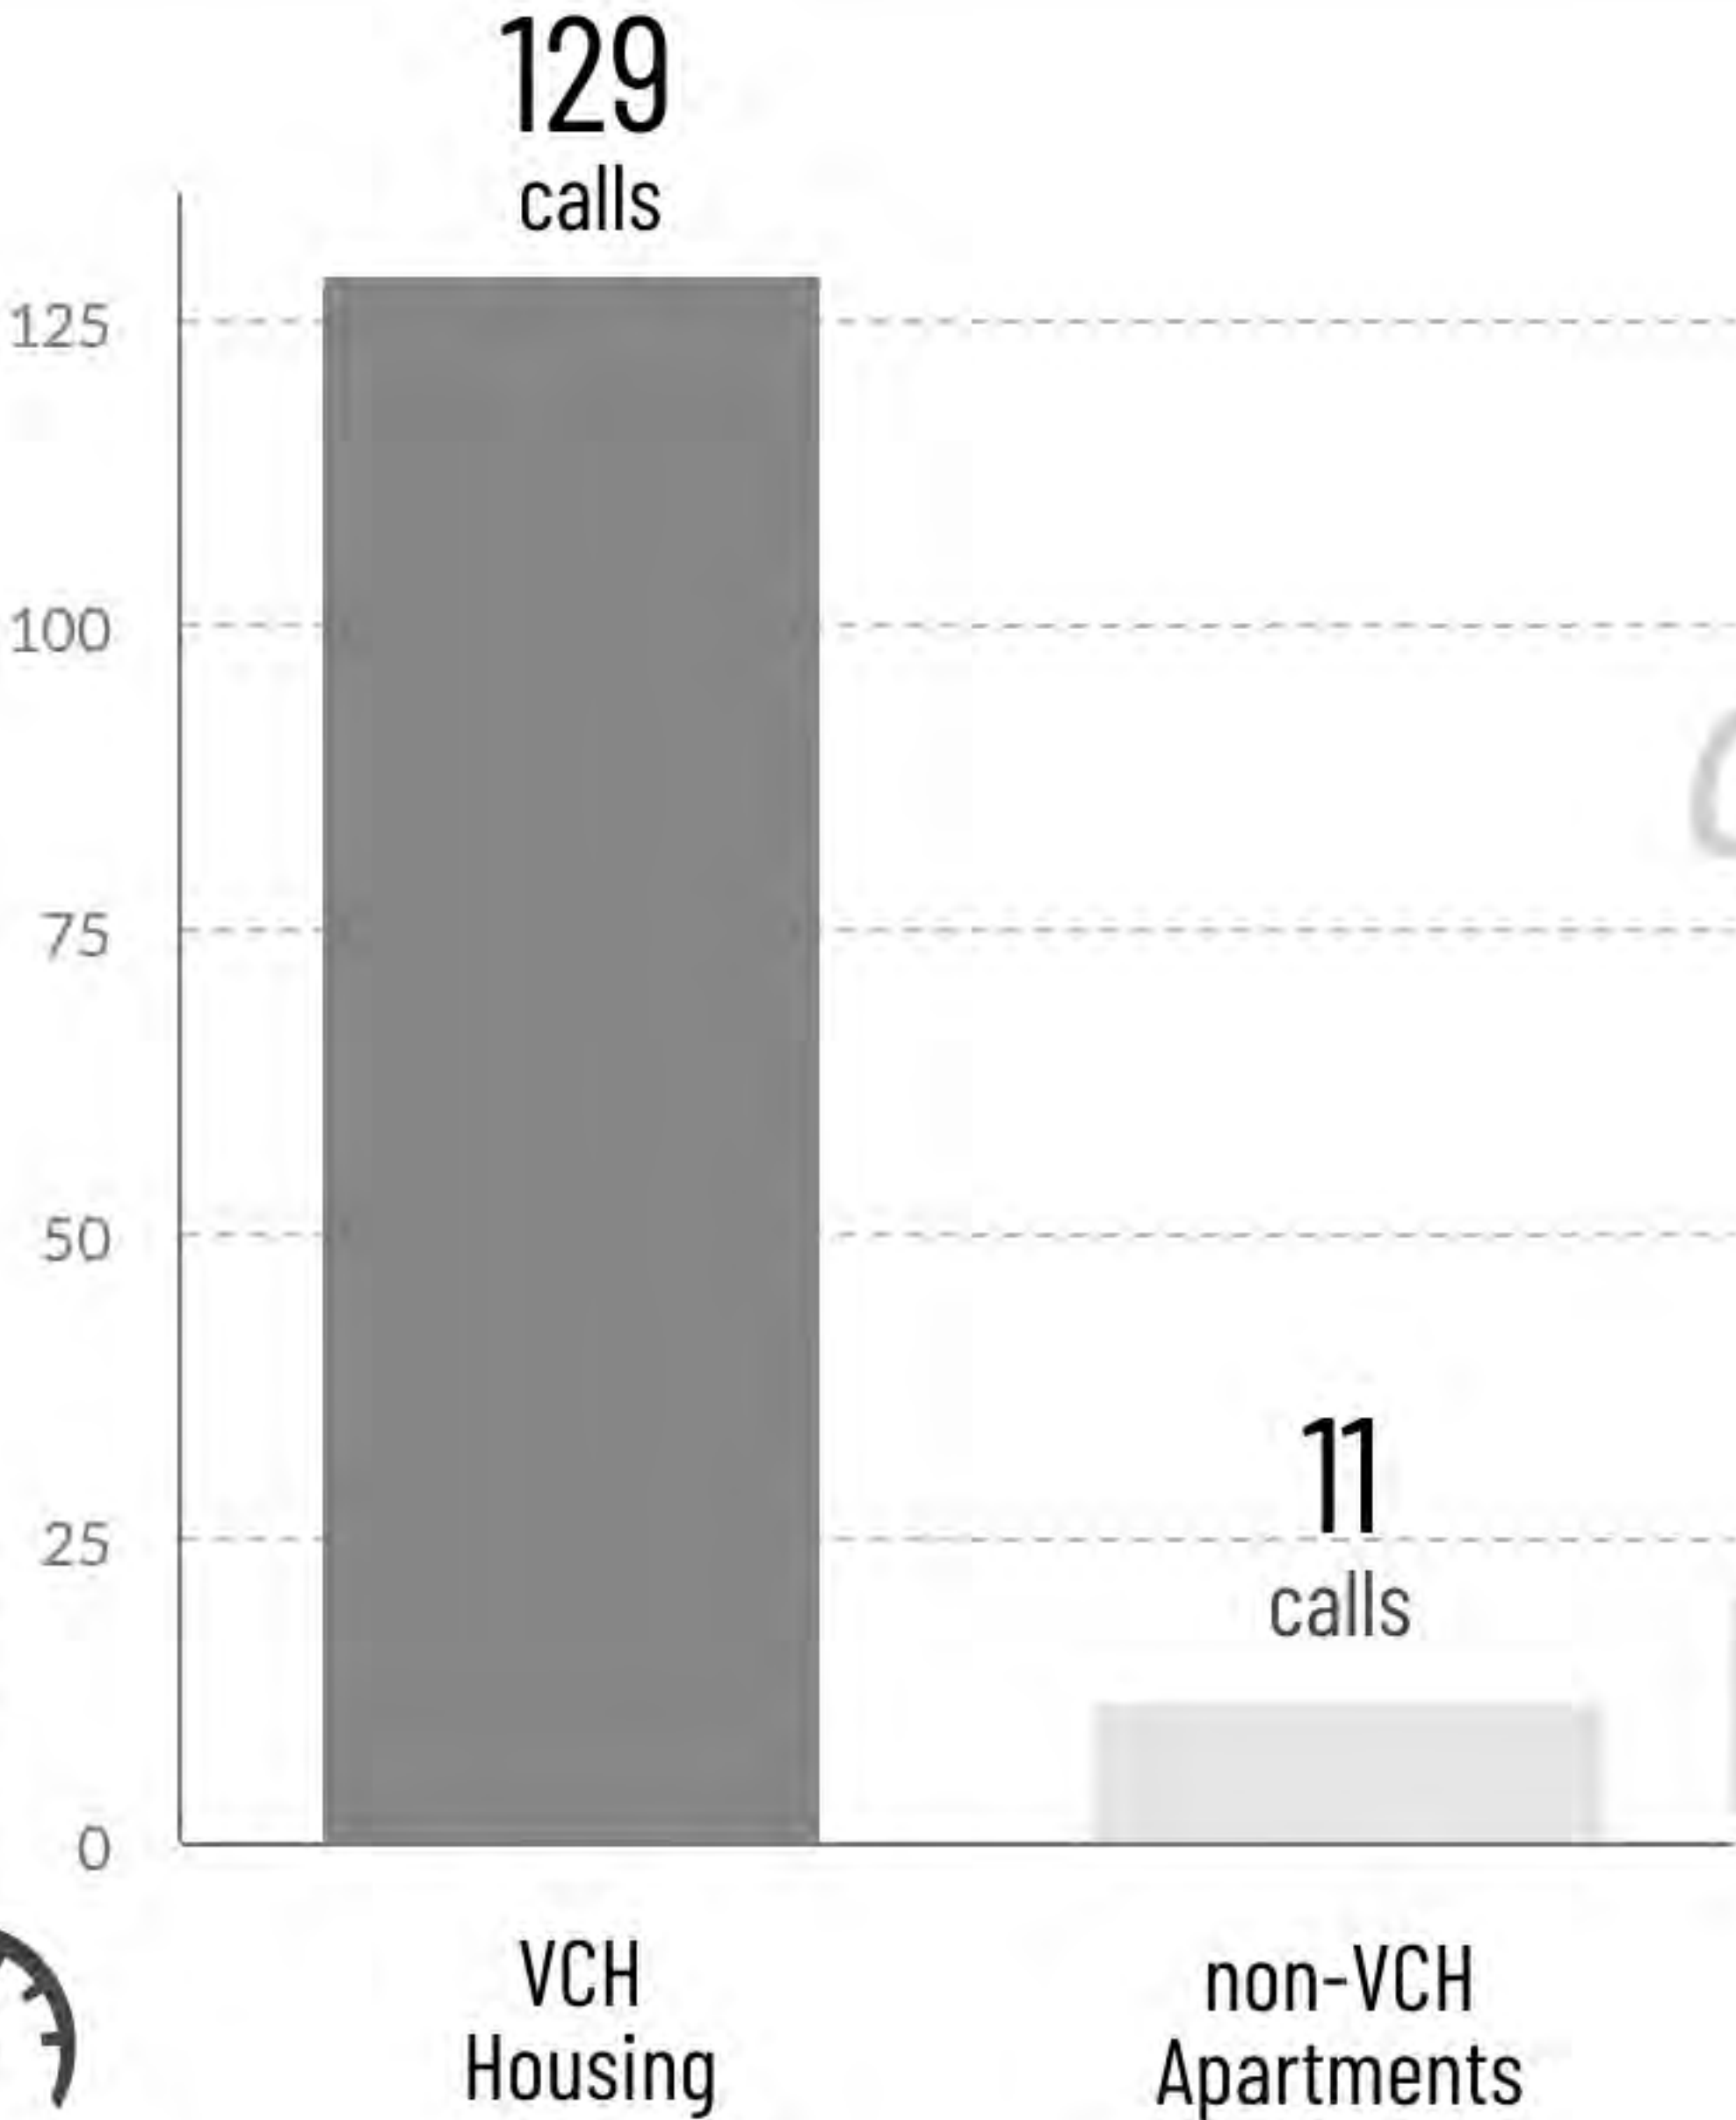

To predict how **Venice Community Housing** will manage their proposed Lincoln Apartments project, take a look at how their nearby, existing supportive housing at **13368 Beach Ave.** stacks up to neighboring non-VCH apartments in terms of safety.

Tracking 2 years of Los Angeles **POLICE + FIRE** Department responses to:

- VCH Housing**
13368 Beach Ave.
Marina del Rey CA 90292 (**20** units)
- NON-VCH Apartments**
13320 Beach Ave.
Marina del Rey CA 90292 (**28** units)

Emergency response **per apartment:**

VCH Housing: **6.5**
non-VCH: **0.4**

Subject: RE: 13368 Beach Ave.

Hi Officer Ramirez,

I'm checking back to see what happened with the information on the serious 911 calls at our Beach Ave property. The problem did stop, thankfully, but we are still interested to see what you found out so that we can prevent it from happening again.

Also, want to see if you can attend an upcoming tenant meeting to do a Q&A.

Let us know.

Thanks,

Becky

After we received the initial police numbers for Gateway Apartments, Becky claimed that some of the calls were false because of "swatting". She sent me the following e-mail chain. As you can read for yourself, On March 7, 2018, she wrote, "The problem did stop, thankfully". So I wrote to her, that since the 2017 calls are controversial, we would remove them and we did. They are not included in the infographic sent out.

