for which the operator may charge the Fractional Interest owner a reasonable fee.

- f) The operator shall market the rental of available units in the Fractional Ownership Hotel to the general public and shall have a right to charge each Fractional Interest owner a reasonable fee for such marketing.
- g) Subject to the requirements of the California Business and Professions Code pertaining to management agreements for Timeshare plans, including, without limitation, restrictions on the term of such management agreements, the operator shall manage all units in a Fractional Ownership Hotel, which management will include the booking of reservations, mandatory front desk check-in and check-out, maintenance, cleaning services and preparing units for use by guests/owners, a service for which the hotel operator may charge the unit owner a reasonable fee.

No Fractional Interest owner or such owner's rental agent may withhold units which have not been reserved by the owner or such owner's permitted users or an Exchange User sixty (60) days or less prior to the commencement of an occupancy period from rental to the public. Nothing in the preceding sentence shall mean that an owner of a Fractional Interest, or such owner's permitted users or an Exchange User, may not elect to reserve a unit in a Fractional Ownership Hotel at any time after the commencement of such sixty (60) day period, provided that the operator or the owner's rental agent has not then rented the unit to a member of the general public. In all circumstances, the

Fractional Ownership Hotel operator shall have full access to the guestroom/unit's reservation and booking schedule so that the operator can fulfill its booking and management obligations hereunder.

- i) All guestrooms/unit keys shall be electronic and created by the operator upon each new occupancy to control the use of the individually owned Fractional Ownership Hotel units.
- j) All individually owned Fractional Ownership Hotel units shall be rented at a rate similar to that charged for traditional hotel rooms of a similar class or amenity level in the California coastal zone.
- k) Each individually owned Fractional Interest shall be used by its owner(s) or their guests to occupy a unit in a Fractional Ownership Hotel for not more than 90 days per calendar year with a maximum of 29 consecutive days of

use during any 60 day period.

- l) The use period limitations identified in Section 6(k) above, shall be unaffected by multiple owners of a Fractional Interest or the sale of a Fractional Interest to a new owner during the calendar year, meaning that all such owners of any given Fractional Interest shall be collectively subject to the use restriction in this Section 6 as if they were a single, continuous owner. No portion of a Fractional Ownership Hotel may be converted to a full-time occupancy condominium or to any other type of a Limited Use Overnight Visitor Accommodation other than as provided for in Section 6(b) above.
- m) Prior to issuance of a building permit and in conjunction with approval of a coastal development permit for the Limited Use Overnight Visitor Accommodation of which the Fractional Ownership Hotel is a part, the landowner(s) of the property(ies) within the Downtown "D" District upon which the associated Traditional Hotel is developed shall execute and record a deed restriction(s), subject to the review and approval of the City Planner after delivery to the Executive Director of the Coastal Commission for review and comment, which prohibits the conversion of those traditional hotel guestrooms/units to any other type of ownership, except as permitted in Section 6(b) above. The deed restriction shall be submitted for review and approval of the City Planner after delivery to the Executive Director of the Coastal Commission for review and comment, prior to issuance of the coastal development permit. The deed restriction shall run with the land, shall be executed and consented to by any existing lessee(s) of the affected property(ies), through recordation of a lease restriction, and shall be binding on the landowner(s) and lessee(s), and on all successors and assigns of the landowner(s) and lessee(s), including without limitation any future lien holders. This deed restriction(s) shall not be removed or changed without approval of an amendment to the underlying coastal development permit and approval of an amendment to the LCP by the Coastal Commission. However minor changes that do not conflict with Sections 6(a) through (l) above may be processed as an amendment to the coastal development permit, unless it is determined by the City Planner, after delivery to the Executive Director of the Coastal Commission for review and comment, that such an amendment is not legally required.
- n) The hotel owner/operator shall be required to submit, prior to issuance of a coastal development permit, for the review and approval of the City Planner and review and comment by the Executive Director of the Coastal Commission, a Declaration of Restrictions or CC&Rs (Covenants, Conditions & Restrictions) which shall include:

