Dear Kate Huckelbridge,

The City of Goleta has contacted me in regards to the letter I submitted to the Coastal Commission on October 11 of this year.

I attended a face to face meeting with the City Planner for Goleta last Thursday.

I have since concluded that for the good of our general population, the preservation of our mature eucalypti should not be considered as a concern by the California Coastal Commission as it relates to the extension of 2-18-1261.

Consequently, I withdraw my expressed concerns that I presented to the Coastal Commission on October 11.

Best regards,

Michael Rieder
