SECTION 2. Chapter 6 Section D (“Land Use Definitions”) of Framework for Planning – Part I of the Coastal Zone Land Use Element of the San Luis Obispo County General Plan is amended to include the following (for the definitions listed below only; definitions not listed are not amended by this section):

**Crop Production and Grazing [A5]**

Agricultural uses including production of grains, field crops, industrial hemp, vegetables, melons, fruits, tree nuts, flower fields and seed production, ornamental crops, tree and sod farms, associated crop preparation services and harvesting activities including but not limited to mechanical soil preparation, irrigation system construction, spraying, crop processing and sales in the field not involving a permanent structure. In the field sales of industrial hemp are prohibited. Does not include the production of cannabis, which is included under “Cannabis Cultivation”. Also includes the raising or feeding of beef cattle, sheep and goats by grazing or pasturing. Does not include cattle feedlots, which are included under "Animal Facilities." The distinction between feedlots and grazing operations is established by Chapter 23.08. See also, "Animal Raising and Keeping."

Section 23.11.030 – Coastal Zone Land Use Ordinance Definitions is amended to include the following (for the definitions listed below only; definitions not listed are not amended by this section):

**Industrial Hemp.** As defined by Section 81000 of the Food and Agricultural Code or Section 11018.5 of the Health and Safety Code, as they may be amended.

**Industrial Hemp Cultivation (land use).** Any activity involving the planting, growing, harvesting, or field drying of industrial hemp.

**Indoor Industrial Hemp Cultivation.** The cultivation of hemp within a permanent structure using a combination of natural light, light deprivation, and/or artificial lighting. Indoor Industrial Hemp Cultivation does not include cultivation within a hoop structure.

**Industrial Hemp Processing.** The drying, curing, trimming, packaging and preparing for further processing within a permanent building (not a hoop house or similar non-permanent structure); considered an agricultural processing use.

**Industrial Hemp Transplant.** An industrial hemp cultivar grown from seed or clonal propagation for the purpose of planting at a separate location away from its original place of production. Plants are limited to the germination and vegetative stages; plants entering any portion of the budding or flowering stage do not meet the definition of “Industrial Hemp Transplant”.

Section 23.08.042 – Industrial Hemp Processing is hereby added to Title 23 to read as follows (for the sections listed below only; sections not listed are not amended by this section):

**23.08.042 - Agricultural Processing.** Agricultural processing activities as defined by the Land Use Element, including but not limited to packing and processing plants and fertilizer plants, are allowable subject to the following:

**d. Standards for specific uses.**

**(4) Industrial Hemp Processing.** For the purposes of this section the processing of industrial hemp is limited solely to drying, curing, trimming, packaging and preparing for further processing within a permanent building (not a hoop house or similar non-permanent structure). The harvesting of industrial hemp grown onsite that is performed in the field with mobile equipment not involving permanent buildings, hoop houses, or trailers is included under Crop Production and Grazing and subject to the standards set forth under 23.08.047. Industrial hemp processing does not include cannabinoid extraction and infusion and manufacturing of finished

products. Extraction of cannabinoids from industrial hemp is considered Chemical Manufacturing. Manufacturing of finished hemp products are classified under existing Industry, Manufacturing, and Processing uses according to their end product and scale of operations. For example and not limitation, manufacturing of CBD infused chemical products would be considered Chemical Manufacturing, hemp cloth manufacturing would be classified as textile products and Manufacturing of CBD infused food and beverage products, once allowed under state law, would be included under Food and Beverage products.

(i) **Location.** Industrial hemp processing is only allowed in the Agriculture (AG), Rural Lands (RL), Commercial Service (CS), Residential Rural (RR), and Industrial (IND) land use categories.

(ii) **Nuisance Odors.** All Industrial hemp processing facilities shall be sited and/or operated in a manner that prevents hemp nuisance odors from being detected offsite. An odor management plan shall be submitted with the use permit application that demonstrates how nuisance odor will be controlled to be undetectable offsite.

(iii) **Design standards.** In the Agriculture and Rural Lands land use categories, all new structures associated with onsite Industrial hemp processing shall have an exterior design style that is agricultural or residential in nature. Structures shall not use an exterior design style typically associated with large industrial facilities.

Section 23.08.040 – Agricultural Uses – Specialized (S-3) is hereby amended to read as follows (for the sections listed below only; sections not listed are not amended by this section):

**23.08.040 - Agricultural Uses - Specialized (S-3).** Specialized agricultural uses which are identified as allowable S-3 uses (see Table O, Part I of the Land Use Element), are subject to the provisions of the following sections:

- 23.08.041 Agricultural Accessory Structures
- 23.08.042 Agricultural Processing Uses
- 23.08.045 Aquaculture
- 23.08.046 Animal Raising and Keeping
- 23.08.047 Industrial Hemp Cultivation
- 23.08.048 Farm Equipment and Supplies
- 23.08.050 Interim Agricultural Uses (S-18)

- 23.08.052 Specialized Animal Facilities
- 23.08.054 Nursery Specialties
- 23.08.056 Roadside Stands

Section 23.08.047 – Industrial hemp cultivation is hereby added to Title 23 to read as follows:

**23.08.047 - Industrial hemp cultivation**

**a. Limitation on use.**

- (1) Industrial hemp cultivation (indoor and outdoor) may be allowed in the Agriculture (AG) and Rural Lands (RL)
- (2) Industrial hemp cultivation in Residential Rural (RR) land use categories is limited to indoor cultivation of industrial hemp transplants.
- (3) Outdoor industrial hemp cultivation is limited to sites of four-hundred (400) acres or larger. Indoor industrial hemp cultivation is limited to sites of five (5) acres or larger.
- (4) Outdoor industrial hemp cultivation in the Residential Rural (RR) land use category is prohibited.

