Subject: F17 S. C. Deputy Director's Report__A-62-81-A1-E1__Snapshot Partners, LLC, Venice

Attached is a submission to "Correspondence" for the May meeting agenda for **the South Coast District Deputy Director's Report**.

Commissioners,

We are writing to suggest a hearing for this item.

It is not clear whether the violations have been resolved. If not, or if that has not been determined, we are against this approval as applicants should not be allowed to extend permits that are intended to resolve violations if those violations are not resolved, even if there are other permit requests. Resolution of the violations should be required before any extension request is approved.

Also, the City permit and amendment cannot be found and we have not been able to obtain the original state CDP and amendment.

We do not understand why the applicant needs such an extraordinarily large roof deck if they cannot have a restaurant and cannot hold events.

What exactly is the intended use of the roof deck?

Lastly, what is the reason given for the extension?

Thank you.