1. All the specific restrictions listed in Sections 6(b) through (l) above;
  2. Acknowledgement that these same restrictions are independently imposed as condition requirements of the coastal development permit;
  3. A statement that provisions of the CC&Rs (Declaration of Restrictions) that reflect the requirements of Sections 6(b) through (l) above cannot be changed without approval of an LCP amendment by the Coastal Commission and subsequent coastal development permit amendment. However, minor changes that do not conflict with Sections (b) through (l) above may be processed as an amendment to the coastal development permit, unless it is determined by the City Planner, after delivery to the Executive Director of the Coastal Commission for review and comment, that an amendment is not legally required. If there is a section of the CC&Rs (Declaration of Restrictions) related to amendments, and the statement provided pursuant to this paragraph is not in that section, then the section on amendments shall cross-reference this statement and clearly indicate that it controls over any contradictory statements in the section of the CC&Rs on amendments.
- o) The CC&Rs (Declaration of Restrictions) described above shall be recorded against all individual property titles simultaneously with the recordation of the subdivision map for the Fractional Ownership Hotel.
- p) The provisions of the CC&Rs (Declaration of Restrictions) described above shall not be changed without approval of an amendment to the LCP by the Coastal Commission. However, minor changes that do not conflict with Sections 6(b) through (l) above may be processed as an amendment to the coastal development permit, unless it is determined by the City Planner, after delivery to the Executive Director of the Coastal Commission for review and comment, that an amendment is not legally required.
- q) The Fractional Ownership Hotel owner/operator or any successor-in-interest shall be responsible for ensuring that through no act or omission will it assist, enable, or in any other manner facilitate any other party subject to these restrictions in violating any of these terms and conditions. Each owner of an individual guestroom/unit is severally liable for any and all violations of the terms and conditions imposed by the special conditions of the coastal development permit with respect to the use of that owner's Fractional Interest. Violations of the coastal development permit can result in penalties pursuant to Public Resources Code Section 30820.

including marketing materials, sales contracts, deeds, CC&Rs and similar documents, shall notify buyers of the following:

1. Each owner of a Fractional Interest is severally liable for any violations of the terms and conditions of the coastal development permit with respect to the use of that owner's Fractional Interest;
  2. The occupancy of a Fractional Ownership Hotel unit by the owner of a Fractional Interest is restricted to 90 days per calendar year with a maximum of 29 consecutive days of use during any 60 day period, and when not reserved or in use by the owner, the owner's permitted user or an Exchange User, the owner's time shall be made available for rental by the operator and by the owner's own rental agent to the general public sixty (60) days in advance of an occupancy period pursuant to the terms of the coastal development permit and that the coastal development permit contains additional restrictions on use and occupancy; and
  3. Each owner of a Fractional Interest who does not retain the operator as his or her exclusive rental agent is obligated by the governing documents of the Fractional Ownership Hotel to truthfully report to the operator (and to certify each such report) each effort, if any, he or she has made to rent his or her unit to a member of the public, and the terms and conditions of any such offer, and the terms and conditions of each rental offer which has been accepted by a member of the public.

- t) The operator and any successor-in-interest to the operator shall monitor and record the occupancy and use of the Fractional Ownership Hotel by the general public and the owners of individual Fractional Interests throughout each year. The monitoring and record keeping shall include specific accounting of all owner usage of each individual guestroom/unit in the Fractional Ownership Hotel. The records shall be sufficient to demonstrate compliance with the restrictions set forth in Sections 6(a) through (l) above. The owner/operator shall also maintain documentation of rates paid
-

for hotel occupancy and of marketing efforts by the operator, and by the rental agents of owners other than the operator. All such records shall be maintained for ten years and shall be made available to the City Planner and the Executive Director of the Coastal Commission upon request and to any auditor required by Section 6(u) below. Within 30 days of commencing hotel operations, the operator of the Fractional Ownership Hotel shall submit notice to the City Planner and to the Executive Director of the Coastal Commission of commencement of hotel operations.