CALLS FOR SERVICE PRINTOUT COLUMN DEFINITIONS

RD	Reporting District - Area in which incident occurred
TIME	Time when incident was reported to LAPD Communications Division
UNIT	Identification number of LAPD patrol vehicle.
ARVD	Time when LAPD arrived at the location.
CALL	Type of call (see Pages 2 and 3)
CD	Code - Call Priority Level (see below)
DIS	Disposition of the call (see below)

DISPOSITION CODES (DIS)

ADV	Advised
AON	Act of Nature
ARR	Arrest
ARM	Arrest, Indication of Mental Illness
BOC	Bad Order Call
CCB	Cancelled by Callback
CIT	Citation
CLO	Closed
CMP	Completed
CPR	Cancelled by Person Reporting
CTR	Call Transferred
FAL	False Alarm
GOA	Gone on Arrival
HOM	Hospitalized/Hold, Indication of Mental Illness
IFU	Investigation/Follow-up
INF	Information
IOM	Incident of Mental Illness
OCC	Officer's call completed. Call Completed
OTH	Other
QNR	Questioned and Released
QRM	Questioned and Released, Indication of Mental Illness
REF	Referred
REM	Referral, Indication of Mental Illness
RPT	Report
VLD	Valid Alarm
WRN	Warned

CODE TYPES/CALL PRIORITY (CD)

3	Life threatening emergency, lights and sirens on.
2H	Emergency, no lights, no siren.
2	Urgent, no lights, no siren.
H	Low priority call.
blank	Routine call.

HOW DANGEROUS ARE LINCOLN APARTMENTS?

