Subject: **Request to Waive Time Limit for City of San Diego LCP Amendment No. LCP-6-SAN-21-0031-1 (2020 Code Update) for the Commission Meeting of May 12-14, 2021**

---

On March 3, 2021, the City of San Diego Local Coastal Program (LCP) Amendment No. LCP-6-SAN-21-0031-1 (2020 Code Update) was filed in the San Diego District office. The amendment involves the City's annual Land Development Code (LDC) update to clarify development regulations, adapt the code to reflect current planning efforts and standardize the code framework. The proposed amendment will only affect the certified LDC, which serves in large part as the City's certified implementation plan.

Pursuant to Section 30513 of the Coastal Act, the Commission must act on implementation plan amendments within 60 working days of filing. Based on the above-cited time limits, the proposed LCP amendment must be scheduled for review by the Commission at the May 2021 meeting. However, Section 30517 of the Coastal Act and Section 13535(c) of the California Code of Regulations state that the Commission may extend for good cause any applicable time limits for a period not to exceed one year.

Commission staff is requesting the time extension due to insufficient staff time to adequately review the amendment and prepare a recommendation. In addition to this request, the City of San Diego has ten other pending LCP amendments involving the Mission Valley Rezone, Fiesta Island Master Plan, the Morena Corridor Specific Plan, a cannabis outlet/production facility amendment, Complete Communities/Housing Solutions/Mobility Choices, the Kearny Mesa CPU Implementation and four housing-related amendments. The City's Mission Valley Rezone LCPA is agendaized for Commission review and action at the May 2021 meeting, as well as two of the other pending LCP items are also on this agenda for time extensions. Given this workload volume, staffing limits and the operational constraints presented by the current public health crisis, the requested time will allow for Commission review and resolution of issues or scheduling conflicts that may arise. It is however anticipated that the amendment request will be scheduled for Commission action within the next few months. Therefore, staff recommends the Commission extend the 60-day time limit for one year.