- u) Within 120 days of the end of the first calendar year of hotel operations, the Fractional Ownership Hotel operator shall retain an independent auditing company, approved by the City Planner, to perform an audit to evaluate compliance with the special conditions of the coastal development permit which are required by this Section regarding occupancy restrictions, notice, recordkeeping, and monitoring of the hotel owner/operator. The hotel owner/operator shall instruct the auditor to prepare a report identifying the auditor's findings, conclusions and the evidence relied upon, and such report shall be submitted to the City Planner, for review and approval, and shall be available to the Executive Director of the Coastal Commission upon request, within six months after the conclusion of the first year of hotel operations. Within 120 days of the end of each succeeding calendar year, the hotel operator shall submit a

report to the City Planner and the Executive Director of the Coastal Commission, regarding compliance with the special conditions of the coastal development permit which are required by this Section regarding occupancy restrictions, notice, recordkeeping, and monitoring of the Fractional Ownership Hotel. The audit required after one year of operations and all subsequent reports shall evaluate compliance by the Fractional Ownership Hotel operator and owners of individual Fractional Interests during the prior one-year period. After the initial five calendar years, the one-year reporting period may be extended to two years upon written approval of the City Planner. The City Planner may grant such approval if each of the previous reports revealed compliance with all restrictions imposed above. The City Planner or the Executive Director of the Coastal Commission may, by written notice to the operator, require a third party audit regarding the subject matter of the reports required in this section for the prior three (3) or fewer calendar years if he or she reasonably believes that the foregoing submitted reports are materially inaccurate. The governing documents for the Fractional Ownership Hotel shall require the operator and each owner of a Fractional Interest to fully cooperate with and to promptly produce any existing documents and records which the auditor may reasonably request. The expense of any such audit shall be payable by the owner's association for the Fractional Ownership Hotel.

v) The Fractional Ownership Hotel owner/operator and any successor-in-interest, shall be responsible for complying with the terms and conditions stated above at all times in perpetuity and shall be liable for violating these terms and conditions. If the Fractional Ownership Hotel owner and the Fractional Ownership operator at any point become separate entities, the Fractional Ownership Hotel owner and the Fractional Ownership Hotel operator shall each be severally responsible for complying with the requirements identified above. If the Fractional Ownership Hotel owner and Fractional Ownership Hotel operator become separate entities, they shall be severally liable for violations of the terms and conditions (restrictions) identified above.

w) Prior to the issuance of a coastal development permit for a Fractional Ownership Hotel, an applicant shall submit a plan for approval specifying how the requirements outlined in Article 4(a) Section 450 "T" of the Zoning Ordinance will be implemented. The plan must include, at a minimum, the form of the sale, deed and CC&Rs (Declaration of Restrictions) that will be used to satisfy the requirements and the form of the rental program agreement that will be offered to the Fractional Interest owners by the Fractional Ownership Hotel operator. The plan must

demonstrate that the applicant will establish mechanisms that provide the Fractional Ownership Hotel operator and any successor-in-interest Fractional Ownership Hotel operator adequate legal authority to implement the requirements of Article 4(a) Section 450 "T" of the Zoning Ordinance above. An acceptable plan meeting these requirements shall be incorporated into the special conditions of approval of any coastal development permit for a Fractional Ownership Hotel. Any proposed changes to the approved plan and subsequent documents pertaining to compliance with and enforcement of the terms and conditions required by Article 4(a) Section 450 "T" of the Zoning Ordinance and this section including deed restrictions and CC&Rs (Declaration of Restrictions) shall not occur without an amendment to the coastal development permit, unless it is determined by the City Planner, after delivery to the Executive Director of the Coastal Commission for review and comment, that an amendment is not legally required.

7. Protection of Existing Overnight Visitor Accommodations - Any overnight visitor accommodations for which a Certificate of Occupancy has been issued prior to or on the effective date of adoption of this section shall not be converted to a Limited Use Overnight Visitor Accommodation. Demolition of existing lower cost overnight visitor accommodations shall be discouraged. If demolition of existing lower cost units is authorized, mitigation shall be provided as specified below:

a) Monitoring of Lower Cost Units in the Coastal Zone

The City shall monitor a LUP requirement to insure that a minimum of 400 lower cost units shall be maintained in the Coastal Zone by reporting the status of the current number of lower cost units within the Coastal Zone within all staff reports containing visitor serving accommodations. This information shall be forwarded to the Coastal Commission prior to the issuance of the Coastal Permit.

b) Assistance to Existing Lower Cost units in the Coastal Zone

At such time as the inventory of lower cost units would be at 405, the City would pursue outreach to the existing property owners in an attempt to assure their short and long term survival. Resources that can be brought to bear to assist them could include the City's Façade Enhancement Program, in which matching funds can be made available for painting, awnings, signage and landscaping.