Venice Community Housing's proposed Safe Place For Youth (S.P.Y.) Project

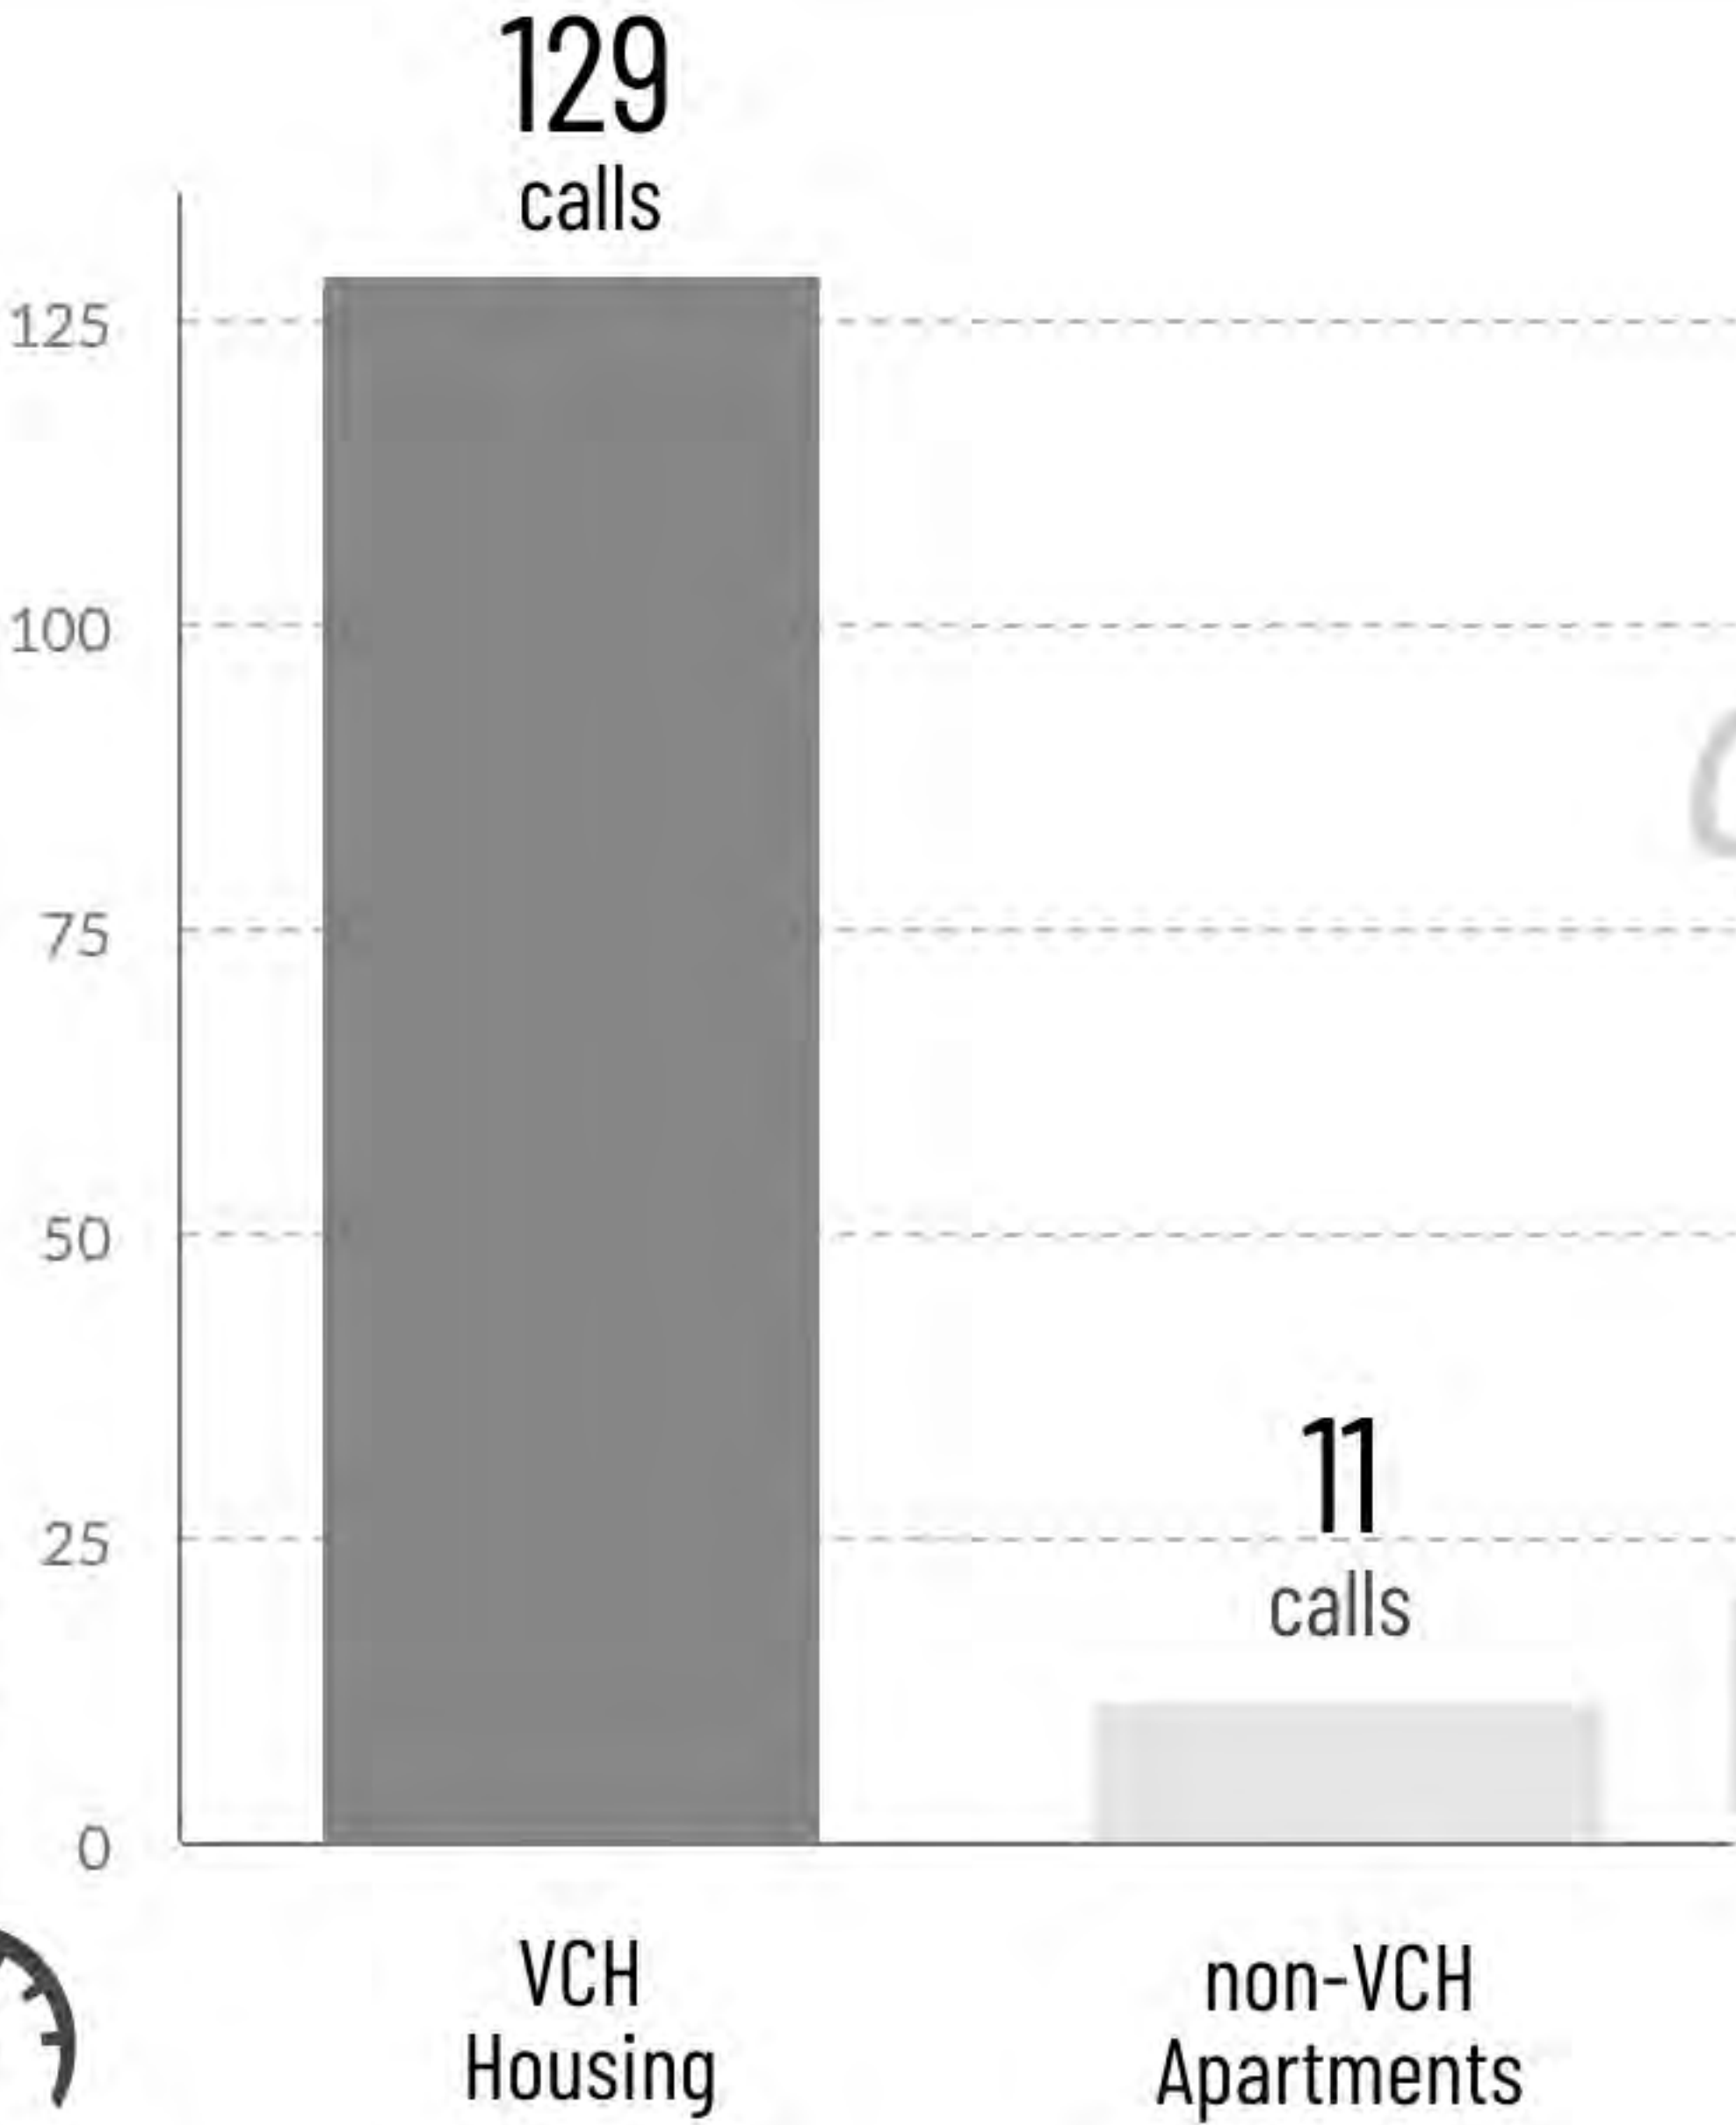

To predict how **Venice Community Housing** will manage their proposed Lincoln Apartments project, take a look at how their nearby, existing supportive housing at **13368 Beach Ave.** stacks up to neighboring non-VCH apartments in terms of safety.

Tracking 2 years of Los Angeles **POLICE + FIRE** Department responses to:

- VCH Housing**
13368 Beach Ave.
Marina del Rey CA 90292 (**20** units)
- NON-VCH Apartments**
13320 Beach Ave.
Marina del Rey CA 90292 (**28** units)

Emergency response **per apartment:**

VCH Housing: **6.5**
non-VCH: **0.4**

Total: 30 Incidents
between 01/01/2017 and 01/30/2020

Last updated: 01/30/2020 11:48 AM.

CALLS FOR SERVICE PRINTOUT COLUMN DEFINITIONS

RD	Reporting District - Area in which incident occurred
TIME	Time when incident was reported to LAPD Communications Division
UNIT	Identification number of LAPD patrol vehicle.
ARVD	Time when LAPD arrived at the location.
CALL	Type of call (see Pages 2 and 3)
CD	Code - Call Priority Level (see below)
DIS	Disposition of the call (see below)

DISPOSITION CODES (DIS)

ADV	Advised
AON	Act of Nature
ARR	Arrest
ARM	Arrest, Indication of Mental Illness
BOC	Bad Order Call
CCB	Cancelled by Callback
CIT	Citation
CLO	Closed
CMP	Completed
CPR	Cancelled by Person Reporting
CTR	Call Transferred
FAL	False Alarm
GOA	Gone on Arrival
HOM	Hospitalized/Hold, Indication of Mental Illness
IFU	Investigation/Follow-up
INF	Information
IOM	Incident of Mental Illness
OCC	Officer's call completed. Call Completed
OTH	Other
QNR	Questioned and Released
QRM	Questioned and Released, Indication of Mental Illness
REF	Referred
REM	Referral, Indication of Mental Illness
RPT	Report
VLD	Valid Alarm
WRN	Warned

CODE TYPES/CALL PRIORITY (CD)

3	Life threatening emergency, lights and sirens on.
2H	Emergency, no lights, no siren.
2	Urgent, no lights, no siren.
H	Low priority call.
blank	Routine call.

