Th13e

ADDENDUM 2

March 10, 2021

TO: Coastal Commissioners and Interested Parties

FROM: South Coast District Staff

SUBJECT: **ADDENDUM 2 TO ITEM Th13e, Application No. 5-20-0197 (Los Angeles Department of Water and Power) for the Commission meeting of March 11, 2021.**

I. Changes to Staff Report

This addendum modifies the staff report dated February 26, 2021 adding the following special condition on page 10:

6. Final Plans

- a. PRIOR TO ISSUANCE OF THE COASTAL DEVELOPEMNT PERMIT, the applicant shall submit, for the review and approval of the Executive Director, two full-size sets of final plans. The final plans shall clearly depict the entire project area to scale and, at a minimum, include the following: the exact location and measurement of area of all existing poles to be removed; the exact location and measurement of area of the proposed new poles; the exact location, length, width, and area of the proposed temporary access paths (the proposed temporary access paths shall be no more than three feet wide); and the exact location and area of all areas proposed to be disturbed by this coastal development permit application (the aggregate of the disturbed areas shall not be more than the proposed 1.41 acres).
- b. The permittee shall undertake development in conformance with the approved final plans unless the Commission amends this permit or the Executive Director determines that no amendment is legally required for any proposed minor deviations.