c) Restrictions to Protect Lower Cost Units in the Coastal Zone

Any project that is required to provide lower cost units shall be required to record a deed restriction against the property that requires the protection of the lower cost units, such that the demolition and re-build of lower cost units would not result in the total number of lower cost units to be less than a total of 400 units in the Coastal Zone.

d) When referring to overnight accommodations, lower cost shall be defined by a certain percentage of the statewide average room rate as calculated by the Smith Travel Research website ([www.visitcalifornia.com](http://www.visitcalifornia.com)). A suitable methodology would base the percentage on market conditions in San Diego County for the months of July and August and include the average cost of motels/hotels within 5 miles of the coast that charge less than the Statewide average or 82%. High cost would be room rates that are 20% higher than the Statewide average, and moderate cost room rates would be between high and low cost. The range of affordability of new and/or replacement hotel/motel development shall be determined as part of the coastal development permit process and monitored as part of the City's inventory of visitor overnight accommodations.

**1230 Development Regulations**

The following schedule prescribes development regulations and standards for the D District. Where literal interpretation and enforcement of the development regulations and standards result in undue hardship, practical difficulties or consequences inconsistent with the purposes of these regulations and the Redevelopment Plan, the Community Development Commission may grant a variation. A variation shall not be granted which will allow any increase in the maximum height set forth in Additional Development Regulations subsection (N). The Community Development Commission may approve an application for a variation as it was applied for or in modified form as required by the Community Development Commission if, on the basis of the application, plans, materials, and testimony submitted, the Community Development Commission finds:

1. The application of certain regulations and/or standards would result in practical difficulties or unnecessary hardships inconsistent with the general purpose and intent of the Redevelopment Plan.
2. There are exceptional circumstances or conditions applicable to the property or to the intended development of the property that do not apply generally to other properties having the same requirements, limits, restrictions, and controls.
3. Permitting a variation will not be materially detrimental to the public welfare or injurious to property or improvements in the area.
4. Permitting a variation will not be contrary to the objectives of the Redevelopment Plan.

In permitting any such variation the Community Development Commission shall impose such conditions as are necessary to protect the public health, safety, or welfare, and to assure compliance with the purposes of the Redevelopment Plan.

**1231 Transit Oriented Development**

The area within ½ mile from the property boundaries of the Oceanside Transit Center is designated a Transit Overlay District (TOD). The location, design, configuration, and mix of uses in the TOD is intended to provides an alternative to traditional development by emphasizing a pedestrian-oriented environment and reinforcing the use of public transportation. The TOD's mixed-use clustering of land uses within a pedestrian-friendly area connected to transit, provides for growth with minimum environmental costs.

The Downtown's underlying land use designations and proximity to the Oceanside Transit Center provide a unique opportunity to create a pedestrian-oriented environment. The establishment of such an area is to encourage a mix of commercial retail, professional office and residential uses which will encourage an efficient pattern of development that supports alternative modes of travel.

Mixed-use projects within the TOD require a Mixed-Use Development Plan. TODs represent a land use strategy, which seeks to strike a balance between resolving today's critical transportation issues and allowing freedom of movement and choice of travel mode. Although focused on reinforcing transit, the mixed-use and walkable neighborhoods

**CITY OF OCEANSIDE COMPREHENSIVE ZONING ORDINANCE**

developed should equally support carpools, bus, biking, walking, and more efficient auto use.

Quality of design will be evaluated upon the basis of the projects ability to incorporate specific amenities that encourage alternate travel modes (i.e. bike lockers/racks. employee locker rooms/showers, preferred car/van pool parking). Parking reductions will be considered for those mixed-use projects which can demonstrate a varied peak parking demand for each use by time of day and/or day of the week (see Section (W) 4 and 5.

**D District:  
Additional Development Regulations**

---

- (A) The provisions of Section 3013: Development on Substandard Lots shall apply except that in the D District mergers of lots under common ownership shall not be required for purposes of compliance with this ordinance.
- (B) See Section 3014: Uncertainty of Boundaries.
- (C) The maximum density for residential development within Subdistrict 5A is one dwelling unit per 1,500 square feet of site area.