CPC-2019-6069-CU-DB-CDP-CDO-SPP-MEL-WDI

CALIFORNIA
COASTAL COMMISSION

Project Description

- Conditional Use (CU) pursuant to LAMC Section 12.24 U.26 – Request is a Conditional Use approval for a 100% Density Bonus, exceeding that of which is permitted by LAMC Section 12.22 A.25.
- Density Bonus (DB) pursuant to LAMC Section 12.22 A.25 – Request is for approval of a Density Bonus case with the following incentives:
 - a. Floor Area Ratio increase to 3:1 for a site fronting a Major Highway Class I and is located within 1/2 mile of a Major Transit Stop (on-menu).
 - b. Height increase of 22-feet for a proposed flat-roofed building, as defined by the Venice Coastal Zone-Specific Plan (off-menu).
 - c. Waiver of the Venice Coastal Zone-Specific Plan step-back provisions for buildings greater than 25-feet in height (off-menu).
 - d. Waiver of the commercial loading space requirement of the LAMC (off-menu).
 - e. Waiver of the residential automobile parking requirement.
- Coastal Development Permit (CDP) pursuant to LAMC Section 12.20.2 – Request is for approval of a Coastal Development Permit for the proposed project. The subject site is located in the Coastal Zone.
- Project Permit Compliance (SPP) pursuant to LAMC Section 11.5.7 – Request is for a Project Permit Compliance approval for a proposal located within the Oakwood – Milwood – Southeast Venice Subarea of the Venice Coastal Zone-Specific Plan.
- Design Overlay Plan Approval (CDO) pursuant to LAMC Section 13.08 E.2 – Request is for a Design Overlay Plan Approval. The subject site is located within the Lincoln Boulevard Community Design Overlay and the proposal is defined as a “project” by the Overlay.
- Waiver of Dedication and Improvement (WDI) pursuant to LAMC Section 12.37 I.3 – Request is for a modified right-of-way dedication of 10-feet, in lieu of the otherwise required 18-foot dedication, and waiver of widening the half roadway width.
- Mello Act Determination (MEL) pursuant to LAMC Section 12.20.2 – Request is for a determination to certify the proposed project as compliant with the Mello Act.

- Categorical Exemption (CE) pursuant to CEQA Guidelines 15300 – Request is for approval of a Class 32 “Urban Infill” Categorical Exemption to satisfy the proposed project’s CEQA determination.

Dear Juliet,

Please be advised that at a regularly held Virtual Public meeting of the Venice Neighborhood Council (VNC) Board of Officers on May 21, 2020, the following Motion passed.

Motion

The Venice Neighborhood Council recommends *denial* of the project as presented

ACTION

The motion to deny passed by a vote of 14-0-2

Land Use & Planning Committee case-related documents and Staff Report can be found at: <http://venicenc.org/land-use-committee.php>

Please note that the VNC Board does not speak on behalf of the City of L.A. but only on behalf of the community of Venice, which elected the Board members; and that the advisory recommendation contained in this letter does not purport to take any action that may be required under applicable law by the Venice Coastal Zone Specific Plan, the L.A. Municipal Code, the General Plan Venice Community (certified) Land Use Plan or the California Coastal Act.

Please provide us a copy of the determination letter, including all Exhibits, via email to president@venicenc.org, vicepresident@venicenc.org, and chair-lupc@venicenc.org, in addition to mailing it to the VNC at the address indicated in the letterhead above; and please assure that this letter from the VNC is placed in ALL City case files for the project, including the files for Appeals to the West L.A. Area Planning Commission, if any.

Thank you, and please do not hesitate to contact me if you have any questions in this regard.

PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS

The public is requested dial *9, when prompted by the presiding officer, to address the Board on any agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to 30 seconds per speaker, unless adjusted by the presiding officer of the Board. Venice Neighborhood Council PO Box 550, Venice, CA 90294 / www.VeniceNC.org Email: info@VeniceNC.org / Phone or Fax: 310.606.2015 It's YOUR Venice - get involved

Virtual Board Meeting Rules: • Raise your hand if you have a public comment only WHEN we get to that specific item. • After you speak, please lower your hand. • All panelists (board members) and attendees (public) will be muted until administrator Ira, Melissa or George unmute you for comment. • Board members will get one chance to speak for a max of 2 minutes per item. • Public comment will be limited to one comment for 30 seconds per item. • PLEASE DO NOT RAISE YOUR HAND MORE THEN ONCE PER ITEM. • No ceding your time to others will be allowed • The meeting is being video and audio recorded • The public will be able to listen and speak but their video will be disabled. ALL PRESENTERS THAT HAVE ITEMS TO PROJECT ARE TO SEND THEM TO sec@venicenc.org &

The VNC recommends denial the project as presented unless the developer incorporates the following changes

1. No variance on front yard setback. It must be maintained at 15 ft.
2. Parking units must be increased at a 1:1 stall per unit
3. No roof deck and the developer must work to provide alternate green space.
4. Increase the number of affordable units and provide full replacement of the 9 demolished units and replacement of affordable bedrooms at a 1:1 ratio
5. Require a covenant prohibiting short term rentals in the building.

Email: info@VeniceNC.org / Phone or Fax: 310.606.2015

- A coastal development permit pursuant to LAMC 12.20.2 to allow a change of use from mortuary/church/office and residence to three (3) restaurant tenant spaces, office, and residence. No change in floor area is proposed. The proposed restaurants will have service floor areas of 864.02 sf (Unit A), 490.46 sf (Unit B), and 659.84 sf (Unit C).
- A conditional use permit pursuant to LAMC 12.24 W 1 to allow the sale and dispensing of a full line of alcoholic beverages for on-premises consumption at two new restaurants located in the M1-1 zone. The proposed establishments will have square footage of 1,361.96 sf (Unit A) and 1,157.76 sf (Unit C).
- A Variance to allow 13 parking spaces to be provided off-site via lease in lieu of covenant.

Motion

The Venice Neighborhood Council recommends approval of the project as presented because it is adaptive re-use of an existing building which will provide a direct benefit to the neighborhood with minimal impact on parking.

12E Redirect Homeless Funds

Whereas, the City of Los Angeles is in the midst of a humanitarian homeless crisis on the level of the conditions following a massive earthquake or hurricane, and

California Coastal Commission

A-5-VEN-20-0060

Exhibit 2

Page 126 of 136

Venice Neighborhood Council

PO Box 550, Venice, CA 90294 / www.VeniceNC.org
Email: info@VeniceNC.org / Phone or Fax: 310.606.2015

Whereas, the process and cost of building traditional “tax credit” model housing units, with 40% soft costs (consultant and development fees, architecture, and financing) and multi-year preparation time, has resulted as of January 2020 in the construction of only 46 units, and

Whereas, Proposition HHH is now expected to net – instead of the promised 10,000 units - only 5,873 supportive units and 1,767 affordable units at a cost of \$531,000 to \$700,000 per bed, leaving at the completion of construction in four years roughly 20,000 unsheltered homeless still on the street, and

Whereas, according to the office of Los Angeles County Supervisor Mark Ridley-Thomas, in Los Angeles County, currently 133 homeless people are housed each day while 150 people fall into homelessness each day, resulting in the increase in the number homeless by 17 people per day, or 6,205 additional people per year, suggesting that the projection above of 20,000 unsheltered people four years from now is unrealistically low, if the housing programs now in place are not dramatically altered, and

Whereas Los Angeles Homeless Services Authority (LAHSA) has no performance targets and LAHSA’s placement process for individual housing is cumbersome and time consuming, and

Whereas, crucial wrap-around services that help the most chronic and struggling homeless persons succeed in individual housing are most efficiently and cost-effectively provided in group situations and that group/shared housing provide crucial peer support, and

Whereas, other jurisdictions have proven the cost-effectiveness, suitability and quick availability of several other housing models, now,

