Lindsey-

My comment to the Coastal Commission on item 6-22-0185-- Hyatt tents in the parking lot.

It is not fair that those tents are allowed to stay up during the summer months. The Bahia Hotel takes their tent down during the summer.

I drive by the hotel every day. I noticed all the cars parked on the street by the hotel. Those tents are using at least 25 parking spaces.

You need to come down and observe on the weekend the available parking in that area. The overflow employees and customers are using the parking on the street. I can see the parking structure along west Mission Bay Drive is full on the weekend during the summer.

You should have not allowed the tents to remain in your first vote. You are denying the local the use of the bay during the summer/.

You are not allowing 25 parking spaces on the weekend for local visitors to use that area of the bay.

Thank you for your service,