## CITY OF OCEANSIDE COMPREHENSIVE ZONING ORDINANCE

- 
- (D) 1. Residential stand-alone and mixed-use development projects shall comply with the City's inclusionary housing regulations, as outlined in Chapter 14C of the Oceanside Municipal Code.
2. Residential stand-alone projects may achieve a density of 29 to 43 units per acre. The base density of 29 units per acre shall be considered the appropriate density for development within each residential land use designation. The base density may be increased from 29 units per acre to 33 units per acre if an underground parking structure(s) situated 50% or more below grade is/are used in a residential project to provide all of the required parking. There is no density limit for residential mixed use developments.
3. Residential projects located within Subdistrict 8B may request a waiver, through the conditional use permit process, to the requirement that all required parking be contained in an underground parking structure. Such projects within Subdistrict 8B may achieve density up to 43 dwelling units per acre provided the project(s) exhibit excellence in design as described in Section 5 below. Residential projects with density below the base densities shall be considered to be consistent with the land use designation.
4. Residential stand-alone projects that exhibit excellence in design and provide 75% of the required parking within an underground parking structure(s) situated 50% or more below finish grade, may be able to achieve a density up to 43 units per acre, upon approval of a Conditional Use Permit.
- (a) Residential projects on lots 5,000 square feet or smaller may achieve densities above 29 units per acre without providing an underground parking structure, upon approval of a Conditional Use Permit.
- (b) Projects located on The Strand may achieve densities above 29 units per acre without providing an underground parking structure upon approval of a Conditional Use Permit.
- 5.4. Residential stand-alone and mixed-use development proposal(s) that feature design characteristics which positively contribute to the aesthetic value and functionality of the surrounding area will be favorably considered in evaluating the project. Such characteristics include, but are not limited to the following:
- a High quality architectural design and materials that mitigate the potentially adverse impacts of higher density and greater building height.
- b High quality landscape/hardscape design and materials that soften the appearance of associated buildings and contribute to an attractive and pedestrian-friendly streetscape.
- c Functional and appealing common open space areas.

## CITY OF OCEANSIDE COMPREHENSIVE ZONING ORDINANCE

- d Consolidation of existing legal lots to provide unified site design.
  - e Initiation of residential development in appropriate commercial zones.
  - f Participation in the City's Conservation, Public Safety and/ or Historic Preservation programs.
  - g Innovative design and/or construction methods, which further the goals of the General Plan.
6. Property Development Regulations for Residential and Nonresidential uses shall serve as guidelines for mixed-use development proposals. Maximum density limits and floor-area ratio regulations are not applicable to the residential component of a mixed use development. Deviations from development standards shall be evaluated and may be granted in accordance with additional regulation 1232 (KK) and 1232 D.5.
- (E) Lots within Subdistricts 5 and 9, which do not front upon North Coast Highway may be subdivided upon the approval of the Community Development Commission (pursuant to the Subdivision Map Act and the Subdivision Ordinance), provided that each lot thus created is 2,500-square-feet or more in area and 25 feet or more in width, and has vehicular access to a public or private alley. Lots which front North Coast Highway are not permitted for residential rowhome development.
- One dwelling unit may be located on each subdivided lot provided that each lot meets the yard, density and occupancy requirements of a standard lot with the following exceptions:
- 1. Vehicular access to enclosed garages shall be provided from the public or private alley.
  - 2. Courts shall be provided opposite one interior property line which shall be a minimum depth of 8 feet from a window of a habitable room and a minimum width of 16 feet and shall be open to the sky, except for balconies 3 ft. in width and less, provided that eaves may project 2 feet into a court.
- (F) The floor area ratio for sites 30,000 square feet up to 175,000 of gross site area shall not exceed 3.0. The floor area ratio for sites greater than 175,000 square feet of gross site area shall not exceed 4.0. The floor area ratio may be distributed over the gross area of the entire site and shall not be applied to any portion of a structure not intended for human occupancy (e.g. storage and equipment rooms, utility closets etc.) and/or parking garages. Mixed-use development proposals shall not be subject to maximum density restrictions.
- (G) The provisions of Section 3015: Building Projections into Required Yards and Courts apply except that in the D District, covered porches and stairs may project only 3 feet into the front or rear yard and 2 feet into the side yard.