Therefore, be it resolved, that the Venice Neighborhood Council calls upon the City of Los Angeles to immediately direct 75% of any and all funds (city, state and federal) available for homeless shelter and housing, exclusive of services, to the following proven less-costly models, towards the objective of housing all unsheltered homeless persons in two years: 1. Large membrane tents capable of housing 100 people that may be constructed in a few months (cost: \$10,000 per bed), e.g., the Union Rescue Mission just erected one at that price. 2. Large military-grade inflatable tents (cost: \$6,000 per bed). 3. Pallet shelters (cost: \$2,000 per bed). 4. Tent “Kits” capable of housing a family of four, with furniture, refrigerator, heater and electrical generator (Cost: \$500 per bed, \$2,000 per kit). 5. SHARE Collaborative Housing, two persons per bedroom in existing single-family homes and multi-family buildings (Cost: \$500 to \$700 monthly rent self-financed by each individual’s SSI, General Relief and other benefits; \$8,000 cost per annum per person for management, counseling and other social services). And further, be it resolved, that no such projects shall be installed or constructed within 200 feet of a residence, child care center, school, or park, except for SHARE Collaborative Housing and similar housing programs, which utilize living units already located in existing residential communities. When adopted, this Motion shall be submitted as a Community Impact Statement and attached to Council File 17-0090-S14

12F Rename The Homeless Committee (Lisa Redmond, lisaredmond@gmail.com)

MOTION: Whereas, the word “homeless” comes with an armful of derogatory connotations, negative stereotypes, assumptions, and accusations, and Whereas, homelessness is a complicated subject and labeling someone as “homeless” can hurt more than it helps the situation, and Whereas, the use of the term “Unhoused” instead has a profound personal impact upon those in insecure housing situations, and implies that there is a moral and social assumption that everyone should be housed in the first place, and Whereas, as a society we no longer label someone as “crippled” or “blind,” but instead use terms such as “person with a disability” and “person who is visually impaired,” so it applies that Unhoused individuals are not homeless but “people experiencing homelessness,” and Whereas, by describing someone as “experiencing homelessness” rather than simply “homeless,” you are describing something a person is going through rather than defining them by it, and Whereas, the Unhoused are a protected class of people, and Whereas, the Venice Neighborhood Council would never have a supported committee for other protected classes such as Black Committee” or “Mexican Committee,” and Whereas, the words we use to describe people powerfully affect our attitudes and assumptions about them, and Whereas, the social issue is homelessness and not the individual at fault, now,
Therefore, be it resolved, that the Venice Neighborhood Council immediately changes the name of its “Homeless Committee” to the “Homelessness Committee.”

In addition, if you would like a copy of any record related to an item on the agenda, please contact secretary@venicenc.org.*

RECONSIDERATION AND GRIEVANCE PROCESS: For information on the VNC's process for board action reconsideration, stakeholder grievance policy, or any other procedural matters related to this Council, please consult the VNC Bylaws. The Bylaws are available at our Board meetings and our website www.venicenc.org.

DISABILITY POLICY: THE AMERICANS WITH DISABILITIES ACT - As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities. Sign language interpreters, assistive listening devices and other auxiliary aids and/or services, may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72 hours) prior to the meeting you wish to attend by contacting Melissa Diner, Secretary, at (310) 421-8627 or email secretary@venicenc.org.

PUBLIC ACCESS OF RECORDS: In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all of the Board in advance of a meeting may be viewed at our website: www.venicenc.org or at the scheduled meeting. In addition, if you would like a copy of any record related to an item on the agenda, please contact Melissa Diner, Secretary, at (310) 421-8627 or email secretary@venicenc.org.

COMMUNITY IMPACT STATEMENTS (CIS): Any Board action with a City Council File # may result in the issuance of a CIS.

ALL AGENDA TIMES ARE APPROXIMATE AND SUBJECT TO CHANGE ON THE NIGHT OF THE MEETING.

CITY OF LOS ANGELES

INTER-DEPARTMENTAL CORRESPONDENCE

DATE: November 15, 2018

TO: Public Counters
Department of City Planning Staff
Department of Building and Safety Staff

FROM: Kevin J. Keller, AICP 
Executive Officer, Department of City Planning

SUBJECT: Clarification Regarding Supportive Housing and Transitional Housing

The purpose of this memo is to provide guidance on zoning code regulations as they apply to the development of Supportive Housing and Transitional Housing, in a manner consistent with California Government Code Section 65583 and the Los Angeles Municipal Code (LAMC), as of the date of this memo. This memo provides guidance on five areas of clarification related to Supportive Housing, Transitional Housing and Supportive Services.

1. Supportive Housing and Transitional Housing are residential uses.

California Government Code Section 65583 states in relevant part:

Transitional housing and supportive housing shall be considered a residential use of property, and shall be subject only to those restrictions that apply to other residential dwellings of the same type in the same zone.

Projects that meet the definition of Supportive Housing and Transitional Housing are residential uses and as such are permitted in any zones which allow a residential use. Consistent with state law, Supportive Housing and Transitional Housing should be subject only to the standards that are applied to other residential uses in the same zone. For this purpose, Transitional Housing and Supportive Housing are defined in Sections 50675.2 and 50675.14 of the California Health and Safety Code, respectively.

2. Supportive Services are included in the definitions of Supportive Housing and Transitional Housing, and are accessory to the residential use.

The following are definitions from the Los Angeles Municipal Code (LAMC) and California Health and Safety Code.

California Coastal Commission

A-5-VEN-20-0060

Exhibit 2

Page 131 of 136

Page 1 of 3

Supportive Housing: As defined in California Health and Safety Code Section 50675.14(b)(2), “Supportive Housing means housing with no limit on length of stay, that is occupied by the target population, and that is linked to onsite or offsite services that assist the supportive housing resident in retaining the housing, improving his or her health status, and maximizing his or her ability to live and, when possible, work in the community.”

This definition is consistent with the definition provided in LAMC 12.03, which further specifies that “any Floor Area used for the delivery of Supportive Services shall be considered accessory to the residential use.”

Transitional Housing: As defined in LAMC Section 12.03, Transitional Housing is defined as “a building where housing linked to Supportive Services is offered, usually for a period of up to 24 months, to facilitate movement to permanent housing for persons with low incomes who may have one or more disabilities, and may include adults, emancipated minors, families with children, elderly persons, young adults aging out of the foster care system, individuals exiting from institutional settings, veterans, and homeless people.”

Supportive Services: Supportive Services are defined in LAMC 12.03 to include, “Services that are provided on a voluntary basis to residents of Supportive Housing and Transitional Housing, including, but not limited to, a combination of subsidized, permanent housing, intensive case management, medical and mental health care, substance abuse treatment, employment services, benefits advocacy, and other services or service referrals necessary to obtain and maintain housing.”

3. Supportive Services, when provided in conjunction with Supportive Housing or Transitional Housing, do not subject the project to any additional requirements.

Supportive Services, whether provided directly onsite or linked to outside providers, normally will require some physical space within the residential building dedicated to providing those services, including but not limited to: case management offices, community rooms, demonstration kitchens, recreational facilities, medical or health clinics, and counseling and referral facilities. **Those services are intended for residents of the building only.** Supportive Services that are provided onsite for use of residents are to be considered accessory to the residential use, and should not subject the project to any additional requirements, including maximum square footage limits when otherwise complying with total floor area regulations of the underlying zone. As such, the inclusion of qualified Supportive Services in conjunction with Supportive Housing or Transitional Housing does not require the provision of additional automobile parking.

4. Supportive Housing projects shall not be required to utilize LAMC Section 14.00 A.13 (“Density Bonus for Qualified Permanent Supportive Housing.”).

LAMC Section 14.00 A.13 provides a voluntary incentive program to qualifying Supportive Housing Projects. Supportive Housing projects are not required to utilize the incentives and

procedures in that Zoning code section. The adoption of that Subdivision by Ordinance No. 185,492 does not in any way invalidate the applicability of Government Code Section 65583, and Supportive Housing Projects may continue to use that Government Code Section in conjunction with other affordable housing incentive programs.