**b. Permit Requirements.** No permit required.

**c. Cultivation Standards**

**(1) Location Standards.** The location standards in this Section shall be measured from the location of the proposed outdoor or indoor hemp cultivation to the nearest point of the existing sensitive use or area boundary. A new adjacent use does not affect the continuation of an existing use that was legally established under the standards of this Section.

**(i) Outdoor Industrial Hemp.** Outdoor industrial hemp cultivation shall not be located within two-thousand (2,000) feet from adjacent property lines and one-mile from Urban Reserve Lines (URL) and Village Reserve Lines (VRL). For any properties adjoining parcels located within the jurisdiction of another agency and the agency allows industrial hemp cultivation, the setback shall be the lesser of the setback set forth above or the setback required by the other agency. For any properties adjoining parcels located within the jurisdiction of another agency and the agency does not allow industrial hemp cultivation, the setback set forth above shall control.

(ii) **Indoor Industrial Hemp.** Indoor industrial hemp cultivation shall be within a fully enclosed permitted building or greenhouse that has been setback as set forth in Section 22.30.060. In addition, indoor hemp cultivation shall be setback 100 feet from any existing offsite residences of separate ownership.

(iii) All industrial hemp cultivation shall be setback at least 50 feet from the upland extent of riparian vegetation of any watercourse, and 100 feet from any wetland.

(2) **Nuisance Odors.** All structures utilized for indoor hemp cultivation shall be equipped and/or maintained with sufficient ventilation controls (e.g. carbon scrubbers) to eliminate nuisance odor emissions from being detected offsite.

(3) **State Industrial Hemp Registration.** Applicants must satisfy the registration requirements specified in the California Food & Agricultural Code. Applicants must submit those registration materials to the Agricultural Commissioner in accordance with state laws and regulation. The registration materials must be accompanied by all required fees.

(4) Industrial hemp cultivation is prohibited in hoop houses.

**d. Enforcement.** The remedies provided by this Subsection are cumulative and in addition to any other remedies available at law or in equity.

(1) **Inspection.** All industrial hemp operations in the unincorporated territory of San Luis Obispo County are subject to review and inspection, including crop and/or product testing by agents of the County of San Luis Obispo Sheriff's Department, Code Enforcement, and Department of Agriculture / Weight and Measures.

(2) **Violations.** Any violation of County Code or state law related to industrial hemp constitutes a public nuisance and shall be subject to the enforcement procedures and provisions set forth in Section 23.08.420 et seq. and Chapter 23.10 of this Code and by any other means available by law. In the event any test of industrial hemp grown by an industrial hemp operation who holds a valid registration with the County Agricultural Commissioner's Office pursuant to Food and Agricultural Code section 81000 et seq. indicates a tetrahydrocannabinol (THC) content greater than that established under Section 81000 of the Food and Agricultural Code or Section 11018.5 of the Health and Safety Code, as they may be amended, that crop shall not constitute a violation of County Code so long as the remedial actions required or available under state law are being followed by the registrant and verified by the County Agricultural

Commissioner's Office in compliance with state law, and the operation otherwise complies with the standards of this Section.

Chapter 23.10.150 – Nuisance Abatement of the San Luis Obispo County Code is amended to read as follows (for the sections listed below only; sections not listed are not amended by this section):

**g. Cannabis Activity and Industrial Hemp Related Violations.** Pursuant to Government Code sections 25845, subdivision (i) and 27721, the duties and powers of the Board of Supervisors under Section 23.10.150 are hereby delegated to the Office of County Cannabis Hearing Officer, established under Sections 22.40.130.C and 23.08.432.c, for all violations of Titles 6, 8, 19 or 23 of this Code which relate to or arise from a cannabis or industrial hemp activity in the County's discretion, whether or not such cannabis or industrial hemp activity is ongoing, dormant or abandoned. Such duties and powers include conducting abatement hearings and determination of post-abatement costs and assessments. For violations which relate to or arise from a cannabis or industrial hemp activity, the Code Enforcement Officer is not required to first pursue the procedures of Section 23.10.105 or send a Notice of Nuisance under Section 23.10.150.c, and instead, upon a determination that a nuisance exists, may proceed immediately with a Notice of Nuisance Abatement under Section 23.10.150.d, with a notice to appear before the Cannabis Hearing Officer at a stated time and place not less than 5 days after service of the notice, to show cause why stated conditions should not be found to be a nuisance, and why the nuisance should not be abated by the County. The foregoing notice may be consolidated with a notice of nuisance abatement under Section 23.08.432.b, and with a notice of violation and/or notice of fine under Sections 1.05.030 and 1.05.050. Notwithstanding Section 23.10.150.e.2.i, the Cannabis Hearing Officer may order that the owner or other affected person abate the nuisance within two (2) calendar days of the date of service of the decision of the Cannabis Hearing Officer, and, in the event the abatement is not completed, the Code Enforcement Officer is empowered and authorized to enter upon the property and abate the nuisance. Nuisances subject to abatement under this subsection include, but are not limited to: wood or chain link fences with tarp, plywood or similar screening; storage structures; raised or ground-level plant beds and pots; above ground water storage tanks or pools; hoop structures, greenhouses and frames, irrigation lines; generators; small and large machinery; manufacturing and processing equipment or implements; artificial lighting; pesticides; fertilizers; trash or refuse; and, tents, RVs or other unpermitted structures used for living quarters.