## CITY OF OCEANSIDE COMPREHENSIVE ZONING ORDINANCE

- (H) Along Mission Avenue and North Coast Highway, setbacks shall be as follows:
1. Lots fronting Mission Avenue: 50 feet from street centerline;
  2. Lots fronting North Coast Highway Street: 45 feet from street centerline.
  3. Front yard setbacks on commercial projects within Subdistrict 1, 1A and 2 alternate setbacks are allowed upon Community Development Commission approval.
- (I) A 5-foot side or rear yard setback shall be provided along all alleys. A 10-foot side or rear yard shall adjoin any residential area, and structures shall not intercept a 1:1 or 45-degree daylight plane inclined inward from a height of 12 feet above existing grade at the R district boundary line.
- (1) Projects located on The Strand shall be allowed to encroach into the side yard setback, as long as a minimum 3-foot setback is maintained, with Community Development Commission approval.
- (J) The corner side yard setback may be reduced to 5 feet provided that the landscaping or structures within the setback does not exceed a height of 30 inches and conforms to sight distance requirements on a case by case basis upon approval by the Community Development Commission.
- (K) Parking structures shall not encroach upon setback areas unless it is entirely underground.
- (L) Proposals for front yard, side yard or rear yard setbacks will be judged on the merits of each individual proposal and the architectural compatibility of all proposed structures with existing or proposed structures on adjoining parcels. Functional site layout with special attention to design of recreational, parking and landscaped areas may produce an acceptable proposal with minimum or no setbacks. However, all projects seaward of or fronting on Pacific Street shall retain a minimum 5-foot front yard setback. Owners of abutting property shall be provided written notice of proposals for no setback on side and rear yards at least 10 days prior to Community Development Commission approval.

Buildings along The Strand shall be designed so that when viewed from the beach, the visual impact of the bulk of the structure is minimized to the maximum extent possible.

The Community Development Commission shall approve or conditionally approve such proposals upon finding that:

1. Allowing reduced or no setbacks is compatible with surrounding development;
2. Granting reduced setbacks or eliminating setbacks entirely will enhance the potential for superior urban design in comparison with development, which complies with the setback requirements;

## CITY OF OCEANSIDE COMPREHENSIVE ZONING ORDINANCE

3. The granting of reduced or no setbacks is justified by compensating benefits of the project plan; and
4. The plan containing reduced or no setbacks includes adequate provisions for utilities, services, and emergency-vehicle access; and public service demands will not exceed the capacity of existing and planned systems.

Permitted uses within the 100 year floodplain shall be limited to open space, passive recreational uses, public parks, limited horticulture, floriculture, uses permitted within sensitive habitat areas pursuant to the City's certified "Standards for the Identification and Protection of Sensitive Habitats" and private commercial recreational uses. Provided soil placement does not exceed a maximum level of 3 feet existing grade and that such placement does not adversely impact the floodplain hydrology of the San Luis Rey River as defined and evaluated by the Army Corps of Engineers, the following development may be permitted in the 100 year flood-plain:

Bicycle and pedestrian paths, landscape, fencing, hardscape, waterscape, pools, tennis courts, putting greens, volleyball courts, basketball courts, driving range, shuffle board courts, horse shoes, lawn bowling, gazebos and arbors.

Within the first 50 feet of the required 100 foot wetland buffer zone only transitional upland non-invasive vegetation shall be permitted. Within the second 50 feet of said buffer zone only landscape, hardscape, fencing and pathways for bicycles/pedestrians may be permitted.

All floodplain development shall be capable of withstanding periodic flooding without the construction of flood-protective work. Existing environmentally sensitive habitat area will not be adversely affected. There will be no increase in the peak runoff rate from the developed site as compared to the discharge that would be expected once every ten (10) years during a six (6) hour period. There will be no significant adverse water quality impacts and no downstream bank erosion or sedimentation may result from site improvements. All development shall be reviewed for conformance with the policies and standards of the certified San Luis Rey River Specific Plan.

- (M) Height is to be measured from the existing grade, unless otherwise specified.
- a) Existing Grade: The surface of the ground or pavement at a stated location as it exists prior to disturbance in preparation for a project as regulated by Section 1240.
  - b) Street Grade: The top of the curb, or the top of the edge of the pavement or traveled way where no curb exists.
- (N) 1. Additional limitations on heights shall apply as follows:
- (a) The Strand: No building shall exceed the present elevation of Pacific Street as defined at the time of passage of Proposition A, passed on April 13, 1982, and set forth in the Proposition A Strand Survey dated May 9, 1986.