5. Supportive Housing and Transitional Housing shall not be required to utilize LAMC Section 14.00 A.12 (“Interim Use of Motels for Supportive Housing or Transitional Housing”).

LAMC Section 14.00 A.12 provides a voluntary, streamlined pathway to facilitate the interim use of an existing motel, Hotel, Apartment Hotel, Transient Occupancy Residential Structure, or Hostel as Supportive Housing or Transitional Housing. The adoption of that Subdivision by Ordinance No. 185,489 does not in any way invalidate the applicability of Government Code Section 65583, and Supportive Housing and Transitional Housing Projects may continue to use that Government Code Section in conjunction with other affordable housing incentive programs.

For questions, please contact Cally Hardy in the Department of City Planning at (213) 978-1643, or cally.hardy@lacity.org.

Analysis Vicinity Map

KEY POINTS

WALKABILITY

The site is located near the major intersection of Venice and Lincoln Boulevards within a short walk of various local amenities, such as restaurants, grocery stores, retail and Saint Marks Church.

Within a ten minute walk are community resources including major bus transit lines, dedicated bicycle lanes, elementary, middle, high school and adult schools, medical facilities, a movie theater and downtown Abbot Kinney another 8 minutes along Venice Boulevard.

TRANSIT

This community is located along bus route line 33, with a stop right out front. A short five minute walk away are Bus routes 2, 5, 33 and 733 which connect residents to various neighboring communities, such as, Mar Vista, Santa Monica, and other parts of West Los Angeles.

Though this area is in close proximity to the 405, and 10 freeways for connections throughout Southern California, it is also located less than a mile away from dedicated bike-ways along Venice Blvd. and Washington Blvd., which minimize the need for having to rely on a car.

