Dear people,

This amendment is in fact minor and as a St. Andrews Tract home owner, I support it's adoption.

Thank you,

John Sherwood

As a 53-year resident of Saint Andrews by the Sea I am eager to learn the specifics of height and setback changes proposed before the Commission.

I have been unable to do so.

They are referred to as 'minor' on the July 14, 2022 agenda. Labeled 'trivial' in the Coastal Commission letter I received but 2 days ago.

I protest those words in the absence of REAL measurements, specific dimensions. 'Minor' and 'trivial' are totally subjective words.

I request that this issue remain undetermined until the definite, actual, measurable changes proposed are so stated and widely available to interested parties.
