The purpose of this addendum is to make minor corrections to the staff report. Staff recommends the following changes be made to the above-referenced staff report. Deletions shall be marked by ~~strikethrough~~ and additions shall be underlined:

1. On page 2, edit the first sentence as follows:

The proposed development consists of repair, maintenance, and augmentation of an existing, permitted, ~~800-foot~~ 80-foot long rock revetment located along the shoreline seaward of two residences.

2. On page 2, edit the last sentence of the first paragraph as follows:

Importation of new rock will increase the height of the revetment from its current height of ~~13-15 NGVD29~~ 15.35-15.57 ft NGVD29 to 16 ft NGVD29<sup>1</sup>.

3. On page 11, edit the last sentence of the first complete paragraph as follows:

The proposed development does not include any foundational work (i.e., no changes to the filter fabric) and will not increase the footprint of the revetment. The proposed work will augment the existing revetment by increasing the height of the revetment from ~~13-15 NGVD29~~ 15.35-15.57 ft NGVD29 currently to a proposed height of 16 ft NGVD29.

4. On page 15, edit the first sentence of the last paragraph as follows:

As documented by the applicant's engineer, the height of the revetment currently varies from about ~~13 to 15 feet NGVD29~~ 15.35 to 15.57 ft NGVD29.