LAND USE

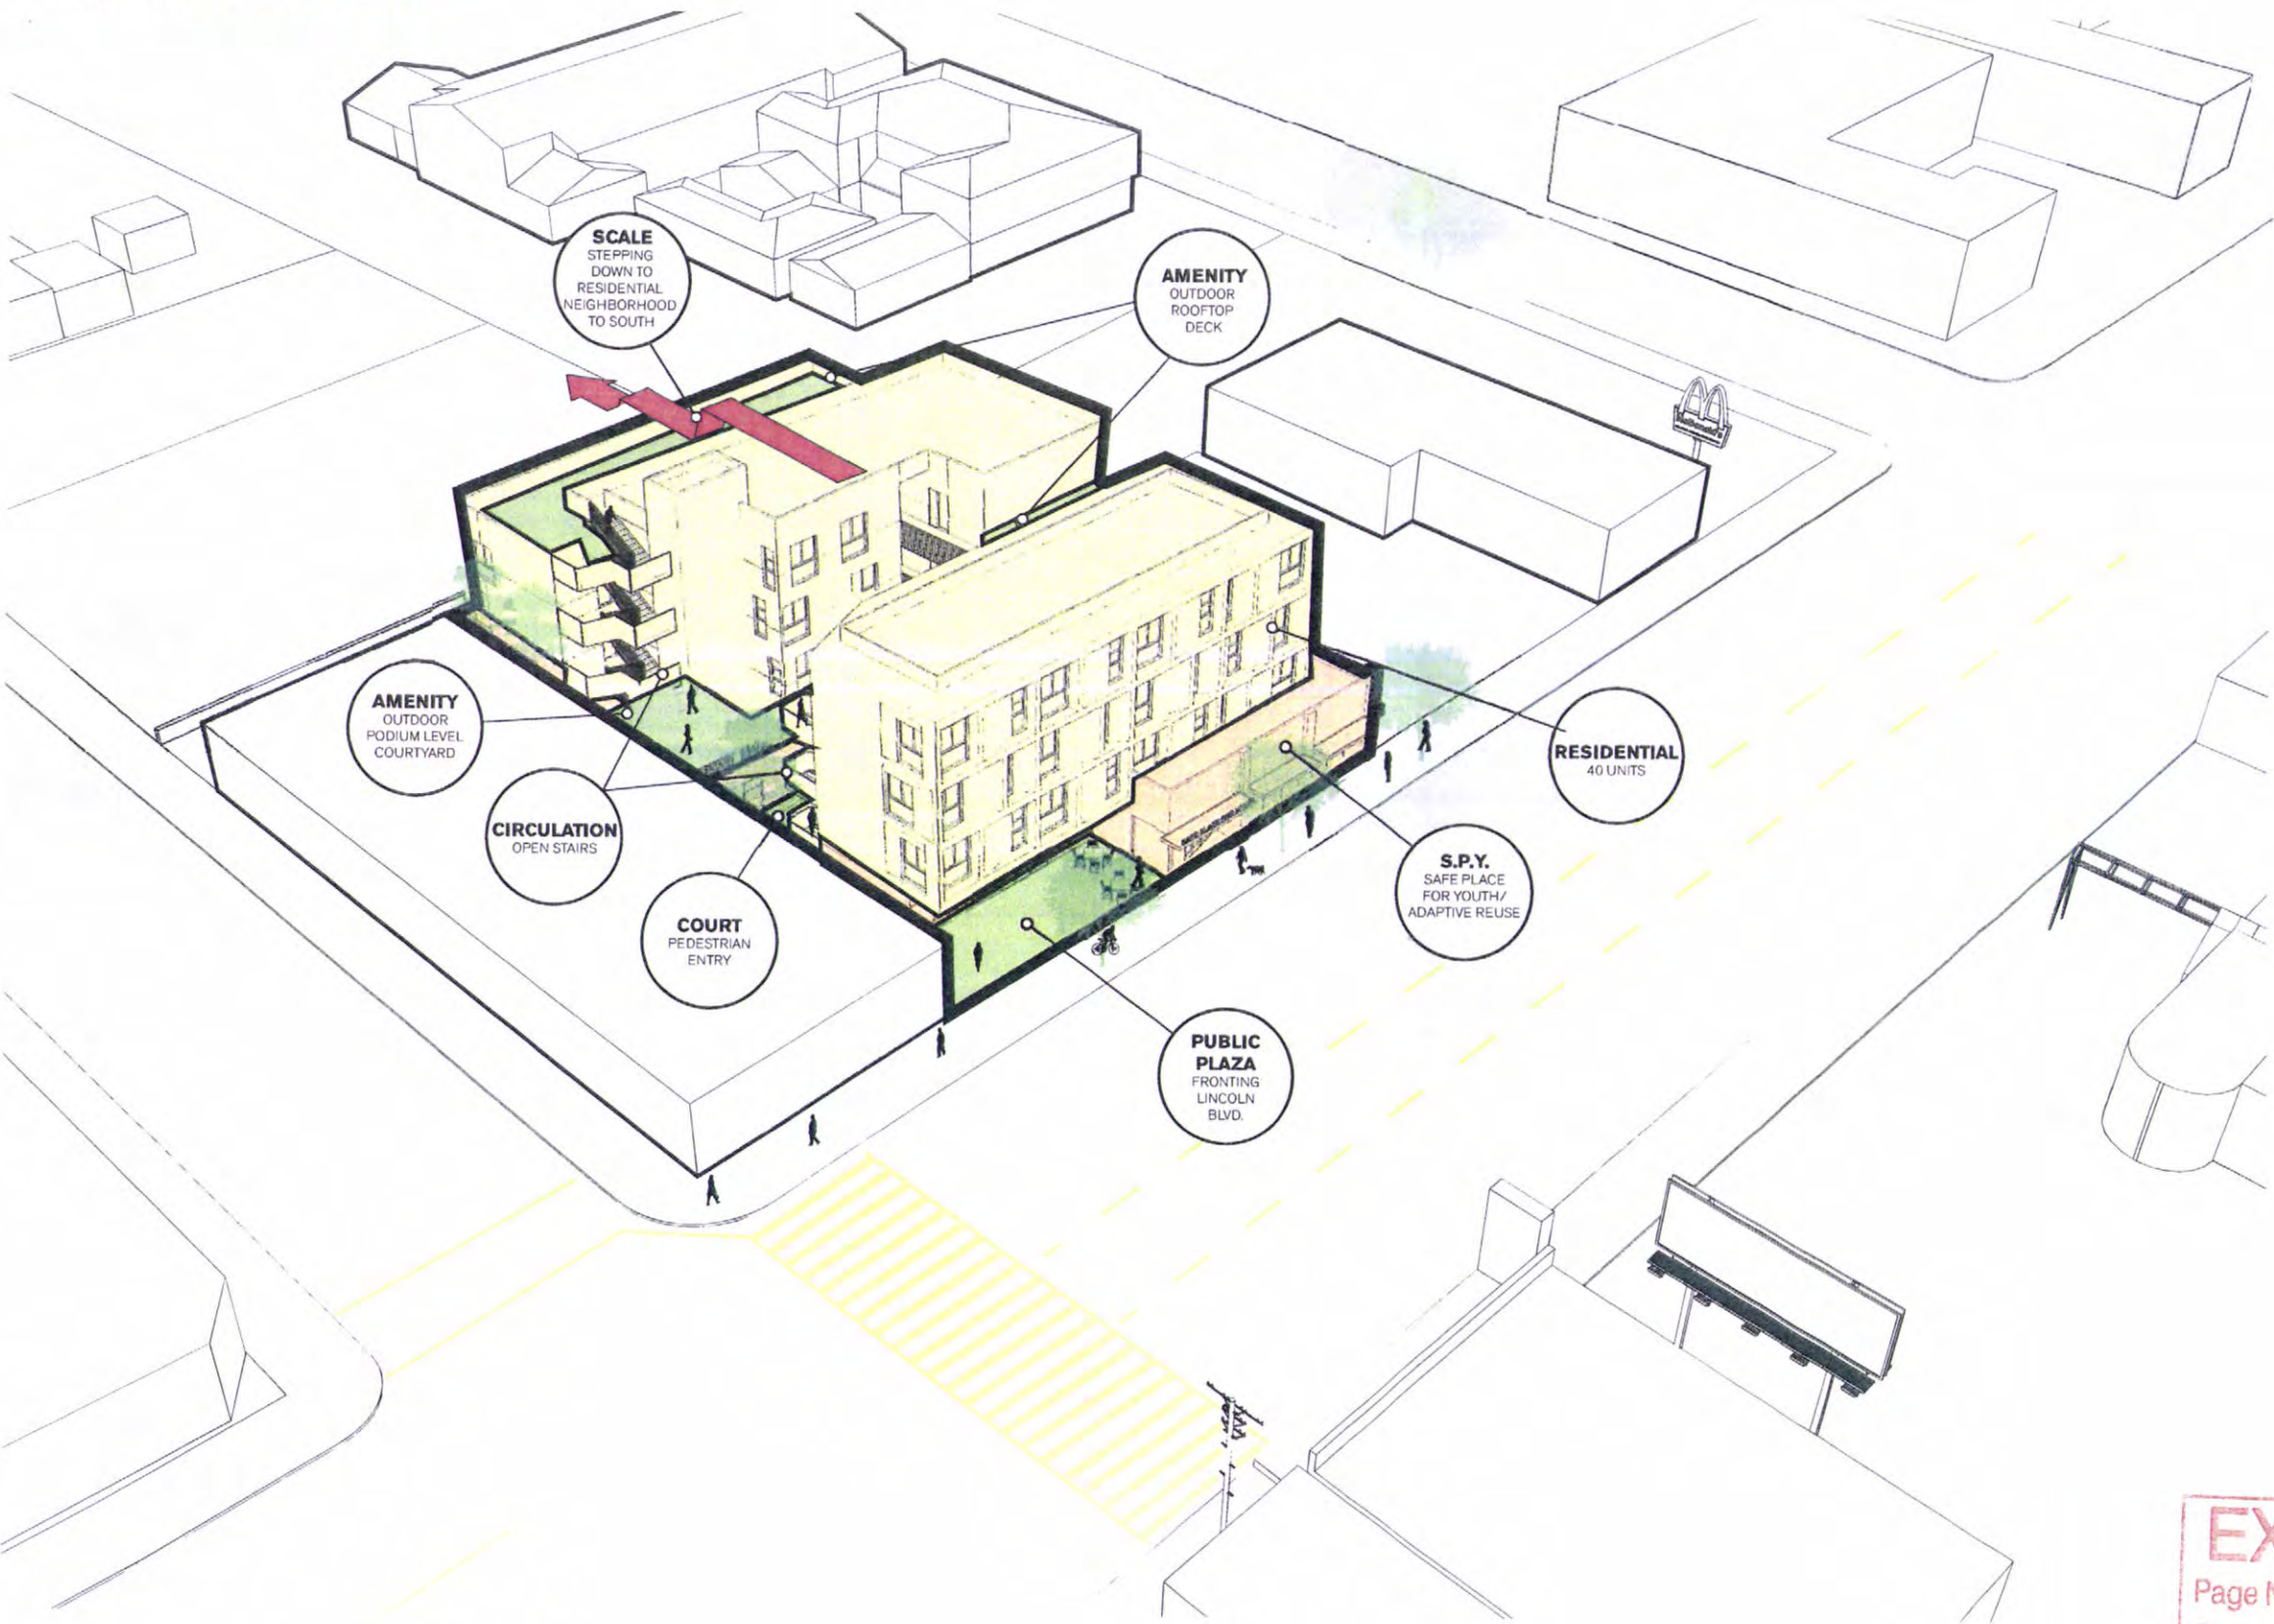

This residence will provide housing for a growing segment of the population and encourages residents to activate the area. The numerous retail services along Lincoln Blvd. could provide a source for local jobs and a destination for those visiting from outside the area.

The Lincoln Apartments Permanent Supportive Housing could serve as a catalyst for the area.

PROJECT GOALS

Maintain an existing public community function with adaptive re-use for **neighborhood continuity**.

Create a public plaza for a **pedestrian focused entry** and gathering.

Locate building mass along Lincoln Boulevard where the street is wide enough to support a multi-story structure.

Design the building elevation along active Lincoln Boulevard with deep recesses to **buffer** sound and create view avenues.

Step down building massing to residential neighborhood to the southwest.

Locate **open spaces with a diversity** of orientations, exposures, and uses, including a pedestrian plaza, entry court, podium courtyard, and rooftop decks with community amenities.

Preserve existing **mural** and provide opportunities for additional community artwork.

The building residential unit layout is organized to provide flexibility for **modularization** at a future date.

Pursue **sustainability, health, and wellness** through programs such as LEED and Fitwel.