- iv The use of a full roof, not flat, with appropriate pitch, shall be used whenever possible. (A full roof aids in the reducing any environmental noise pollution by providing proper sound attenuation.)
- v In no case shall a building elevation exceed 45 feet in height unless developed under the auspices of a Disposition and Development Agreement, Owner Participation Agreement, Development Agreement or Conditional Use Permit (CUP). In such case, each such Agreement or CUP shall require a site plan and design criteria approval by the CDC.

sites. The purpose and intent of mixed-use development regulations is to allow increased density and flexibility, while maintaining ground floor pedestrian orientation, connectivity and activation through design rather than use.

A Mixed-Use Development Plan shall be required for any mixed-use development combining multiple nonresidential land uses or nonresidential and residential land uses on a project site, to set forth site specific property development regulations. Article 12, Section 1232 - Property Development Regulations for Residential and Nonresidential uses - shall serve as a general guide for mixed-use development standards. Project deviations from development standards shall be established, evaluated and may be granted in accordance with this subsection (KK) and 1232 D.5., based upon the merit of the mixed-use development plan. ### Purpose:

The Mixed-Use Development Plan is intended to provide flexibility in land use regulations and site development standards under control of the Community Development Commission where flexibility will enhance the potential for superior urban design.

### Initiation:

A mixed-use development may be initiated by filing an application for a Mixed Use Development Plan that complies with the requirements of this subsection (KK).

### Required plans and materials:

A Mixed-Use Development Plan consisting of a map and textual materials as may be necessary to delineate land uses and locations, existing and projected building types and schematic designs, height and FAR including any proposals for transfer of FAR, site development requirements, existing and proposed open space, circulation, on-site and off-site parking, and any other pertinent information.
2. A comparison between underlying district regulations and standards and any proposed modifications to these regulations and standards, together with resulting impacts on traffic-carrying capacity of affected streets.
3. A statement of the reasons for any requested modifications to regulations or standards and a description of proposed means of mitigating any adverse effects.

### Adoption of Mixed-Use Development Plans:

## CITY OF OCEANSIDE COMPREHENSIVE ZONING ORDINANCE

---

Following the hearing, the Commission may approve the Development Plan with conditions if it implements the purpose of the Mixed-Use Plan. The following findings shall be made by the Community Development Commission:

1. That the total number of dwelling units in the Downtown District shall not exceed 5,500 (or any future limit established by the City's General Plan).
  2. That the Mixed-Use Development Plan will enhance the potential for superior urban design in comparison with development under the regulations that exist if the Development Plan were not approved;
  3. That the Mixed-Use Development Plan is consistent with the adopted Land Use Element of the Redevelopment Plan and other applicable policies, and that it is compatible with development in the area it will directly affect;
  4. That the Mixed-Use Development Plan includes adequate provisions for utilities, services, and emergency access, and public service demands will not exceed the capacity of existing systems;
  5. That the traffic expected to be generated by development in accord with the Mixed-Use Development Plan will not exceed the capacity of affected streets; and
  6. That the Mixed-Use Development Plan will not significantly increase shading of adjacent land in comparison with shading from development under regulations that would exist if the Mixed-Use Development Plan were not approved.
  7. That the benefits derived from the Mixed-Use Development Plan include but are not limited to traffic capture and pedestrian activity, by way of "active" street frontages and provision of flexible nonresidential use spaces at street level, where appropriate.
- (LL) Craft breweries and wineries shall only be allowed on those properties in Subdistrict 9 that front upon Coast Highway.

Such alterations shall be considered to be major alterations and require development plan review. The Community Development Commission shall approve, conditionally approve, or disapprove development plans for all projects within the designated Downtown District.

Development plans for projects in Subdistrict 1A or in an HD Historic Overlay District shall be reviewed by the Historical Preservation Advisory Commission (OHPAC). The proposed demolition of a designated historical site shall also be reviewed by OHPAC and approved, conditionally approved, or denied by the Community Development Commission.

The Community Development Commission's, or the Harbor Board of Director's, consideration of discretionary actions shall be through a noticed public hearing if the action requested requires such a public hearing. Where a noticed public hearing is required, the Community Development Commission's review of the discretionary action shall also be through a public hearing. All decisions made by the Community Development Commission and Harbor Board of Directors shall be final.
